

RFP #001-RFP-STUDENTUNI-2122 Q&A document

- I notice the 2018-2019 RFP due date was 12/11 vs 2/23, and had the same distribution date of 6/1. As production timelines are typically a 6mo period, is the team flexible with delivery dates for this proposal: 6/1-8/1? **Delivery dates are not flexible and set for 6/1 as inventory will be needed by that date.**
- If a 6/1 delivery date is firm, and a vendor is unable to source the requested top color, is the school open to similar shade variants? Example:

Orange Polo Shirts Pantone 159

Idea Orange

Classroom Orange

As stated in the RFP "School Uniform Specifications" paragraph "Colors similar to those stated below may be considered for evaluation."
