

**Sec. 1. CHILD FIND PRIVATE SCHOOL STUDENTS**

IDEA Public Schools shall coordinate with home school districts, who are primarily responsible for consulting with private school representatives, regarding the child find process and the provision of special education and related services to children enrolled in private schools within IDEA Public Schools' boundaries.

IDEA Public Schools shall undertake activities similar to those undertaken for children enrolled in public schools and shall complete the child find process for children enrolled in private schools in a time period comparable to that for other students attending the public schools within IDEA Public Schools' boundaries.

**Sec. 2. SPECIAL EDUCATION STUDENTS PLACED IN PRIVATE SCHOOL****a) *Placement by IDEA Public Schools***

If IDEA Public Schools places a child with a disability in a private school or facility, or refers the child to a private school or facility, as a means of carrying out the requirements of the special education laws, IDEA Public Schools shall ensure that the child is provided special education and related services, in accordance with an individualized education program (“IEP”), at no cost to the parents.

*20 U.S.C. 1412(a)(10)(B)(i).*

**b) *Placement by the Parent***

When a student with a disability who has been placed by his or her parent directly in a private school is referred to IDEA Public Schools, IDEA Public Schools shall convene an admission, review, and dismissal (“ARD”) committee to determine whether IDEA Public Schools can offer the child a free appropriate public education (“FAPE”). If IDEA Public Schools determines that it can offer a FAPE to the student, IDEA Public Schools is not responsible for providing educational services to the student, except as provided in 34 CFR 300.130–300.144 or 19 TAC 89.1096(e), until such time as the parents choose to enroll the student in IDEA Public Schools full time.

**Sec. 3. REJECTION OF OFFER OF FAPE****a) *Student Receives ISP***

If IDEA Public Schools offers to provide a FAPE to a child with a disability and the parents elect to place the child in a private school or facility, IDEA Public Schools is not required to pay for the cost of education, including special education and related services. However, IDEA Public Schools must develop and implement an individualized services plan (“ISP”) for the child.
