

IDEA Curbside Meal Service

Healthy Kids Here

As of Monday, October 5, 2020, the Child Nutrition Program (CNP) for IDEA Public Schools will continue curbside meal services for all children ages 18, and younger, regardless of which school district they attend. This service is available at all IDEA campuses.

Below are a few notes on our service to ensure our meals are served in an efficient and safe manner. We can't wait to serve your child!

Curbside Meal Pick Up Times – Vary by campus. Please contact the campus nearest you directly for daily pick-up times.

How Do You Pick Up?

- You can pick up at whichever IDEA school is closest to you!
- If your child(ren) is present in the vehicle, you are good to proceed.
- If your child(ren) is not present in the vehicle, then for:
 - IDEA Scholars:
 - Hold up your child's IDEA student ID (preferred) or place by the front windshield
 - Although we prefer an IDEA student ID badge, an IDEA enrollment letter will work too
 - Non-IDEA Scholars:
 - As per state guidelines, parents must show proof of children to receive curbside meal services. Those documents can include:
 - Student ID cards
 - Official letter/email/electronic school application from the school listing children enrolled. This also includes letters/emails sent from IDEA to families regarding registration/enrollment
 - A student report card (paper or electronic) from this school year
 - An official attendance record (paper or electronic) with student's name on record
 - A birth certificate for children.

Picking up Multiple Meals at one Time, for Multiple Days

- Effective October 9 we are bundling meals going into the weekend
- Effective October 26 we are bundling meals on Monday's as well. These are meant to be consumed Monday through Thursday.
- If you miss a Monday or Friday multi-day bundling, don't worry – we are still be providing meal pick up service on Tuesday, Wednesday, and Thursday
- Some meals are served cold (for food safety) and we are including heating instructions so your child can enjoy them hot & ready later

How Do We Stay Safe?

- IDEA Child Nutrition follows strict sanitation and safety protocols from how we receive, store and prepare our products, to how we clean our kitchens. We do temperature checks daily, and always wear masks, gloves and hair restraints. Our safety is your safety!
- When you pick up, we will look at your documentation from afar, and deliver your meals on a designated table, following social distancing. We will talk to you, too – at a safe distance!
