Independent Auditors' Report

To the Board of Directors
IDEA Public Schools, Inc.
Weslaco, Texas

We have audited the accompanying statement of financial position of IDEA Public Schools, Inc. (the "School") as of August 31, 2012, and the related statements of activities and changes in net assets and cash flows for the year then ended. These financial statements are the responsibility of the management of the School. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the School as of August 31, 2012, and the results of its operations and the changes in its net assets and cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated October 23, 2012, on our consideration of the School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the School's financial statements. The accompanying Other Supplemental Information, as listed in the table of contents, and the Schedule of Expenditures of Federal Awards, as required by the OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Other Supplemental Information and the Schedule of Expenditure of Federal Awards are fairly stated in all material respects in relation to the financial statements as a whole.

Note 1 – Organization and Significant Accounting Policies

Organization

IDEA Public Schools, Inc. (the “School”) is a not-for-profit Texas corporation formed in June 2000. The School operates and does business as Individuals Dedicated to Excellence and Achievement (“IDEA”) Public Schools. The School is a state authorized, open enrollment charter school. The School’s only noncharter activity is the operation of an in-district charter school in the Austin Independent School District. The Contract for Charter granted by the State Board of Education of the state of Texas pursuant to Chapter 12 of the Texas Education Code is effective until July 2015. The School provides educational services to students in grades K through 12.

Basis of Presentation

The financial statements of the School have been prepared in conformity with accounting principles generally accepted in the United States of America (“GAAP”). The Financial Accounting Standards Board is the accepted standard setting body for establishing not-for-profit accounting and financial reporting principles. The more significant of the School’s accounting policies are described below.

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with GAAP.

Net assets and revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the School and changes therein are classified and reported as follows.

Unrestricted

Net assets that are not subject to donor imposed stipulations.

Temporarily Restricted

Temporarily restricted net assets are those resources, subject to donor-imposed restrictions that will be satisfied by the actions of the School or the passage of time. As of August 31, 2012, temporarily restricted net assets represent the net assets of the food service fund, which must be used for future food service activities; state funds that may be used in the following fiscal year; and any unspent state foundation monies.

Permanently Restricted

Permanently restricted net assets are those resources subject to donor-imposed restriction that will be maintained permanently by the School. The donors of these resources require that the principal be invested in perpetuity and permit the income earned, including unrealized appreciation, to be used, all or in part, for unrestricted or temporarily restricted purposes. As of August 31, 2012, the School had no permanently restricted net assets.

IDEA Public Schools, Inc.

Notes to Financial Statements

August 31, 2012

Note 1 – Organization and Significant Accounting Policies (continued)

Cash and Cash Equivalents

For financial statement purposes, the School considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

Restricted Cash

Restricted cash is limited as to use under the terms of the bond indenture. The current portion of restricted cash represents amounts restricted for construction activity.

Due From Government Agencies

The School considers all government grants and contracts as exchange transactions rather than contributions. The School recognizes revenue from fee-for-service transactions as services are rendered and, for grants, as eligible expenditures are incurred. Advances from government agencies are recorded as deferred revenues. Eligible expenditures incurred in excess of grant fund reimbursements are recorded as receivables.

Any of the funding sources may, at their discretion, request reimbursement for expenses or return of funds, or both, as a result of any noncompliance with the terms of the grant or contract.

Other Receivables

The School's other receivables primarily represents E-rate and other receivables. The allowance for doubtful accounts is established as losses are estimated to have occurred through a provision for bad debts charged to earnings. Losses are charged against the allowance when management believes the uncollectibility of a receivable is confirmed. Subsequent recoveries, if any, are credited to the allowance. The School considers accounts receivable to be fully collectible; accordingly, no allowance for doubtful accounts is recorded in these financial statements.

Investments

Investments are stated at fair value based upon quoted market prices, when available, or estimates of fair value in the statements of financial position. Unrealized gains and losses are included in the statements of activities and net assets.

Inventories

Inventories are stated at the lower of cost (first-in, first-out method) or market (net realizable value).

IDEA Public Schools, Inc.

Notes to Financial Statements

August 31, 2012

Note 1 – Organization and Significant Accounting Policies (continued)

Revenue Recognition

Capitation received, including base capitation, entitlements, and special services, is recognized in the period services are provided. Revenues from the state of Texas are earned based on reported attendance. Public and private grants received are recognized in the period received and when the terms of the grant are met.

Depreciation and Amortization

Property and equipment are stated at cost. Assets held under capital leases are recorded at the lower of the net present value of the minimum lease payments or the fair value of the leased asset at the inception of the lease. Depreciation and amortization are calculated on the straight-line method based on the following estimated useful lives of the respective assets. Amortization expense is computed using the straight-line method over the shorter of the estimated useful lives of the assets or the period of the related lease. Amortization of leasehold improvements is computed using the straight-line method over the shorter of the remaining lease term or the estimated useful lives of the improvements.

<u>Asset Classification</u>	<u>Estimated Useful Lives</u>
Buildings and improvements	10-30 years
Leasehold improvements	5-10 years
Vehicles	5 years
Furniture and equipment	3-10 years

Impairment of Long-Lived Assets

The School reviews the carrying value of property and equipment for impairment whenever events and circumstances indicate the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. In cases where undiscounted expected future cash flows are less than the carrying value, an impairment loss is recognized equal to an amount by which the carrying value exceeds the fair value of assets. The factors considered by management in performing this assessment include current operating results, trends and prospects, and the effects of obsolescence, demand, competition, and other economic factors. The School did not recognize an impairment loss during the year ended August 31, 2012.

Functional Allocation of Expenses

The costs of providing various programs and activities have been summarized on a functional basis in the statement of activities and net assets. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

IDEA Public Schools, Inc.

Notes to Financial Statements

August 31, 2012

Note 1 – Organization and Significant Accounting Policies (continued)

Contingencies

Certain conditions may exist as of the date the financial statements are issued, which may result in a loss to the School, but which will only be resolved when one or more future events occur or fail to occur. The School's management and its legal counsel assess such contingent liabilities, and such assessment inherently involves an exercise of judgment. In assessing loss contingencies related to legal proceedings that are pending against the School or unasserted claims that may result in such proceedings, the School's legal counsel evaluates the perceived merits of any legal proceedings or unasserted claims, as well as the perceived merits of the amount of relief sought or expected to be sought therein.

If the assessment of a contingency indicates it is probable that a material loss has been incurred and the amount of the liability can be estimated, then the estimated liability would be accrued in the School's financial statements. If the assessment indicates a potentially material loss contingency is not probable, but is reasonably possible, or is probable, but cannot be estimated, then the nature of the contingent liability, together with an estimate of the range of possible loss, if determinable and material, would be disclosed. Loss contingencies considered remote are generally not disclosed unless they involve guarantees, in which case the guarantees would be disclosed.

Donated Services and Assets

Contributions of donated services that create or enhance nonfinancial assets or that require specialized skills are provided by individuals possessing those skills and which would typically need to be purchased if not provided by donation are recorded at the estimated fair market value in the period received.

Contributions of donated noncash assets are recorded at the estimated fair market value in the period received.

Federal Income Taxes

The School is a nonprofit organization and is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code, except to the extent it has unrelated business income. No such provision was been made in the accompanying financial statements. The School generally is no longer subject to income tax examinations by federal authorities for the years prior to August 31, 2008.

Use of Estimates

The preparation of financial statements in conformity GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

IDEA Public Schools, Inc.

Notes to Financial Statements

August 31, 2012

Note 1 – Organization and Significant Accounting Policies (continued)

Advertising Costs

The School expenses advertising costs when they are incurred. Advertising costs for the year ended August 31, 2012 totaled \$229,977.

Subsequent Events

The School has evaluated subsequent events that occurred after August 31, 2012 through the date of this report on October 23, 2012. Any material subsequent events that occurred during this time have been properly recognized or disclosed in the financial statements.

Note 2 – Fair Value Measurements and Disclosures

The requirements of *Fair Value Measurements and Disclosures* of the Accounting Standards Codification (“ASC”) apply to all financial instruments and all nonfinancial assets and nonfinancial liabilities that are being measured and reported on a fair value basis. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. *Fair Value Measurements and Disclosures* also establishes a fair value hierarchy that prioritizes the inputs used in valuation methodologies into the following three levels:

- Level 1 Inputs – Unadjusted quoted prices in active markets for identical assets or liabilities.
- Level 2 Inputs – Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, or other inputs that can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 Inputs – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. Level 3 assets and liabilities include financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or other valuation techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

At August 31, 2012, all investments were classified as Level 1.

The fair value of the School’s cash and cash equivalents, due from government agencies, payables, prepaid expenses, and other receivables approximates the carrying amounts of such instruments due to their short-term maturity. The fair value of the debt approximates the carrying amount because the rate and terms currently available to the School approximate the rate and terms on the existing debt.

Construction	\$	6,919,143
Debt service requirements for bonds		<u>10,353,462</u>
Total	\$	<u>17,272,605</u>

Note 4 – Concentration of Credit Risk

The School maintains its cash deposits at Wells Fargo, Public Funds Administration and is insured up to \$23,738,676 by the Federal Deposit Insurance Corporation. Investment securities held by Wells Fargo that had a carrying value at August 31, 2012 of \$69,896 were pledged as collateral to secure public funds on deposit.

The School maintains proceeds received from the sale of bonds at Wells Fargo, Corporate Trust Services in fiduciary accounts. The Office of the Comptroller of the Currency, Regulation 9, requires that national banks collateralize uninvested cash in fiduciary accounts. At August 31, 2012, assets held by Wells Fargo were pledged as collateral as a whole for all Wells Fargo fiduciary accounts to secure fiduciary funds held in trust.

The School has not experienced any losses on these accounts and management believes it is not exposed to any significant credit risk on the excess amounts.

Note 9 – Bonds Payable (continued)

Interest expense for the year ended August 31, 2012 totaled \$7,341,747, of which \$1,424,251 was capitalized.

The Series 2010 Q Bonds tax credit interest subsidy for the year ended August 31, 2012 totaled \$414,769 and is reflected in Local Support, Other Revenues in the Statement of Activities.

Series 2007 A Bonds

On June 6, 2007, the School issued \$36,930,000 of Education Revenue Bonds, Series 2007 A and \$165,000 of Taxable Education Revenue Bonds, Series 2007 B. Proceeds of the bonds were for construction and future debt service. The Series 2007 A bonds mature serially each August 15th, starting 2009 through 2037, with a stated interest rate ranging from 4.0% to 5.0%.

The School is required to maintain a debt service reserve fund, which currently is equal to the maximum annual principal and interest requirements of the 2007 bonds. The School paid an insurance premium of \$722,942 to ACA Financial Guaranty Corporation (“ACA”) to issue a bond insurance policy related to the bonds. ACA guarantees the full payment required to be made on behalf of the issuer. The Series 2007 A bonds are subject to optional redemption in whole or in part on August 15, 2017.

Section 5.11 of the Series 2007 A bonds covenants establishes a debt service coverage ratio, which stipulates that available revenues for each fiscal year (without excluding any discretionary expenses actually incurred in such fiscal year) must be equal to at least 1.10 times the annual debt service requirements of the School as of the end of the first fiscal year after the date of issuance of the bonds and thereafter until the bonds have been paid in full. During the year ended August 31, 2012, the School was in compliance with this covenant and all other applicable covenants contained in the loan agreement.

Series 2009 A and B Bonds

On December 10, 2009, the School issued \$29,105,000 of Education Revenue Bonds, Series 2009 A and \$520,000 of Taxable Education Revenue Bonds, Series 2009 B. Proceeds of the bonds were for construction and future debt service. The Series 2009 A bonds mature serially each August 15th, starting 2013 through 2039, with a stated interest rate ranging from 3.45% to 6.50%. The Series 2009 B bonds mature serially each August 15th, starting 2012 through 2013, with a stated interest rate ranging from 5.75% to 6.05%.

The School is required to maintain a debt service reserve fund, which currently is equal to the maximum annual principal and interest requirements of the 2009 bonds. The Series 2009 A bonds are subject to optional redemption in whole or in part on August 15, 2019.

Section 5.9 of the Series 2009 A and B bonds covenants establish a debt service coverage ratio, which stipulates that available revenues for each fiscal year (without excluding any discretionary expenses actually incurred in such fiscal year) must be equal to at least 1.10 times the annual debt service requirements of the School as of

the end of the first fiscal year after the date of issuance of the bonds and thereafter until the bonds have been paid in full. During the year ended August 31, 2012, the School was in compliance with this covenant and all other applicable covenants contained in the loan agreement.

Series 2010 A, B, and Q Bonds

On December 7, 2010, the School issued \$33,780,000 of Education Revenue Bonds, Series 2010 A; \$120,000 of Taxable Education Revenue Bonds, Series 2010 B; and \$7,555,000 of Qualified School Construction Bonds – Direct Pay, Series Q. Proceeds of the bonds were for construction and future debt service. The Series 2010 A bonds mature serially each August 15th, starting 2020 through 2040, with a stated interest rate ranging from 5.125% to 6.700%. The Series 2009 B bonds mature August 15, 2013, with a stated interest rate of 7.500%.

The Series Q bonds mature August 15, 2029, with a stated interest rate of 8.250%. Interest on the Series A, B and Q bonds is due semi-annually on February 15 and August 15.

The School is required to maintain a debt service reserve fund, which currently is equal to the maximum annual principal and interest requirements of the 2010 bonds. The Series 2010 A bonds are subject to optional redemption in whole or in part on August 15, 2020.

The Series 2010 Q bonds have been designated as “qualified schools construction bonds” pursuant to Section 54F of the Internal Revenue Code of 1986, as amended (the “Code”) and are subject to an irrevocable election to treat such bonds as “specified tax credit bonds” pursuant to Section 6431(f) of the Code.

Section 5.10 of the Series 2010 A, B, and Q bonds covenants establishes a debt service coverage ratio, which stipulates that available revenues for each fiscal year (without excluding any discretionary expenses actually incurred in such fiscal year) must be equal to at least 1.10 times the annual debt service requirements of the School as of the end of the first fiscal year after the date of issuance of the bonds and thereafter until the bonds have been paid in full. During the year ended August 31, 2012, the School was in compliance with this covenant and all other applicable covenants contained in the loan agreement.

Series 2011 Bonds

On December 8, 2011, the School issued \$26,480,000 of Education Revenue Bonds, Series 2011. Proceeds of the bonds were for construction and future debt service. The Series 2011 bonds mature serially each August 15th, starting 2014 through 2041, with a stated interest rate ranging from 3.20% to 5.75%.

The School is required to maintain a debt service reserve fund, which currently is equal to the maximum annual principal and interest requirements of the 2011 bonds. The Series 2011 bonds are subject to optional redemption in whole or in part on August 15, 2021.

Note 16 – Pension Plan Obligations

Plan Description

The School participates in the Teacher Retirement System of Texas (“TRS”), a public employee retirement system. TRS is a cost sharing, multiple-employer defined benefit plan with one exception; all risks and costs are not shared by the School, but are the liability of the state of Texas. TRS provides service retirement and disability retirement benefits, and death benefits to plan members and beneficiaries. TRS operates under the authority of provisions contained primarily in the Texas Government Code, Title 8, Public Retirement Systems, Subtitle C, Teachers Retirement System of Texas, which is subject to amendment by the Texas Legislature. TRS issues a publicly available financial report that includes financial statements and required supplementary information for the defined benefit pension plan. The report may be obtained by writing to the TRS

Funding Policy

Under provisions in Texas state law, plan members are required to contribute 6.4% of their annual covered salary and the state of Texas contributes an amount equal to 6.% of the School's covered payroll. Contribution requirements are not actuarially determined, but are established and amended by the Texas state legislature. The state funding policy is as follows: (1) The state constitution requires the legislature to establish a member contribution rate of not less than 6.0% of the member's annual compensation and a state contribution rate of not less than 6.0% and not more than 10.0% of the aggregate annual compensation of all members of the system; (2) a state statute prohibits benefit improvements or contribution reductions if, as a result of a particular action, the time required to amortize TRS's unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or if the amortization period already exceeds 31 years, the period would be increased by such action. The School's employees' contributions to TRS for the year ended August 31, 2012, totaled \$3,128,646, equal to the required contributions for each year.

Note 17 – Operating Leases

Note 18 – Commitments and Contingencies

The School receives funds through state and federal programs that are governed by various statutes and regulations. State program funding is based primarily on student attendance data submitted to the TEA and is subject to audit and adjustment. Expenses charged to federal programs are subject to audit and adjustment by the grantor agency. The programs administered by the School have complex compliance requirements, and should state or federal auditors discover areas of noncompliance, funds may be subject to refund if so determined by the TEA or other grantor agency.

At August 31, 2012, the School had the following construction commitments:

	Contract Amount	Amount Expended	Remaining Commitment

Note 20 – Subsequent Events

The Board of Directors approved a change in fiscal year from September 1 through August 31 to July 1 through June 30 effective July 1, 2013. The fiscal year change will align the fiscal year with the school year. This fiscal year change amendment request was approved by the TEA on June 29, 2012.

On September 6, 2012, the School issued \$59,730,000 of Education Revenue Bonds, Series 2012. The \$4,000,000 note payable to Regions Bank was paid off with proceeds from the bond issue. Proceeds of the bonds are for construction and future debt service. The Series 2012 bonds mature serially each August 15th, starting 2014 through 2042, with a stated interest rate ranging from 2.15% to 5.00%.

Note 21 – Supplementary Financial Information

The School operates a single charter school. The School's only noncharter activity is the operation of an in-district charter school in the Austin Independent School District. The accompanying financial schedules, as prescribed by the *Special Supplement to the Financial Accountability System Resource Guide, Nonprofit Charter Schools*, and TEA, have been satisfied with the exhibits as presented in the Other Supplemental Information.

Note 22 – Restatement of Net Assets

During the year, the School discovered that interest was not capitalized on construction projects financed with debt, as required by accounting standards. The School made corrections for capitalized interest, which included a restatement to beginning net assets as follows.

	<u>Unrestricted</u>	<u>Temporarily Restricted</u>	<u>Total</u>

Independent Auditors' Report on Internal Control Over
Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in
Accordance With *Government Auditing Standards*

To the Board of Directors
IDEA Public Schools, Inc.
Weslaco, Texas

We have audited the statement of financial position of IDEA Public Schools, Inc. (the "School") as of August 31, 2012, and the related statements of activities and changes in net assets and cash flows for the year then ended, and have issued our report thereon dated October 23, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

Management of the School is responsible for establishing and monitoring effective internal control over financial reporting. In planning and performing our audit, we considered the School's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the School's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the School in a separate letter dated October 23, 2012.

This report is intended solely for the information and use of management, the Board of Directors, federal and state awarding agencies, and pass-through entities and is not intended to be, and should not be, used by anyone other than these specified parties.

Independent Auditors' Report on Compliance With
Requirements That Could Have a Direct and Material
Effect on Each Major Program and on Internal Control
Over Compliance in Accordance With OMB Circular A-133

To the Board of Directors
IDEA Public Schools, Inc.
Weslaco, Texas

Compliance

We have audited IDEA Public Schools, Inc.'s (the "School") compliance with the types of compliance requirements described in the OMB Circular A-133 *Compliance Supplement* that could have a direct and material effect on the School's major federal programs for the year ended August 31, 2012. The School's major federal programs are identified in the summary of auditors' results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to its major federal programs is the responsibility of the School's management. Our responsibility is to express an opinion on the School's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the School's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the School's compliance with those requirements.

In our opinion, the School complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major federal programs for the year ended August 31, 2012. However, the results of our auditing procedures disclosed an instance of noncompliance with those requirements, which is required to be reported in accordance with OMB Circular A-133 and which is described in the accompanying Schedule of Findings and Questioned Costs as item 2012-01.

Internal Control Over Compliance

Management of the School is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the School's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the School's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

The School's responses to the findings identified in our audit are described in the accompanying Schedule of Findings and Questioned Costs. We did not audit the School's responses and, accordingly, we express no opinion on the responses.

This report is intended solely for the information and use of management, the Board of Directors, federal and state awarding agencies, and pass-through entities and is not intended to be, and should not be, used by anyone other than these specified parties.

CFDA Numbers: 10.553 and 10.555

Pass-Through Entity Identifying Numbers: 71401201/71301201

United States Department of Agriculture

Passed Through the TEA

Type of Finding: Noncompliance

Criteria: In accordance with OMB Circular A-122, *Cost Principles for Non-Profit Organizations*, Paragraph 8m, *Support of Salaries and Wages*, the distribution of salaries and wages must be supported by personnel activity reports and must be prepared at least monthly and must coincide with one or more pay periods.

Condition: During our testing of payroll costs charged to the school lunch program, we noted personnel activity reports were not prepared for the first part of the fiscal year. Management identified this and subsequently went back and obtained personnel activity reports for this period of time.

Questioned Costs: None

Possible Asserted Effect: Charges for salaries and wages are not supported in accordance with OMB Circular A-122 for the first part of the fiscal year.

Recommendation: We recommend management continue to obtain personnel activity reports and time sheets for all employees charged to the school lunch program in accordance with the requirements of OMB Circular A-122.

Views of Responsible Officials and Planned Corrective Action: Management concurs with the recommendation. The School will continue to document salaries and wages in accordance with OMB Circular A-122.

Responsible Person: Vice President of Finance

Implementation Date: Completed

**Note to Schedule of Expenditures of Federal Awards
Year Ended August 31, 2012**

Note 1 – Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards (the “Schedule”) includes the federal grant activity of the School under programs of the federal government for the year ended August 31, 2012. The information in this schedule is presented in accordance with the requirements of the OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Because the Schedule presents only a selected portion of the operations of the School, it is not intended to, and does not, present the financial position, changes in net assets, or cash flows of the School.

Note 2 – Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the costs principles contained in OMB Circular A-122, *Cost Principles for Non-profit Organizations*, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Pass-through entity identifying numbers are presented where available.

Note 3 – Standard Financial Accounting System

For all federal programs, the School used the net assets classes and codes specified by the TEA in the *Special Supplement to Financial Accounting and Reporting, Non-Profit Charter School Chart of Accounts*. Temporarily restricted net asset codes are used to account for resources restricted to or designated for specific purposes by the grantor. Federal and state financial assistance is generally accounted for in temporarily restricted net asset codes.

Note 4 – Subrecipients

Of the federal expenditures presented in the Schedule, the School provided federal awards to subrecipients as follows:

<u>CFDA Number</u>	<u>Program Name</u>	<u>Amount Provided to Subrecipient</u>
84.411A	ARRA ESEA Title XIV – Investing in Innovation	\$ 581,861
