In the event a vendor offers or provides a decrease in rates to its customers or potential customers for the same products or services provided for IDEA pursuant to its contract, the vendor must provide the same decrease in rates for IDEA. It is recommended that the vendor provide said rate decreases voluntarily. If IDEA learns of a decrease in rates from a source other than the vendor, the vendor shall credit IDEA with the difference between IDEAS' contracted rate and the decreased rate from the date of said decrease or the

vendor's contract will be subject to cancellation at the discretion of IDEA. Any charges not proposed but required to make this service viable will be considered a hidden cost and will be provided by the vendor at no additional cost to IDEA for the term of the contract.

### CN Labeled Products

Schools and other program operators are not required to offer processed products with CN Labels. However, it is important to recognize that CN Labeled products provide an assurance that foods provide the stated contributions toward CN meal pattern requirements. CN labeled products are processed under a Quality Control plan administered by USDA's Agricultural Marketing Service or Department of Commerce (USDC) National Marine Fisheries Service using guidelines provided by FNS. CN Labels are only available for items that contribute toward the meat/meat alternates component of the meal pattern.

**Product Formulation Statements/Other Documentation**

When purchasing a processed product without a CN Label, a program operator may request a signed Product Formulation Statement on manufacturers' letterhead that demonstrates how the processed product contributes to the meal pattern requirements. Program operators must maintain files on nutrient information to meet the requirements of program regulations in 7CFR 210 and 220. If there is no Nutrition Facts panel on the processed product, nutrient information must be obtained from the manufacturer.

Program operators are ultimately responsible if a menu does not fulfill meal pattern requirements; therefore they must keep records of supporting documentation. It is the program operator's responsibility to request and verify that the supporting documentation is accurate.

- 6) IDEA-CNP assumes no financial responsibility for any costs incurred by prospective vendors in developing and submitting a proposal or any amendments or addenda, participating in pre-bid conferences, interviews, participating in any negotiation sessions or discussions, or any other costs incurred by proposers prior to award of a Contract/Agreement pursuant to this RFP.

Samples needed for a proposal to be evaluated properly must be delivered within ten working days from the time the vendor is notified. Each sample must be clearly marked to show the bidder's name, address, proposal title and proposal item number for which the sample is being proposed. Proposal prices will include all freight and delivery charges.
- 9) Deliveries shall be made between 6:30 AM and 2:00 PM, at the designated IDEA-CNP campus, unless prior approval for after-hours delivery has been obtained from IDEA-CNP. Key drop deliveries are not allowed without the full approval of IDEA-CNP and such request must be identified in the Deviations and Exceptions Form "Attachment K".
- 10) Vendor shall ship ordered products within seven (7) working days for available goods and within four to six weeks for special-order items after the receipt of the purchase order unless otherwise previously agreed to, in writing, by IDEA-CNP. If a product cannot be delivered within that time frame, the vendor shall notify IDEA-CNP of the reasons why the product has not shipped and shall provide an estimated shipping date, if applicable. IDEA-CNP may cancel the order if the estimated shipping time is not acceptable to IDEA-CNP at its sole discretion. Proposal price must be submitted on cases and/or units of quantity specified and extended to show total if applicable.
- 13) Any discounts available to IDEA-CNP for early payment should be noted in the proposal. Vendor(s) may propose volume discounts or other adjustments to the price for large orders. Discounts may be considered in determining highest ranking vendor.
- 14) Any and all substitutions require prior written approval by IDEA-CNP. If applicable, the product substitution request must be accompanied with CN Label or Nutritional Analysis information, and/or other product information. IDEA-CNP reserves the right to require the Vendor to offer possible substitutes if any material or equipment becomes unobtainable during the term of the contract. Outstanding orders are not automatically amended by an approved substitution. The Vendor must contact the qualified ordering entity 72-hours prior to shipment of the approved substitution.
- a) If substitutions are made without prior written approval of the ordering entity, under Uniform Commercial Code, the entity shall retain the Right to Remedy and purchase the product(s) from another supplier, charging the difference of the bid price to the Vendor.
- b) Bid pricing for the product substituted will apply to the substitute product unless substitute product is of a lesser price.
- 15) If a material change occurs to a contract entered into between IDEA-CNP and Vendor, the contract will not be renewed upon the conclusion of its term. Upon the expiration of the term, IDEA-CNP may issue a new RFP for the goods or services procured under the previously existing contract. Material change means a modification that substantially exceeds and/or alters the terms of the original contract between IDEA-CNP and Vendor, and/or the total contract value greater than 10%. A "domestic commodity or product" is defined as an agricultural commodity that is produced in the United States and a food product that is processed in the United States substantially using agricultural commodities produced in the United States. "Substantially" means over 51 percent (51%) of the final processed product must consist of agricultural commodities that were grown domestically. IDEA-CNP may require country of origin on all products and invoices submitted for payment by Vendor, and Vendor agrees to comply with any such requirement. **Any exception to the Buy American Provision must be explicitly stated on the deviations of this proposal and include the country of origin, and percent (%) of U.S. content for each item.** Exceptions to the Buy American provision are very limited; however, an alternative or exception may be approved by IDEA-CNP upon request. To be considered for an alternative or exception, the request must be submitting in writing to a designated official of IDEA-CNP in advance of delivery; IDEA-CNP may set a deadline for such requests to be submitted by Vendor. The request must include:

- a) Alternative substitute(s) that are domestic and meet the required specifications:
  - i) Price of the domestic food alternative substitute(s); and
  - ii) Availability of the domestic alternative substitute(s) in relation to the quantity ordered.
- b) Reason for exception: limited/lack of availability or price (include price):
  - i) Price of the domestic food product; and
  - ii) Price of the non-domestic product that meets the required specification of the domestic product.

See 7 CFR § 210.21(d), and USDA-FNS memo SP 38-2017 Compliance with and Enforcement of the Buy American Provision in the National School Lunch Program. The Buy American provision applies to all purchases made with School Nutrition Program (SNP) funds.

- 21) All goods and/or services provided by the Vendor under this Agreement must be warranted to be free from defects in material, workmanship, and free from such defects in design for a period of one (1) year upon the later of IDEA-CNP's acceptance of the product and/or service or payment of the applicable invoice. If the Vendor's/manufacture's warranty is less than the required period, the Vendor shall warrant the goods and/or services to the full extent as provided by the Vendor/manufacture. IDEA-CNP will endeavor to give the contractor written notice of the breach of warranty within thirty (30) days of the discovery of the breach of warranty, but failure to give timely notice shall not impair IDEA-CNP's rights under this section. Vendor warrants that any services rendered by the Vendor in relation to warranty of items will be fully and timely performed in a professional and workmanlike manner in accordance with generally accepted industry standards and practices, the terms, conditions, and covenants of the Agreement, and all applicable Federal, State, and local laws, rules, and regulations. Vendor warrants that all goods and/or services furnished under this Agreement shall conform in all respects to the terms of this Agreement, including, without limitation, those detailed in the procurement solicitation issued by IDEA-CNP. In addition, Vendor warrants that goods and/or services are suitable for and will perform in accordance with the purchases for which they are intended. Vendor shall assume all liabilities incurred within the scope of the consequential damages and incidental expenses, as set forth in the vendor or manufacturer's warranty, which result from either delivery or use of product, which does not meet the specifications within this Agreement, the procurement solicitation, or Purchase Order.
- 22) IDEA Public Schools Louisiana reserves the right to accept or reject any or all proposals received or to cancel or extend in part or its entirety, this Request for Proposal, or make multiple or partial awards.

## HUMAN RESOURCES

### Model SB 9 Contractor Certification Independent Contractor

**Introduction:** Texas Education Code Chapter 22 requires an independent contractor who provides services to a school district to submit to a criminal history review if the independent contractor will have continuing duties related to the contracted services and direct student contact. Each independent contractor must certify to the District that the contractor has complied.

The district may not obtain criminal histories for individual independent contractors. The law requires each contractor to obtain the criminal histories of its covered employees. For more information or to set up an account, a contractor should contact the Texas department of Public Safety's Crime Records Services at (512) 424-2474.

A covered independent contractor with a disqualifying criminal history is prohibited from serving at a school district. The following offenses are disqualifying: (1) a conviction or other criminal history information designated by the District; or (2) one of the following offenses, if at the time of the offense, the victim was under 18 or enrolled in a public school: (a) a felony offense under Title 5, Texas Penal Code; (b) an offense for which a defendant is required to register as a sex offender under Chapter 62, Texas code of Criminal Procedure, (c) an equivalent offense under federal law or the laws of another state.

I certify to IDEA Public Schools Independent School District ("District") that I have obtained all required criminal history record information regarding myself through the Texas Department of Public Safety's Fingerprint-based Applicant Clearinghouse of Texas (FACT). I further certify to the District that I do not have disqualifying criminal history. I agree to notify the District in writing within 3 business days if I am arrested or adjudicated for a disqualifying reason during the contract term.

I agree to provide the District, upon request, my full name and any other requested information so that the District may obtain my criminal history record information. I understand that the District may terminate my services at any time if the District determines, at its sole discretion, that my criminal history is not acceptable.

Noncompliance or misrepresentations regarding this certification may be grounds for contract termination.

**CRIMINAL HISTORY REVIEW OF CONTRACTOR EMPLOYEES**

*Chapter 22 of the Texas Education Code requires entities that contract with public schools to obtain criminal history records on covered employees. Covered employees with disqualifying criminal histories are prohibited from providing services to IDEA Public Schools ("IDEA"). Contractors must certify to IDEA that they have complied and must obtain similar certifications from their subcontractors.*

*IDEA may not obtain criminal histories for contractors. The law requires each contractor to obtain the criminal histories of its covered employees. For more information or to set up an account, a contractor should contact the Texas Department of Public Safety's Crime Records Service at (512) 424-2474.*

**Definitions:**

  - e. Crimes involving any attempt by fraudulent or unauthorized means to obtain or alter any certificate or permit that would entitle any person to hold or obtain a position as an educator;
  - f. Crimes occurring wholly or in part on school property or at a school-sponsored activity; and
  - g. Felonies involving driving while intoxicated.
2. A felony offense under Title 5, Penal Code.
3. An offense on conviction of which a defendant is required to register as a sex offender.
4. An offense under the laws of another state or federal law that is equivalent to an offense under items (2) and (3) above where, at the time the offense occurred, the victim of the offense was under 18 years of age or was enrolled in a public school.
