Request For Information (RFI) – End Products

IDEA Public Schools is requesting information from processor(s)/distributor(s) regarding "end products," those products that have been further processed using diverted bulk groceries. We would like to know more about your organization, products and related services for the purposes of utilizing bulk USDA Foods. The same information will be gathered from different processor(s)/distributor(s) and will be used to develop internal knowledge banks and to formulate end product specifications. This information will be used in the formulation of future pricing requests for end product procurement using either Request for Proposal (RFP) or Invitation for Bid (IFB). **No contract will be awarded as a result of this RFI.**

IDEA Public Schools invites those processor(s)/distributor(s) which are capable of supplying schools with the end products listed within this RFI or with end products you feel may meet the needs of the school as described in this RFI.

Processor(s)/distributor(s) are encouraged to participate in this request if they are interested in selling the end products listed in this RFI to IDEA Public Schools. Processor(s)/distributor(s) may include alternate end products that meet the needs as described in this RFI.

How to respond to RFI: Processor(s)/distributor(s) should provide all requested information outlined in this RFI. Furthermore, Processor(s)/distributor(s) will need to attach any additional requested documentation and submit it together with this request to:

Responses to this RFI will be accepted until 2:00 PM CST on February 12, 2021.

Inquires can be submitted to the above contact person.
Email is the preferred method of receiving responses to this RFI.
The Responses must include the firm name or company.

Statement of Need

IDEA Public Schools is requesting information and samples from processor(s)/distributor(s) on availability of end products as described in attachment A: "End Product List."

General Requirements: All End Products shall conform to the minimum requirements of Federal and State regulations. These requirements include, but are not limited to nutritional value, cleanliness, safety, weights, and contamination.

Nutrition Standards in the National School Lunch and School Breakfast Programs: All End Products shall conform to Federal and State regulations and requirements in the National School Lunch Program (NSLP), the School Breakfast Program (SBP), and other Federal and State regulated nutritional programs the School participates.

What to provide in response to this RFI: We are interested in obtaining product specification information, copies of CN Labels and nutrient data submission forms from processor(s)/distributor(s) who are interested in participation of future procurement events for those products listed in attachment A: "End Products List".

1. **Nutrition Information:** Processor(s)/distributor(s) will provide product specification information, copy of CN label, nutrition fact panel, and nutrient data submission form on end products listed on attachment A: "End Products List" of this RFI that they intend on submitting for future bids or proposals.
2. **Packaging:** Processor(s)/distributor(s) will provide details on packaging and handling requirements for each of the end products.

3. Additional Information: Processor(s)/distributor(s) will provide additional information to verify product meets specifications when applicable.

Questions: For each of the end products please answer the following questions:

1. Will you impose any minimum order quantity in either product or dollars or minimum run requirements or minimum delivery requirements?
2. What are your delivery schedules and turnaround time from the moment of placing the order and delivering to campuses?
(IDEA Public Schools – Child Nutrition Program currently operates under delivery of items every Thursday)
3. Do you have a web-based ordering system? If not, please provide procedure to order items.
