

IDEA PUBLIC SCHOOLS SAN ANTONIO

VACCINE RESOURCES FOR STUDENTS 12+

The Pfizer-BioNTech COVID-19 Vaccine has been approved by the U.S. FDA for children ages 12+. The CDC recommends that everyone 12 years of age and older get a COVID-19 vaccination. Get a COVID-19 vaccine as soon as you can. Widespread vaccination is a critical tool to help stop the pandemic. While children may have been less affected by COVID than adults, they can still get sick and spread the virus to others. Getting your child vaccinated can bring you one step closer to enjoying the activities you miss.

BELOW ARE VACCINE PROVIDERS IN THE **SAN ANTONIO AREA** FOR FAMILIES SEEKING OPPORTUNITIES FOR CHILDREN AGES 12+.

ALAMODOME DRIVE-THRU CLINIC

- Children ages 12 to 15 can receive their Pfizer vaccine at the Alamodome's drive-thru clinic.
- Children will need to have consent from a parent or legal guardian before receiving the vaccine.
- If the child has a photo ID, Metro Health officials encourage them to bring it to their vaccination. However, an ID is not required.
- The drive-thru clinic is open to anyone ages 12 and older, and an appointment is not required. The clinic's hours are from 9 a.m. to 6:30 p.m., Tuesdays through Saturdays. To learn more about the Alamodome's vaccination site, [click here](#).

BAPTIST MEDICAL CENTER VACCINE CLINIC

- Children, ages 12 to 15, can receive their Pfizer vaccine at Baptist Health System at its vaccine clinic at 417 Camden Street.
- Children that are receiving their vaccine must be accompanied by a parent or legal guardian.
- Registration is required and you can register for the vaccination appointment [here](#).

UNIVERSITY HEALTH'S VACCINE CLINIC

- University Health is providing the Pfizer vaccine for children ages 12-15 at its clinic, located at the Wonderland of Americas, at 4522 Fredericksburg Rd. The center is open 8 a.m.-7:45 p.m. Monday through Friday. Appointments can be made here but walk-ins are accepted.
- Children wanting a vaccine must be accompanied by a parent or guardian, who must also provide proof of age. The acceptable documents include a birth certificate or ID that is provided through the child's school, according to University Health.

UT HEALTH SAN ANTONIO'S VACCINE CLINIC

- UT Health San Antonio is offering the Pfizer vaccine for those 12 and older as well.
- To receive the vaccine, you must make an appointment online at UT Health San Antonio's website. You can do so by [clicking here](#).
- If you do receive your vaccine at UT Health San Antonio's clinic, you'll need to bring a photo ID, insurance information, and if you're receiving your second dose, your vaccination card. To learn more, visit UT Health San Antonio's website [here](#).

WHAT TO BRING TO YOUR APPOINTMENT:

Health insurance card (if applicable)
Registration paper work (if applicable)
