Subject: Workspace Interiors Furniture Agreement – IDEA Hope and IDEA Victory Yr1

Proposed Board Action: For Approval

Executive Summary:

The proposed agreement with Office Depot Workspace Interiors provides for the purchase, delivery and installation of classroom furniture for IDEA Hope and IDEA Victory for the year 1 launch. The purchase includes classroom, office, cafeteria, reception, and storage furniture for a total of 4 launching schools (2 campuses) in Tampa, Florida.

IDEA Public Schools has worked with Office Depot Workspace Interiors since 2017 and has had great success. In preparation for this procurement cycle, Office Depot has integrated with the Tyler Munis e-commerce system to expedite ordering, shorten the workflow, and improve overall accuracy as well as agree to locked pricing with a set percentage for delivery and installation. Due to the business in Texas and Louisiana, IDEA Tampa leverages increased economies of scale and ensures the highest levels of customer service and on-going support.

The total cost for year 1 is $374,130. As a part of the national Omnia purchasing cooperative contract, IDEA Florida will receive a 2% rebate.
