Dear IDEA families and scholars,

Welcome to the 2020-2021 school year! These AR updates ensure we launch a year filled with excelling and growing scholars' passionate for reading.

Due to safety protocols recently put into place protecting our staff and scholars, the daily class schedule will not include a rotation into the AR Zone classroom until further notice. Instead, scholars will have dedicated reading and AR testing times throughout the school day with their classroom teacher.

Scholars have access to a wonderful eBook software called myON that has over 6,000 eBooks available 24/7. These eBooks range from kindergarten to high school level, offering fiction and non-fiction books, and include popular series such as *Diary of a Wimpy Kid*. When your child opens myON, eBooks are recommended to him/her based on his/her reading level and grade level. They can also search for books by title or subject. Scholars will use myON during their independent reading time in class and at home.

The more a scholar reads the more successful and confident he/she is with all classes because reading is the foundation of all learning. With this in mind, homework includes **reading at least 30 minutes daily** from either a paper form book or eBook.

We have exciting events planned to celebrate our scholars' reading achievements throughout the year. Please encourage your child to become a "Word Master" and then continue by attaining the "Royal Reader" goal.

If you have any questions about AR or myON, please contact your campus' AR facilitator.

Welcome back and happy reading adventures everyone!

# Reading & AR Testing

## Steps to take an AR quiz

1. In Clever, click on the *Renaissance* icon  and click on the Accelerated Reader icon. 
2. Type in the title of the book your child read or the quiz # and click the *Search* button. 
3. Find the correct book on the screen and click the *Take Quiz* button. 
4. Once the quiz has been finished, click on the *Progress* button to see how many words he/she has read and his/her comprehension accuracy. 

## Steps to read an eBook on myON

1. In Clever, click on the *myON* icon  and then the *Library* icon. 
2. To look for a book to read, click on your choice. 
3. Once your child finds a book he/she wants to read, hover over the picture of the book and click on the green *Read* button. 
4. When the book opens up, use the arrows on the left and right side to turn the pages.
5. When your child has finished reading the entire book carefully and is ready to take the AR quiz, he/she **MUST** go back to Clever and back into their Renaissance account to take the actual AR quiz. **Do not use the *Take AR Quiz* button in myON because he/she will not be able to log into Renaissance that way.**
