

IDEA PUBLIC SCHOOLS HOUSTON

VACCINE RESOURCES FOR STUDENTS 12+

The Pfizer-BioNTech COVID-19 Vaccine has been approved by the U.S. FDA for children ages 12+. The CDC recommends that everyone 12 years of age and older get a COVID-19 vaccination. Get a COVID-19 vaccine as soon as you can. Widespread vaccination is a critical tool to help stop the pandemic. While children may have been less affected by COVID than adults, they can still get sick and spread the virus to others. Getting your child vaccinated can bring you one step closer to enjoying the activities you miss.

BELOW ARE VACCINE PROVIDERS IN THE **HOUSTON AREA** FOR FAMILIES SEEKING OPPORTUNITIES FOR CHILDREN AGES 12+.
