Dear IDEA Students & Families,

Welcome to the 2022 – 2023 school year!

We look forward to working with you to help your child be a successful college-bound student. At IDEA Public Schools, Southern Louisiana, we strive to provide a safe learning environment for all children. We have high expectations of ourselves. To effectively meet our high expectations, we expect students and their families to take an active role in education by reading and following the requirements of the Student & Family Handbook. This handbook is an overview of our school goals, services, and rules. It is an essential reference book describing what we expect from our students and parents, what you can expect from us, and how we will achieve our educational mission. We have attempted to make the language in this handbook as straightforward as possible. Please note that the term “parent” is used to refer to the parent, legal guardian, or another person who has agreed to assume school-related responsibility for a student. The handbook includes general information regarding school policy and procedures, important health and safety information, information about academics and grading, information regarding parental rights, and important notices regarding student information, computer resources, and electronic communication devices.

The Student Code of Conduct is also included in the handbook. The Code of Conduct is required by state law and is intended to promote school safety and an atmosphere for learning. Both students and parents need to be familiar with the Student Code of Conduct. The Student Code of Conduct is also available in the principal’s office at each school and is posted on IDEA’s website. This handbook is designed to be in harmony with Board Policy. Please be aware that the handbook and Student Code of Conduct may be amended or revised throughout the year. Changes in policy and procedure will be made available to parents and students online, through newsletters, or through other communications.

Finally, you must **complete and return the last page of the handbook** – “Acknowledgment and Approval of Student Handbook” – to the school office at your campus. Questions about the material in this handbook can be directed to your principal. On behalf of the entire IDEA Public Schools Southern Louisiana staff and community, best wishes for a great 2022–2023 school year!

Sincerely,

Dr. Jeff Cottrill

Superintendent

ABOUT IDEA PUBLIC SCHOOLS

Mission

IDEA Public Schools prepares students from underserved communities for success in college and citizenship.

Vision

To ensure the state of Louisiana reaches its fullest potential, IDEA Public Schools will become the region's largest creator of college graduates.

History

From the very beginning, IDEA Public Schools has focused on raising the achievement levels and expectations of students who are underserved so they have an opportunity to attend and succeed in college.

Initially serving only 75 students in fourth and fifth grade, the program was immediately successful. This led the Texas Education Agency to grant a charter in the spring of 2000 to the IDEA Academy to help establish the program as an independent, state-sponsored public school. The IDEA Academy has since grown into the IDEA Public Schools system, which operates primary and secondary campuses in multiple locations around the Rio Grande Valley, El Paso, San Antonio, Austin, Tarrant County, the Permian Basin, Southern Louisiana, Tampa Bay, Jacksonville, and Cincinnati. IDEA Public Schools is fully committed to graduating 100% of its students and matriculating 100% of its students into a four-year college or university.

Statement of Nondiscrimination

IDEA Public Schools ("IDEA" or "IPS") does not discriminate based on race, religion, color, national origin, sex or gender, disability, or age in providing educational services, activities, and programs, including vocational and career technology programs. IDEA Public Schools complies with Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Education Amendments of 1972 ("Title IX"); Title II of the Americans with Disabilities Act of 1990 ("ADA"), as amended, which incorporates and expands upon the requirements of Section 504 of the Rehabilitation Act of 1973, as amended; the Age Discrimination Act of 1975, as amended; and any other legally protected classification or status protected by applicable law.

As required by Title IX, IDEA Public Schools does not (and is required not to) discriminate based on sex in its educational programs or activities. This non-discrimination requirement applies to admission to and employment with IDEA Public Schools. Inquiries into issues related to Title IX may be referred to IDEA's Title IX Coordinator (identified below), to the Assistant Secretary for Civil Rights of the Department of Education, or both.

Any questions or concerns about IDEA's compliance with these federal programs should be brought to the attention of the following persons designated as being responsible for coordinating compliance with these requirements:

The Title IX Coordinator, for concerns regarding discrimination based on sex/gender (including sexual harassment), is Jessica Neyman, VP Human Resources, 2115 W. Pike Blvd., Weslaco, Texas 78596, (956) 337-8000, Jessica.neyman@ideapublicschools.org.

The ADA/Section 504 Coordinator, for concerns regarding discrimination based on disability, is Tricia Lopez, Managing Director of Special Programs, 2115 W. Pike Blvd, Weslaco, Texas 78596, (956) 377-8000, tricia.lopez@ideapublicschools.org.

All other concerns regarding discrimination: Jessica Neyman, VP Human Resources, 2115 W. Pike Blvd., Weslaco, Texas 78596, (956) 337-8000, Jessica.neyman@ideapublicschools.org.

Homeless Liaison and Title I Participants

Homeless children and youth are ensured specific educational rights and protections under the McKinney-Vento Homeless Education Assistance Act of 2001. “Children and youth who are homeless,” as defined by this federal law, means and includes children who:

- Are abandoned in hospitals or are awaiting foster care placement.
- Are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations.
- Are living in emergency or transitional shelters.
- Are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative accommodations.
- Are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason.
- Have a primary nighttime residence that is a public or private place not designed as regular sleeping accommodation for human beings.
- Lack a fixed, regular, and adequate nighttime residence.

Children who are homeless will be provided flexibility regarding certain policies and procedures, including proof of residency requirements; immunization requirements; educational program placement; award of credit; graduation requirements; continuing enrollment in the “school of origin” or enrollment in a new school in the attendance area where the student is currently residing; and other related matters.

You are encouraged to inform IDEA if you or your child are experiencing homelessness. School staff can share resources with you that may be able to assist you and your family.

For more information on services for homeless students, please contact Heather Pardo at (956)377-8000.

Teacher Qualifications

Teachers hired by IDEA Public Schools meet the required Louisiana state qualification and licensing criteria for their grade levels and subject areas. At times, teachers will serve under provisional status while earning their degree which is a form of alternative licensure. IDEA complies with all state laws regarding the reporting of teacher qualifications.

Special Programs

Bilingual/ESL Services

The purpose of IDEA Public Schools English as a Second Language (ESL) Program is to help ensure that children who are English Learners (EL), including immigrant children and youth, attain English proficiency, develop high levels of academic attainment in English and meet the same challenging State academic content and student academic achievement standards as all children are expected to meet. Students are assessed with state-approved test, the English Language Proficiency Screener (ELPS) to qualify for placement in the program.

Special Education Services

IDEA has the responsibility of identifying, locating, and evaluating individuals with disabilities who are 5 to 21 years of age and who fall within the school’s jurisdiction. If you know or suspect that your student has a disability, please contact the Special Education department at your child’s school for information about available programs, assessments, and services. Parents/guardians of new students should advise the school of any previous IEPs or special services their child received in the past.

Special education services are specifically designed to meet the unique needs of students with disabilities. Each student who receives special education services has an Individual Education Program (“IEP”), which is developed by a team that includes but is not limited to a general educator, special educator, a school psychologist, a school administrator, and the child’s parent/guardian. The team considers the student’s disability and determines appropriate accommodations, supplementary aids, and/or services that are necessary for the student to participate in the general curriculum.

All special education services are provided a free and appropriate public education (FAPE) in the least restrictive environment, which may be special education settings, general education settings, or a combination or both. All students receiving special education services are educated to the maximum extent appropriate with their non-disabled peers as well as participating in all school activities on the same basis as students who are not disabled.

As Type 1 Charter Schools, IDEA Schools in Southern Louisiana work closely with the school district and avail themselves of the full continuum of services for which the district provides placement. IDEA complies with Louisiana laws and the policies of the LEA who authorized our charter.

Providing Assistance to Students Who Have Learning Difficulties or Who Need Special Education Services

If a student is experiencing learning difficulties, the parent may contact the Special Education Coordinator to learn about IDEA’s overall general education referral or screening system for support services. This system links students to a variety of support options, including referral for a special education evaluation. Students having difficulty in the regular classroom should be considered for tutorial, compensatory, and other academic or behavior support services that are available to all students, including a process based on Response to Intervention (“RtI”). The implementation of RtI has the potential to have a positive impact on IDEA’s ability to meet the needs of all struggling students.

Parents/guardians are entitled to request an evaluation for special education services by presenting a written request to the principal. IDEA must, within 15 school days of receiving the request, either (1) give the parent an opportunity to give written consent for the evaluation or (2) refuse to provide the evaluation and provide the parent with written notice that explains why the child will not be evaluated. This written notice will include a statement that informs the parents/guardians of their rights if they disagree with IDEA. Additionally, the parent will receive a copy of the *Rights of Parents of Students with Disabilities*. If consent for evaluation is obtained, IDEA must complete the evaluation and report within 45 school days of the date IDEA receives the written consent. IDEA must give a copy of the evaluation report to the parent.

Section 504 Services

IDEA provides a free appropriate public education to each qualified student with a disability, regardless of the nature or severity of the student’s disability. A “student with a disability” is one who has a physical or mental impairment that substantially limits one or more of the student’s major life activities, has a record of having such impairment, or is regarded as having such impairment. A student with a disability is “qualified” if he or she is between the ages of 3 and 21, inclusive.

An appropriate education is the provision of regular or special education and related services that are (1) designed to meet the student’s individual educational needs as adequately as the needs of students who do not have disabilities are met; and (2) based on adherence to procedures that satisfy federal requirements for educational setting, evaluation and placement, and procedural safeguards.

Qualified students with disabilities will be placed in the regular educational environment, unless IDEA demonstrates that education in the regular environment with the use of supplemental aids and services cannot be achieved satisfactorily. Should an alternate educational environment be necessary, IDEA will comply with all legal requirements regarding the least restrictive environment and comparable facilities for students with disabilities. In providing or arranging for nonacademic and extracurricular services and activities, IDEA will ensure that a qualified student with a disability participates with students who do not have disabilities to the maximum extent appropriate.

To be eligible for services and protections against discrimination on the basis of disability under Section 504 of the Rehabilitation Act, a student must be determined, as a result of an evaluation, to have a “physical or mental impairment” that substantially limits one or more major life activities. If a student has or is suspected of having a disability, or requires special services, parents/guardians or teachers should contact the Principal for information concerning available programs, assessments, and services.

Getting Permission to Video and Audio Record a Student

As a parent, you may grant or deny any written request from IDEA to make a video or voice recording of your child. State law, however, permits IDEA to make a video or voice recording without parental permission for the following circumstances:

- When it is to be used for school safety.
- When it relates to classroom instruction or a co-curricular or extracurricular activity; or
- When it relates to media coverage of the school.
- When it relates to the promotion of student safety in certain self-contained special education settings.

ADMISSIONS AND ENROLLMENT

General Admissions and Enrollment Information

Admission and enrollment of students shall be open to persons who reside within the geographic boundaries stated in the IDEA Public Schools Louisiana charter, and who are eligible for admission based on lawful criteria identified in the charter and in state law. The total number of students enrolled in IDEA shall not exceed the number of students approved in the charter or subsequent amendments. Total enrollment may further be limited by IDEA based on occupancy limitations, code compliance and staffing availability and requirements as deemed necessary.

In accordance with state law, IDEA does not discriminate in its admissions policy on the basis of sex, national origin, ethnicity, religion, disability, academic or artistic or athletic ability, or the district the child would otherwise attend.

Admissions Application

Students wanting to attend IDEA must submit an application by approved deadlines subject to district approval. Applicants placed on our waitlist must re-submit an admissions application each school year within the timeline set by IDEA.

Acceptance Procedures

If fewer applications than spots available are received, students will be admitted on a first-come, first-served basis. If IDEA receives more applications than it has spots available, it will conduct a random lottery. Once all enrollment spots have been filled by the lottery, the lottery will continue, and applicants will be placed on a waiting list in the order in which they were drawn. If a vacancy arises before the commencement of the school year, the individual on the waiting list with the lowest number assignment will be offered admission and then removed from the waiting list.

If an application is received after the application period has passed, the applicant's name will be added to the waiting list behind the names of the applicants who timely applied.

Families offered enrollment will be provided a registration packet with instructions for registering. Families must complete and return the registration packet by the published deadline in order to secure enrollment. If an enrollment offer is declined or if you do not complete the registration packet by the established deadline, your child's seat will be offered to the next potential applicant or student on the waiting list.

Exceptions to Lottery Process

Lottery priorities may be included in the approved charter for a given school as is subject to regional policy. For example, siblings of students already admitted to or attending IDEA might be given priority consideration in the lottery if such a priority has been established by school leaders in accordance with state law.

Student Information to Verify Enrollment Eligibility

IDEA ensures that appropriate measures are taken to verify, on enrollment, that a student is entitled to enroll. Any student admitted to IDEA must have records such as a report card and/or transcript from the previous school attended to verify his or her academic standing. Verification of residency and current immunization records are also required. Every student enrolling in IDEA for the first time must present documentation of immunizations or exemption from such a requirement. Any student without current immunization records on file at the campus will result in the student being excluded from attendance until records are received. Students shall not be enrolled at IDEA Public Schools until immunization records are received.

No later than 30 days after enrolling in IDEA, the parent and public school in which the student was previously enrolled shall furnish records that verify the identity of the student. These records may include the student's birth certificate, or a copy of the student's school records from the most recently attended school.

Children will not be denied enrollment because they failed to meet this requirement.

IDEA will forward a student's records on request to a school in which a student seeks or intends to enroll without the necessity of the parents' consent.

Establishing Identification

Any of the following documents are acceptable for proof of identification and age: birth certificate; driver's license; passport; school ID card; records, or report card; military ID; hospital birth records; adoption records; church baptismal record; or any other legal document that establishes identity.

Residency Verification

As part of the registration process schools must obtain evidence that a person is eligible to attend public schools in the area. To be eligible for continued enrollment in IDEA, each student's parent must show proof of residency at the time of enrollment. Residency may be verified through observation, documentation, and other means, including, but not limited to:

1. A recently paid rent receipt,
2. A current lease agreement,
3. The most recent tax receipt indicating home ownership,
4. A current utility bill indication the address and name of the residence occupiers,

Expulsions

If a student commits an expellable offense, as outlined in the IDEA Student Code of Conduct, administrators may expel the student only after due process has been afforded the student, as otherwise provided by State law, and a committee or responsible administrator has determined that expulsion is the appropriate consequence. All recommendations for expulsion shall be referred to a hearing officer appointed by IDEA and an expulsion hearing shall be conducted in accordance with the district's guidelines. For students in Special Education or in Section 504 refer to discipline guidelines as indicated by state and federal guidelines.

Transfers

Students must attend an IDEA campus for one year before transferring to another campus, UNLESS there is a change in the student's address since the student's application date. Transfers are contingent upon space availability at the applicable campus. Any student wishing to transfer to another IDEA school must submit their request to transfer by March 1st of the current year in order to be eligible for fall enrollment should there be space available.

Withdrawals from School

Voluntary Withdrawal

A student under 18 years of age may be withdrawn from school only by a parent. IDEA requests notice from the parent at least three days in advance so that records and documents may be prepared. Parents/guardians may obtain a withdrawal form from the main office. The parent shall also provide the name of the new school in which the student will be enrolled and must sign the withdrawal request to document that the student will continue to be enrolled in a school as required by compulsory attendance laws.

A student who is 18 years of age or older, who is married, or who has been declared by a court to be an emancipated minor, may withdraw without parental signature.

Withdrawing students and parents/guardians are expected to:

- Have a meeting with a school administrator;
- Return all textbooks and checked-out materials and equipment;
- Complete any make-up work assigned;
- Pay any unpaid balance for student fees, if any; and
- Sign a release of student records.

In all cases, withdrawal forms must be appropriately completed and signed before withdrawal is complete.

Involuntary Withdrawal

IDEA may initiate withdrawal of any student for non-attendance if:

- (1) the student has been absent for fifteen unexcused absences, AND
- (2) the student has been declared truant by a court.

ATTENDANCE AND TUITION

Attendance and Tardiness

Consistent school attendance is an essential component of each student's education. Absence from school will affect a student's ability to succeed in class; for this reason, students and parents/guardians should make every effort to avoid unnecessary absences. Additionally, state law mandates compulsory school attendance for children of a certain age, and another state law deals with attendance for course credit and a student's final grade. These laws are discussed below.

Nearly all tardiness is avoidable and is excusable only in cases of illness or emergency. If a student arrives late to school, a parent must report to the school office to complete a tardy slip. Warning letters will be given

for excessive tardies and absences. Repeated tardiness will result in disciplinary consequences as allowed by the Student Code of Conduct.

Louisiana Compulsory Attendance Law

The state compulsory attendance law requires that a student between the ages of seven and 18, or a student who is below the age of seven and enrolled in a school, must attend school and school-required tutorial sessions unless the student is otherwise legally exempted or excused. IDEA staff must investigate and report violations of the state compulsory attendance law. A student absent from school without permission from any class, from required special programs, or from required tutorials will be considered “truant” and subject to disciplinary action.

A student who voluntarily attends or enrolls after his or her 19th birthday is required to attend each school day. If a student 19 years of age or older has more than five unexcused absences in a semester, IDEA may revoke the student’s enrollment, except that IDEA may not revoke the enrollment on a day on which the student is physically present at school. The student’s presence on school property thereafter would be unauthorized and may be considered trespassing. Prior to revoking the student’s enrollment, IDEA shall issue a warning letter to the student after the third unexcused absence stating that the student’s enrollment may be revoked for the remainder of the school year if the student has more than five unexcused absences in a semester. As an alternative to revoking enrollment, IDEA may impose a behavior improvement plan.

Notice to Parents/guardians: Under Louisiana Revised Statute § 17:221, you are hereby notified that if a student is absent from school on ten or more days or parts of days within a six-month period in any one school year, the parent is subject to prosecution under Louisiana Revised Statute § 17:233 and the student is subject to referral to a truancy court for truant conduct.

IDEA shall notify a student’s parent if the student has been absent from school, without excuse, for one-to-four unexcused absences. Following five unexcused absences, IDEA shall provide written notice to the student’s family, and refer the matter to the appropriate local agencies.

Required Documentation of Absences

A student absent from school, upon his or her return, must provide a written note to the school that explains the absence. The note must either be signed by a parent, guardian, or the student if the student is over the age of 17 or emancipated.

Excused Absences

State law allows exemptions to the compulsory attendance requirements for several types of absences if the student makes up all work. These include the following activities and events:

- Religious holy days;
- Required court appearances;
- Activities related to obtaining United States citizenship;
- Service as an election clerk;
- Documented health-care appointments for the student or a child of the student, including absences for recognized services for students diagnosed with autism spectrum disorders. A note from the health-care provider must be submitted upon the student’s arrival or return to campus;
- Extended leave related to physical or emotional illness, a hospital stay, recuperation from an accident, or a contagious disease in the family;
- A death in the family (not to exceed one week);
- Prior school-approved travel for education;
- Natural catastrophe and/or disaster;
- For students in the conservatorship (custody) of the state;
- Mental health or therapy appointments;

- Temporary absence resulting from any cause acceptable to the teacher, Principal, or Superintendent; or
- Court-ordered family visitations or any other court-ordered activity, provided it is not practicable to schedule the student's participation in the activity outside of school hours.

Students may be excused up to two absences in their junior year and two absences in their senior year when visiting an accredited institution of higher education for the purpose of determining their interest in attending that institution. Upon return to school, a student shall provide a written note to the school that explains the absence, along with documentation indicating that the student indeed visited the institution.

Absences of up to two days in a school year will also be considered an exemption for a student serving as an early voting clerk, provided the student notifies his or her teachers and receives approval from the Principal prior to the absence.

Absences of up to five days will be excused for a student to visit with a parent, stepparent, or legal guardian who has been called to duty for, is on leave from, or immediately returned from certain deployments.

For religious holy days, required court appearances, activities related to obtaining citizenship, and serving as an election clerk, one day of travel to the site and one day of travel from the site shall also be excused by IDEA.

Unexcused Absences

Any absence not listed above or approved in advance by the principal due to extenuating circumstances will be considered an unexcused absence. Vacations are not an acceptable cause for an excused absence from school.

Leaving Campus During School Hours

A student younger than 18 years old must have prior parent/guardian approval, either written or by a school documented phone call, before that student may leave the school campus during school hours.

REQUIRED INSTRUCTION AND GRADUATION

IDEA maintains compliance with all state laws and regulations governing curriculum and graduation requirements.

Required Curriculum

IDEA offers instruction in the Louisiana Student Standards of the appropriate grade levels in the following required curriculum:

1. A foundation curriculum that includes:
 - a. English language arts and reading;
 - b. Mathematics;
 - c. Science;
 - d. Social studies;
 - e. Spanish; and

2. An enrichment curriculum that includes
 - a. Health education;
 - b. Physical education ("PE");
 - c. Fine Arts; and
 - d. Career and technical education.

Physical Education Requirements

All students in grades K–8 will engage in at least 150 minutes of physical activity each week as part of the physical education curriculum.

Graduation Requirements

High School students will engage in at least 3 semesters of PE to earn 1.5 credits AND will receive a minimum of 3,863 minutes of Health Education (1) semester of .5 credit.

For any reason your child is unable to fulfill this physical education requirement contact your campus college counselor.

Physical Education Exemption

Short-term exemptions from physical education are possible for students who have fewer physical abilities, illnesses, or other incapacities that a physician deems severe enough to warrant exemption or severe enough to warrant modified activity in such classes. Each case is handled on an individual basis as follows:

1. Each request for exemption or for modified activity must be accompanied by a physician's certificate. Such certificates are honored but must be renewed each year.
2. When the certificate allows modified activities in class, the student should remain in physical education class. The teachers adjust the activities of the student to the disability.
3. An exempted student may be admitted to regular physical education activities only upon presentation of a written statement from the same physician who signed the original exemption.

Grading Scale and GPA

IDEA's grading scale reflects both unweighted (4.0) and weighted (5.0) courses. School approved AP and honor courses are on the weighted (5.0) scale.

GPA is calculated by dividing the total number of quality points earned by the total number of credits attempted. Attempted and earned credits are calculated into GPA for high school courses taken 8th-12th grade. Quality points are not calculated for high school credits earned in 8th grade.

Grades are stored at the end of each semester. GPA is then recalculated to reflect grades earned for each semester. Courses with a letter grade F or below a 67 percent will not earn any credit.

	District Approved Courses		District Approved Honors Courses		District Advance Placement (AP) Courses	
A	100 - 93	4	100 - 93	5	100 - 90	5
B	92 - 85	3	92 - 85	4	89 - 80	4
C	84 - 75	2	84 - 75	3	79 - 70	3
D	74 - 67	1	74 - 67	1	69 - 60	1

F	66 – 0	0	66 – 0	0	59 - 0	0
---	--------	---	--------	---	--------	---

If a student transfers into an IDEA campus, only AP/IB and honor courses will be given the additional weight of 1 grade point; all others will follow the 4.0 grade point scale.

Academic Rank

Class rank will be determined using one scheme for all students due to IDEA's graduation plan. Cumulative weighted GPA is used to determine class rank. Attempted and earned credits are calculated into GPA for courses taken 8th-12th grade. Quality points are not calculated for high school credits earned in 8th grade.

Graduation Plan

IDEA shall ensure that each student enrolls in the courses necessary to complete the curriculum requirements identified by the Louisiana Department of Education. IDEA students will be on the path to earn a TOPS University Diploma based on the courses they take from 8th-12th grade. TOPS University Diploma prepares students to matriculate into a 4-year university upon high school graduation. To earn a TOPS University Diploma, a student must:

1. Achieve passing scores on Louisiana Educational Assessment Program (LEAP) assessments or approved substitute assessments, unless specifically waived as permitted by state law;
2. Complete any locally required courses in addition to the courses mandated by the State;
3. Complete the required number of credits established by the State and any additional credits required by IDEA; and
4. Complete additional indicators required by state law which include submission of financial aid application

IDEA will work with students in grades 9th-12th to complete a minimum of 80 hours of community service in order to be considered for a Community Service Endorsement which will be displayed on the student's transcript.

IDEA will also work with students in grades 9th-12th to achieve a 2.5+ weighted GPA and a composite ACT score of 20+ in order to be admissible into Louisiana's 4-year public universities.

Standardized Testing

LEAP (Louisiana Educational Assessment Program)

In addition to routine tests and other measures of achievement, students in grades 3-8 will take state-mandated assessments, such as the LEAP, in the following subjects:

- Mathematics, annually in grades 3-8.
- English and Language Arts, annually in grades 3-8.
- Science, annually in grades 3-8.
- Social Studies, annually in grades 3-8.
- Algebra 1
- Geometry
- English 1
- English II
- Biology
- US History

Successful performance on the reading and math assessments in grades 4 and 8 is required by law, unless the student is enrolled in a reading or math course intended for students above the student's current grade level, in order for the student to be promoted to the next grade level. (Colleen Stearn researching to determine if this is still accurate).

In order to meet the graduation requirements, all students must pass one subject in each of the three subject pairs:

- Algebra I or Geometry
- Biology or US History
- English I or English II

The LEAP program also includes assessments that address students receiving special education services and for English language learners who meet particular participation requirements set by the State.

English Language Proficiency Screener (“ELPS”)

The English Language Proficiency Screener (“ELPS”) is a system of statewide assessments administered to all Limited English Proficient (“LEP”) students in grades K–12. The ELPS measures English ability based on the stages of language development of second language learners. These results will further the understanding of the educational needs of LEP students by providing a state-level measure of both their current academic English levels and their annual progress in English.

Attendance Needed Per Class for Credit

To receive credit or a final grade in a class, a student must attend at least 60,120 minutes (equivalent to 167 six-hour days) in a school year. These days may include excused absences. Students in danger of failing due to excessive absences may be allowed to make up missed time in class sessions held outside the regular class time. The make-up sessions must be completed before the end of the current semester and all other policies must be met.

In determining whether there were extenuating circumstances for the absences, thereby allowing for the student to be promoted, the Executive Director will use the following guidelines:

1. All absences, whether excused or unexcused, must be considered, with consideration given to special circumstances as defined by Louisiana Law.
2. For a student transferring into IDEA after school begins, including a migrant student, only those absences after enrollment will be considered.
3. In reaching consensus about a student’s absences, the committee will attempt to ensure that its decision is in the best interest of the student.
4. The committee will consider whether the absences were for reasons over which the student or parent could exercise control.
5. The committee will consider the acceptability and authenticity of documentation expressing reasons for the student’s absences.
6. The committee will consider the extent to which the student has completed all assignments, mastered the essential knowledge and skills, and maintained passing grades in the course or subject.
7. The student, parent or other representative will be given an opportunity to present any information to the committee about the absences and to discuss ways to earn or regain credit.

If credit is lost because of excessive absences, the attendance committee will decide how the student may regain credit or earn a final grade. If the committee determines there are no extenuating circumstances and that credit or a final grade may not be earned, the student or parent may appeal the committee’s decision to the IDEA Public Schools Louisiana Board of Directors by filing a written request with the Executive Director. The appeal notice must be delivered to the Executive Director within 30 days following the last day of instruction in the semester for which credit was denied. The appeal will then be placed on the agenda of the next regularly scheduled Board meeting. The Superintendent or designee shall inform the student or parent of the date, time, and place of the meeting.

Promotion and Retention Requirements

IDEA Public Schools Louisiana adheres to the Pupil Progression Plan adopted by the authorizing school board.

A student may be promoted on the basis of academic achievement and/or demonstrated proficiency in the subject matter of the course or grade level. To earn credit in a course, a student must demonstrate mastery on grade level standards and meet school requirements for attendance.

In addition, at certain grade levels a student – with limited exceptions – will be required to pass the Louisiana Educational Assessment Program (“LEAP”).

- In order to be promoted to grade 5, students enrolled in grade 4 are expected to perform satisfactorily on required State assessments.
- In order to be promoted to grade 9, students enrolled in grade 8 are expected to perform satisfactorily on required State assessments.

If a student in grade 8 is enrolled in a class or course intended for students above his or her current grade level in which the student will be administered a state-mandated assessment, the student may be required to take an applicable state mandated assessment only for the course in which he or she is enrolled, unless otherwise required to do so by federal law.

Parents/guardians of students who do not perform satisfactorily on their LEAP assessments will meet with the teachers of the child’s core academic subjects, and specialized support personnel as needed, to review the student’s academic progress, and formulate an individual academic improvement plan. All participants in such meeting(s) shall sign the documented plan and meet at least once more prior to the next administration of the LEAP assessment. The student shall be provided with focused, on-grade level instructional support, and shall be afforded the opportunity to receive grade-level instruction during the summer.

Promotion decisions will be made according to a preponderance of evidence including but not limited to any of the following:

- Coursework from throughout the school year
- Previous state mandated test scores
- Participation in spring/summer remediation and evidence of student work upon completion of program
- Student attendance during the regular school year, school year remediation and summer remediation
- Portfolio of LEAP-like student work in the areas where the student failed to meet the promotion criteria such as district benchmark assessments, LEAP 360 assessments, EAGLE assessments and other progress monitoring measures
- Evidence from other allowable district-approved interventions and supports including those listed below

For 4th grade students who have not met the acceptable level of performance on statewide assessments, the School Building Level Committee of that school shall make the final retention or promotion decisions based on the above criteria and shall initiate an individual academic improvement plan.

Eighth grade students shall score at least at the “Basic” achievement level in either English language arts or mathematics and “Approaching Basic” in the other subjects in order to be promoted to the ninth grade. Students who do not meet the promotion standard after taking the eighth-grade state assessments in the spring, following the completion of summer remediation, may be placed on a high school campus in the transitional ninth grade.

Valedictorian and Salutatorian

Graduating seniors with the highest and second highest cumulative weighted grade point average as determined at the end of the spring semester of senior year and carried out two decimal places will be eligible to serve as the valedictorian and salutatorian respectively. Eligibility for Valedictorian and Salutatorian classification is communicated to students at the beginning of the Fall semester of senior year in preparation for college and scholarship applications. For seniors, the final class rankings are determined at the end of students' 8th semester.

Additional Considerations:

- Valedictorian and salutatorian eligibility requires attendance at an IDEA Public Schools high school for all eight semesters of high school from 9th – 12th grade
- If 2 students have earned exactly the same weighted GPA, they will be named co-Valedictorians, and the student with the second-highest weighted GPA will be named Salutatorian.
- A student who is in violation of school code of conduct, honor code, or has criminal charges may be deemed ineligible to represent school as the valedictorian or salutatorian.

For campus planning purposes, the unofficial Valedictorian and Salutatorian determination can be communicated with appropriate staff members and students after Quarter 15 grades are stored.

Students with Disabilities

Upon the recommendation of the student's Individual Education Program ("IEP") Committee, a student with disabilities who is receiving special education services may be promoted and/or permitted to graduate under the provisions of his or her Individualized Education Program ("IEP").

A student who receives special education services and has completed four years of high school but has not met the requirements of his or her IEP, may participate in graduation ceremonies and receive a certificate of attendance. Even if the student participates in graduation ceremonies to receive the certificate of attendance, he or she may remain enrolled to complete the IEP and earn his or her high school diploma; however, the student will only be allowed to participate in one graduation ceremony.

HEALTH

Health-Related Resources, Policies, and Procedures

Mental and Physical Health Resources

Parents/guardians and students in need of assistance with physical and mental health concerns may contact the following campus and community resources:

- The health aide;
- The school counselor;
- The local public health authority;
- The local mental health authority.

Policies and Procedures that Promote Student Physical and Mental Health

IDEA has adopted board policies that promote student physical and mental health, including:

- Food and nutrition management,
- Wellness and health services,
- Physical examinations,
- Health Screenings,
- Immunizations,
- Medical treatment,
- Communicable diseases,
- Crisis intervention,
- Trauma-informed care,
- Student safety,
- Child abuse and neglect,
- Freedom from discrimination, harassment, and retaliation, and
- Freedom from bullying.

IDEA has also developed administrative procedures as necessary to implement these policies. Please contact Megan Heron at (210) 429-0231 for information on these policies and procedures.

Alcohol-Free School Notice

To provide a safe and alcohol-free environment for students and employees, all alcoholic beverages are prohibited on IDEA property at all times and at all school-sanctioned activities occurring on or off school property. Student violators are subject to possible prosecution, as allowed by law, as well as the disciplinary terms of the Student Code of Conduct.

Tobacco-Free School Notice

Students are prohibited from possessing or using any type of tobacco product, electronic cigarette (e-cigarette), or any form of smokeless tobacco or electronic vapor product while in school buildings, vehicles, or on or near school property, or at school-related or school-sanctioned events off school property. Student violators are subject to possible prosecution, as allowed by law, as well as the disciplinary terms of the Student Code of Conduct.

Drug-Free School Notice

IDEA believes that student use of illicit drugs is both wrong and harmful. Consequently, IDEA prohibits the use, sale, possession, or distribution of illicit drugs by students on school premises or any school activity, regardless of its location. IDEA also prohibits the use, sale, possession, or distribution of look-alike substances and/or synthetic substances designed to imitate the look and/or effects of illicit drugs. Student violators are subject to possible prosecution, as allowed by law, as well as the disciplinary terms of the Student Code of Conduct.

Mental Health Promotion and Intervention

IDEA has developed protocols for providing a parent with a recommended intervention for a student with early warning signs and a possible need for early mental health or substance abuse intervention, or who has been identified as at risk of attempting suicide. The campus School Counselor or Social Worker will notify a parent within a reasonable amount of time after learning that a student has early warning signs and possible need for intervention and will also provide additional information on available counseling options.

Teachers and administrators will be trained to recognize and assess for mental health crisis or suicide risk annually. The campus School Counselor or Social Worker will be trained in providing intervention and resources for students and families. The assessment process will determine the level of intervention and next steps for the student, parent, and campus.

IDEA has developed protocols for staff members to notify the School Counselor or Social Worker to identify a student who may need intervention.

The School Counselor or Social Worker at each campus can provide additional information about the school's intervention program, as well as materials on identifying risk factors, accessing resources for treatment, and accommodations available at school.

Mental Health Support (All Grade Levels)

IDEA has implemented programs to address the following mental health, behavioral health, and substance abuse concerns:

- Mental health promotion and early intervention;
- Building skills to manage emotions, establish and maintain positive relationships, and engage in responsible decision-making;
- Substance abuse prevention and intervention;
- Suicide prevention, intervention, and postvention (interventions after a suicide in a community);
- Grief, trauma, and trauma-informed care;
- Positive behavior interventions and supports;
- Positive youth development; and
- Safe, supportive, and positive school climates.

IDEA has adopted various curriculums that support mental health and wellness of staff, students, and families. IDEA has adopted Move this World as a standard social-emotional learning curriculum for Pre-K through 12th grade.

If a student has been hospitalized or placed in residential treatment for a mental health concern or substance abuse, IDEA has procedures to support the student's return to school. Please contact the School Counselor or Social Worker for additional information.

Teachers and other school employees may discuss a student's behavior or academic progress with the student's parent or another employee; however, they are not permitted to recommend use of psychotropic drugs. A psychotropic drug is a substance used in the diagnosis, treatment, or prevention of a disease or as a component of a medication and that is intended to alter perception, emotion, or behavior. An employee who is a registered nurse, advanced nurse practitioner, a physician, or a certified or credentialed mental health professional can recommend that a student be evaluated by an appropriate medical practitioner, if appropriate.

Emergency Medical Treatment

If a student has a medical emergency at school or a school-related activity and the parent cannot be reached, IDEA staff will seek emergency medical treatment unless the parent has previously provided a written statement denying this authorization. Parents/guardians are asked each year to complete an "Emergency Care" consent form, which includes information about their student's allergies to medications, etc. Parents/guardians should keep emergency contact information current (e.g., name of doctor, emergency phone numbers, allergies, etc.).

Immunizations

The State of Louisiana requires that every child in the state be immunized against vaccine preventable diseases caused by infectious agents in accordance with an established immunization schedule. To determine the specific number of doses that are required for your student, please refer to Louisiana Revised Statute 17:170. Proof of immunization may be personal records from a licensed physician or public health clinic with a signature or rubber-stamp validation. IDEA shall ensure compliance with immunization laws and regulations and complies with laws and regulations regarding reportable diseases.

Provisional Enrollment

A student may be enrolled provisionally if the student has an immunization record that indicates an immunization program is in progress. To remain enrolled, the student must complete the required subsequent doses in each vaccine series on schedule and as rapidly as is medically feasible and provide acceptable evidence of vaccination to the school. IDEA shall review the immunization status of a provisionally enrolled student every 30 days to ensure continued compliance in completing the required doses of vaccination. If at the end of the 30-day period, a student has not received a subsequent dose of vaccine, then the student is not in compliance and IDEA shall exclude the student from school attendance until the required dose is administered.

A student who is homeless, as defined by the McKinney-Vento Homeless Assistance Act (42 U.S.C. § 11302), shall be admitted temporarily for 30 days if acceptable evidence of vaccination is not available. IDEA shall promptly refer the student to appropriate public health programs to obtain the required vaccinations.

Exclusions from Immunization Requirements

Exclusions from immunization requirements are allowable on an individual basis for medical reasons, reasons of conscience (including a religious belief), and active duty with the armed forces of the United States.

To claim exclusion for medical reasons, the student must present a statement signed by the student's physician (M.D. or D.O.), duly registered and licensed to practice medicine in the United States who has examined the student, in which it is stated that, in the physician's opinion, the vaccine required is medically contraindicated or poses a significant risk to the health and well-being of the student or any member of the student's household. Unless it is written in the statement that a lifelong condition exists, the exemption statement is valid for only one year from the date signed by the physician.

To claim an exclusion for reasons of conscience, including a religious belief, written notice must be presented by the student's parent, stating that the student's name, date of birth, and decision to exempt their child from the school vaccination requirements. This must be provided at the beginning of each school year in which an exemption is sought. If the parent is seeking an exemption for more than one student in the family, a separate notice must be provided for each student. Students who have not received the required immunizations for reasons of conscience, including religious beliefs, may be excluded from school in times of emergency or epidemic declared by the commissioner of public health.

To claim exclusion for armed forces, the student must prove that he or she is serving on active duty with the armed forces of the United States.

If a parent seeks an exemption for more than one student, a separate form must be provided for each student.

Immunization Records Reporting

IDEA's record of a student's immunization history, while private in most instances, may be inspected by the Louisiana Department of Education, East Baton Rouge Parish School Board and/or the Orleans Parish School Board, local health departments, and Louisiana Department of Health, and transferred to other schools associated with the transfer of the student to those schools.

Food Allergy Information

The parent of each student enrolled in IDEA must complete a form provided by IDEA that discloses (1) whether the child has a food allergy or a severe food allergy that should be disclosed to IDEA to enable it to take any necessary precautions regarding the child's safety and (2) specifies the food(s) to which the child is allergic and the nature of the allergic reaction.

For purposes of this requirement, the term "severe food allergy" means a dangerous or life-threatening reaction of the human body to a food-borne allergen introduced by inhalation, ingestion, or skin contact that requires immediate medical attention.

IDEA may also require information from a child's physician if the child has food allergies.

Food allergy information forms will be maintained in the child's student records and shall remain confidential. Information provided on food allergy information forms may be disclosed to teachers, school counselors, school nurses, and other appropriate school personnel only to the extent consistent with Board policy and as permissible under the Family Educational Rights and Privacy Act of 1974 ("FERPA").

Communicable Diseases

To protect other students from contagious illnesses, students infected with certain diseases are not allowed to come to school while contagious. Parents/guardians of students with a communicable or contagious disease should notify the Principal or designee so that other students who might have been exposed to the disease can be alerted.

School authorities, including Headquarters staff, a Principal, teacher, school health official, or counselor will report those students who are suspected of having a reportable condition. A list of reportable conditions can be retrieved from the main office at each campus, or through the Louisiana Department of Health.

Any student excluded from school attendance for reason of communicable disease may be readmitted by one or more of the following methods, as determined by the local health authority:

- Certificate of the attending physician, advanced practice nurse, or physician assistant attesting that the child does not currently have signs or symptoms of a communicable disease or to the disease's non-infectiousness in a school setting;
- Submitting a permit for readmission issued by a local health authority; or
- Meeting readmission criteria as established by the commissioner of health.

Head Lice

Head lice (which are not an illness or disease) are common among children and may spread easily through contact during play or when students share items such as headphones, brushes, combs hats, or other items that come in contact with hair. If IDEA observes that a student may have head lice, an appropriate administrator will contact the student's parent to determine whether the student needs to be sent home and to discuss a plan for treatment with an FDA-approved medicated shampoo or cream rinse. When an elementary student has head lice, IDEA will also provide written notice to the student's parent and the parents/guardians of each child assigned to the same classroom as required by state law.

Administration of Medication

Medication should be administered at home whenever possible. If necessary, medication can be administered at school under the following circumstances:

- Prescription medication brought to school must be submitted by a parent, along with a written request. The medication must also be in the original and properly labeled container.
- Prescription medications administered during school hours must be prescribed by a licensed physician or dentist and filled by a pharmacist licensed in the State of Louisiana.
- Prescription medications must be submitted in a labeled container showing the student's name, name of the medication, reason the medication is being given, proper dosage amounts, the time the medication must be taken, and the method used to administer the medication. Medications sent in plastic baggies or unlabeled containers will NOT be administered.
- If the substance is herbal or a dietary supplement, it must be provided by the parent and will be administered only if required by the students Individualized Education Program ("IEP") or Section 504 plan for a student with disabilities.
- Only the amount of medication needed should be delivered to the school, i.e., enough medication to last one day, one week, etc. In cases of prolonged need, send in the amount for a clearly specified period. Extra medication will not be sent home with the student.
- Children require an over-the-counter written consent form signed by parent/guardian prior to administration of OTC medications. Parents/guardians indicate on the OTC form which medications

the school staff may administer when providing care to the child. Verbal consent will not be accepted.

Changes to daily medication require written instruction from the physician or dentist and written permission from the parent. Parents/guardians are responsible for advising IDEA that a medication has been discontinued.

Authorized Employees

Employees authorized by IDEA to administer prescription medication include registered nurses, specifically trained school personnel, and anyone designated by the Director of Health Services.

Self-Administration of Prescription Asthma or Anaphylaxis Medicine

The nurse of each campus shall ensure that a student with asthma or anaphylaxis may possess and self-administer prescription medication if the student has physician's orders and parent permission. The medication must have been prescribed for the student and be in an original container with a prescription label. If a student experiences a severe allergic reaction, the nurse or supervising adult is authorized to administer the appropriate anaphylaxis drug. A student may self-administer the drug if he/she meets the requirements below.

Before a student may be allowed to self-administer asthma or anaphylaxis medication, the parent must provide:

- signed, written authorization for the student to self-administer the prescription medicine while on school property or at a school-related activity; and
- a written statement signed by the child's physician or provider that states that the student has asthma and/or anaphylaxis and is capable of self-administering the prescription medication;
- the name and purpose of the medicine;
- the prescribed dosage of the medicine;
- the time(s) at which or circumstances under which the medicine may be administered; and
- the period for which the medicine is prescribed.

Written authorizations to self-administer asthma or anaphylaxis medication should be updated annually unless otherwise indicated by the student's physician.

Psychotropic Medication

An employee may not:

- 1) Recommend that a student use a psychotropic drug;
- 2) Suggest any particular diagnosis; or
- 3) Preclude a student from attending class or participating in a school related activity if the parent refuses to consent to the administration of a psychotropic drug to a student or to a psychiatric evaluation or examination of the student.

This does not prevent an employee from:

- 1) Making an appropriate referral under the Individuals with Disabilities in Education Act;
- 2) Recommending that a child be evaluated by an appropriate medical practitioner if the employee is a registered nurse, advanced nurse practitioner, physician, or certified/credentialed mental health professional
- 3) Discussing any aspect of a student's behavior or academic progress with the student's parent/guardian or another IDEA employee.

Dyslexia and Related Disorders

From time to time, students may be tested and, where appropriate, treated for dyslexia and related disorders in accordance with programs, rules and standards approved by the state. The program approved by the state

must include at least one screening for each student in kindergarten through third grade. Parents/guardians will be notified should IDEA determine a need to identify or assess their student for dyslexia and related disorders.

Vision and Hearing Screenings

All children enrolled in Louisiana schools must be screened for possible vision and hearing problems in accordance with state law and regulations issued by Board of Elementary and Secondary Education. Students in certain grade levels identified by state regulations shall be screened for vision and hearing problems annually. A student may be screened using photo screening to detect vision disorders. Parents/guardians will be notified of the results of any such screening.

Exemption: A student is exempt from screening requirements if screening conflicts with the tenets and practices of a recognized church or religious denomination of which the individual is an adherent or a member. To qualify for the exemption, the individual or, if the individual is a minor, the minor's parent, managing conservator, or guardian, must submit to the Principal or designee on or before the day of admission an affidavit stating the objections to screening.

Spinal Screening

Certain students must be screened for abnormal spinal curvature before the end of the school year. The screening requirement for students entering grade six or nine may be met if the child has been screened for spinal deformities during the previous year.

A parent who declines participation in the spinal screening provided by IDEA must submit to the Principal or designee documentation of a professional examination which includes the results of a forward-bend test. This documentation must be submitted to IDEA during the year the student is scheduled for screening or, if the professional exam is obtained during the following summer, at the beginning of the following school year.

Exemption: A student is exempt from screening if the screening conflicts with the tenets and practices of a recognized church or religious denomination of which the individual is an adherent or member. To qualify for the exemption, the student's parent, managing conservator, or guardian must submit to the Principal or designee on or before the day of the screening procedure an affidavit stating the objections to screening.

Pest Control

IDEA periodically applies pesticides to school buildings and grounds to control unwanted pests, such as insects and rodents. We will post notices of those treatment dates as required by law and will schedule treatment times when students or employees are least likely to be in the building or on the grounds.

Asbestos Management Plan

All school facilities have been inspected for asbestos by a licensed Asbestos Hazard Emergency Response Act ("AHERA") inspector. An Asbestos Management Plan has been created for IDEA in compliance with state and federal regulations. Parents/guardians may view the Asbestos Management Plan in the APO's office during regular business hours 8:00 a.m. to 5:00 p.m., Monday through Friday. If you have any questions, please contact IDEA's Director of Facilities, at (956) 377-8000.

Posting of Steroid Notice

IDEA does not permit steroid use. A notice shall be posted in a conspicuous location in the school gym or in each other place in a building where physical education classes are conducted.

Toileting

Toilet training is a process that varies from age to age and ability to ability. Typically children are toilet trained between the ages of 2 and 3 years old. Therefore, most children entering IDEA's Pre-K program are able to toilet themselves with minimal supervision, including properly wiping.

STUDENT SAFETY

Student Code of Conduct

IDEA has adopted a Student Code of Conduct in accordance with law.

The principal shall ensure that the student code of conduct is distributed to each student at the beginning of the year. Transfer students shall receive a student code of conduct upon enrollment.

Students with disabilities: any change in placement and/or any disciplinary action regarding a student with a disability, who needs or is believed to need special education and related services under the Individuals with Disabilities and Education Act, shall be in compliance with applicable federal and state laws and regulations.

Child Abuse Reporting and Programs

Using resources developed by the Louisiana Department of Children and Family Services (DCFS), IDEA provides child abuse anti-victimization programs and cooperates with official child abuse investigators as required by law. IDEA also provides training to its teachers and students in preventing and addressing incidents of abuse and other maltreatment of students, including knowledge of likely warning signs indicating that a student may be a victim of abuse or maltreatment. Assistance, interventions, and counseling options are also available.

School administrators will cooperate with law enforcement investigations of child abuse, including investigations by the Louisiana Department of Children and Family Services. School officials may not refuse to permit an investigator to interview at school a student who is alleged to be a victim of abuse or neglect. School officials may not require the investigator to permit school personnel to be present during an interview conducted at school.

Investigations at school may be conducted by authorized law enforcement or state agencies without prior notification or consent of the student's parents/guardians.

Reporting Child Abuse

Any IDEA employee, volunteer, or agent who believes a child has been adversely affected by physical, sexual, or mental abuse or neglect shall make a report immediately upon first suspecting such abuse or neglect. The report shall be made to law enforcement or the Louisiana DCFS.

Anyone who suspects that a child has been or may be abused or neglected has a legal responsibility, under state law, for reporting the suspected abuse or neglect to law enforcement or to the Louisiana DCFS within twenty-four (24) hours. Reports may be made by contacting one of the following:

- Louisiana Abuse Hotline: 1-855-4LA-KIDS.
- Your local police department.
- Call 911 for emergency situations.

IDEA has established a plan for addressing child sexual abuse and other maltreatment of children (the "Plan"). The Plan is addressed in this section of the Handbook.

Methods for Increasing Awareness Regarding Sexual Abuse or Other Maltreatment of Children

For Staff: IDEA annually trains staff in all content areas addressed in the Plan. Training is provided by campus staff, administrative staff, or outside agencies as determined by the campus administration.

For Students: School counseling staff will address issues to increase awareness regarding sexual abuse and other maltreatment of children and anti-victimization programs with age-appropriate conversation and materials no less than once per school year. These discussions will occur in classroom group settings.

For Parents/guardians: Parents/guardians must be aware of warning signs indicating that their child may have been or is being sexually abused or otherwise maltreated. A child who has experienced sexual abuse or other maltreatment should be encouraged to seek out a trusted adult. Be aware as a parent or other trusted adult that evidence of sexual abuse or other maltreatment may be more indirect than disclosures or signs of physical abuse. It is important to remain calm and comforting if your child, or another child, confides in you. Reassure the child that he or she did the right thing in coming to you.

The fact that the abuser is a parent or other family member does not remove your obligation to protect the child. Parents/guardians who permit their child to remain in a situation where he or she may be injured or abused may also be subject to prosecution for child abuse. And, if you are frightened for your own safety or that of your child, you should call 911 or 1-855-4LA-KIDS.

Also remember that parents/guardians are legally responsible for the care of their children and must provide their children with safe and adequate food, clothing, shelter, protection, medical care and supervision, or arrange for someone else to provide these things. Failure to do so may be considered neglect.

The Principal or designee will provide information regarding counseling options available in your area for you and your child if your child is a victim of sexual abuse or other maltreatment. The DCFS also provides early abuse intervention through counseling programs. Services available in your county can be accessed at the following web address: <http://www.dcfs.louisiana.gov>

Likely Warning Signs of Sexual Abuse or Other Maltreatment

Psychological and behavioral signs of possible sexual abuse or other maltreatment may include:

- Nightmares, sleep problems, extreme fears without an obvious explanation.
- Sudden or unexplained personality changes; becoming withdrawn, angry, moody, clingy, “checking out” or showing significant changes in eating habits.
- Depression or irritability.
- An older child behaving like a young child, for example, bedwetting or thumb sucking.
- Developing fear of certain places or resisting being alone with an adult or young person for unknown reasons.
- Resistance to routine bathing, toileting, or removing clothes, even in appropriate situations.
- Play, writing, drawings, or dreams of sexual or frightening images.
- Refusal to talk about a secret he or she has with an adult or older child.
- Leaving clues that seem likely to provoke a discussion about sexual issues.
- Using new or adult words for body parts.
- Engaging in adult-like sexual activities with toys, objects or other children.
- Developing special relationships with older friends that may include unexplained money, gifts, or privileges.
- Intentionally harming him or herself, for example, drug/alcohol use, cutting, burning, running away, and sexual promiscuity.
- Thinking of self or body as repulsive, dirty, or bad.

- Becoming increasingly secretive about Internet or telephone use.

Physical symptoms of possible sexual abuse or other maltreatment include:

- Stomach aches or illness, often with no identifiable reason.
- Difficulty in walking or sitting.
- Stained or bloody underwear.
- Genital or rectal pain, itching, swelling, redness, or discharge.
- Bruises or other injuries in the genital or rectal area.
- Unexplained soreness, pain or bruises around mouth, sexually transmitted disease, or pregnancy.

Any one sign does not necessarily mean that a child has been sexually abused or maltreated, but the presence of several signs is the time you should begin asking questions and seeking help. Often signs first emerge at other times of stress, such as during a divorce, death of a family member or pet, problems at school or with friends, or other traumatic or anxiety-inducing events.

Actions That a Child Who Is a Victim of Sexual Abuse or Other Maltreatment Should Take

During student awareness sessions concerning sexual abuse and other maltreatment issues, students will be encouraged to tell a trusted adult in a private and confidential conversation if they have been a victim of sexual abuse or other maltreatment or have been in situations that make them feel uncomfortable in any way. School employees are trained to take appropriate actions to help the child obtain assistance and to follow proper reporting procedures. Older students will also be provided with local crisis hotline numbers to obtain assistance.

Freedom from Discrimination, Harassment, and Retaliation

Statement of Nondiscrimination

IDEA prohibits discrimination, including harassment, against any student on the basis of race, color, religion, gender, national origin, disability, age, sexual orientation, or any other basis prohibited by law. IDEA also prohibits dating violence, as defined by this Handbook. Retaliation against anyone involved in the complaint process is a violation of IDEA policy.

Discrimination and Harassment (Prohibited Conduct)

For purposes of IDEA policy, the term “Prohibited Conduct” means discrimination or harassment against a student involving conduct directed at a student on the basis of race, color, religion, gender or sex, national origin, disability, age, or any other basis prohibited by law and that adversely affects the student, and/or that is so severe, persistent, or pervasive that the conduct:

- Affects a student’s ability to participate in or benefit from an educational program or activity, or creates an intimidating, threatening, hostile, or offensive educational environment;
- Has the purpose or effect of substantially or unreasonably interfering with the student’s academic performance; or
- Otherwise adversely affects the student’s educational opportunities.

Examples of Prohibited Conduct may include offensive or derogatory language directed at another person’s religious beliefs or practices, accent, skin color, or need for accommodation; threatening or intimidating conduct; offensive jokes; name calling, slurs, or rumors; physical aggression or assault; display of graffiti or printed material promoting racial, ethnic, or other negative stereotypes; or other kinds of aggressive conduct such as theft or damage to property.

IDEA also considers gender-based harassment to be Prohibited Conduct. Gender-based harassment includes harassment based on a student’s gender, expression by the student of stereotypical characteristics associated with the student’s gender, or the student’s failure to conform to stereotypical behavior related to gender. Examples of gender-based harassment directed against a student, regardless of the student’s or the

harasser's actual or perceived sexual orientation or gender identity, may include, but not be limited to, offensive jokes, name-calling, slurs, or rumors; physical aggression or assault; threatening or intimidating conduct; or other kinds of aggressive conduct such as theft or damage to property

"Prohibited Conduct" may also include dating violence, which occurs when one partner in a dating relationship, either past or current, intentionally uses physical, sexual, verbal, or emotional abuse to harm, threaten, intimidate, or control the other partner. Examples of dating violence against a student may include physical or sexual assaults, name-calling, put-downs, threats to hurt the student or the student's family members or members of the student's household, destroying property belonging to the student, threats to commit suicide or homicide if the student ends the relationship, attempts to isolate the student from friends and family, stalking, or encouraging others to engaged in these behaviors.

Retaliation

Retaliation against a person who makes a good faith report of Prohibited Conduct is prohibited. Retaliation against a person who is participating in an investigation of reported Prohibited Conduct is also prohibited. A person who makes a false claim or offers false statements or refuses to cooperate with an IDEA investigation, however, may be subject to appropriate discipline.

Examples of retaliation may include threats, rumor spreading, ostracism, assault, destruction of property, unjustified punishments, or unwarranted grade reductions. Unlawful retaliation does not include petty slights or annoyances.

Reporting Prohibited Conduct

Any student who believes that he or she has experienced Prohibited Conduct or retaliation or believes that another student has experienced Prohibited Conduct or retaliation should immediately report the alleged acts to a teacher, counselor, the Principal, or other school employee. The report may also be made by the student's parent. Alternatively, a report may be made directly to the appropriate Compliance Coordinator identified in this Handbook.

Upon receiving a report of potential Prohibited Conduct, IDEA will determine whether the allegations, if proven, would constitute prohibited discrimination, harassment, dating violence, or retaliation. If not, IDEA will determine if the allegations, if proven, would constitute bullying. If the alleged prohibited conduct, if proven, would constitute prohibited conduct and would also be considered bullying, an investigation of bullying will also be conducted.

****NOTE**** IDEA's process concerning formal complaints of sexual harassment is outlined in "Freedom from Sexual Harassment" below.

Investigation

To the extent possible, IDEA will respect the privacy of the student; however, limited disclosures may be necessary to conduct a thorough investigation and to comply with law. Allegations of Prohibited Conduct will be promptly investigated. The investigation may be conducted by the Compliance Coordinator or designee, or by a third party designated by IDEA, such as an attorney. When appropriate, the Principal or the student's teacher(s) will be involved in or informed of the investigation.

If a law enforcement or other regulatory agency notifies IDEA that it is investigating the matter and requests that the school delay its investigation, IDEA will resume the investigation at the conclusion of the agency's investigation.

During the course of an investigation and when appropriate, IDEA will take interim action to address the alleged Prohibited Conduct.

If the school's investigation indicates that Prohibited Conduct occurred, appropriate disciplinary action and, in some cases, corrective action, will be taken to address the conduct. IDEA may take disciplinary and corrective action even if the conduct that is the subject of the complaint was not unlawful.

All involved parties will be notified of the outcome of the investigation within the parameters and limits allowed under the Family Educational Rights and Privacy Act ("FERPA").

Appeal

A student or parent who is dissatisfied with the outcome of the investigation may appeal through the school's student and parent complaint process, beginning at Level Two.

Freedom from Sexual Harassment

IDEA prohibits discrimination on the basis of sex, including sexual harassment, by an employee, volunteer, or another student.

Sexual harassment means conduct on the basis of sex that satisfies one or more of the following:

1. A school employee conditioning the provision of aid, benefit, or service on an individual's participation in unwelcome sexual conduct;
2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to IDEA's educational programs or activities;
3. Sexual assault, dating violence, domestic violence, or stalking (as those offenses are defined in the Clery Act, 20 U.S.C. § 1092(f), and the Violence Against Women Act, 34 U.S.C. § 12291(a)).

Examples of sexual harassment may include, but are not limited to, touching private body parts or coercing physical contact that is sexual in nature; sexual advances; jokes or conversations of a sexual nature; sexually-motivated physical, verbal, or nonverbal conduct; or other sexually motivated conduct, communications, or contact.

Romantic or inappropriate social relationships between students and school employees are prohibited. Any sexual relationship between a student and a school employee is always prohibited, even if consensual.

General Definitions

A "complainant" means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

A "respondent" means an individual who is reported to be the perpetrator of conduct that could constitute sexual harassment.

A "formal complaint" means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that IDEA investigate the allegation of sexual harassment.

"Supportive measures" means non-disciplinary, non-punitive individualized services offered appropriate and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to IDEA's educational program or activity without unreasonably burdening either party, including measures designed to protect the safety of all parties or IDEA's educational environment, or deter sexual harassment. Examples of supportive measures include, but are not limited to, counseling, extensions of deadlines or other course-related adjustments, modifications of class schedules, mutual restrictions on contact between the parties, and other similar measures.

Reporting Sexual Harassment

Any person may report sex discrimination, including sexual harassment (whether or not the person reporting is the person alleged to be the victim of conduct that could constitute sex discrimination or sexual harassment), in person, by mail, by telephone, or by email, using the contact information listed for the Title IX Coordinator in the "Statement of Nondiscrimination" section of this handbook, or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report. Such a report may be made at any time, including during non-business hours, by using the telephone number or email address, or by

mail to the office address, listed for the Title IX Coordinator.

IDEA's response to a report of sexual harassment must treat complainants and respondents equitably by offering supportive measures and by following a grievance process before the imposition of any disciplinary sanctions or other actions that are not supportive measures against a respondent.

After a report of sexual harassment has been made, the Title IX Coordinator must promptly contact the complainant to discuss the availability of supportive measures, consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint.

Notice of Allegations

Upon receipt of a formal complaint, IDEA must provide the following written notice to the parties who are known:

- Notice of IDEA's grievance process, including any informal resolution process.
- Notice of the allegations of sexual harassment, including, to the extent known, the identity of the parties, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident.
- Notice that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made known at the conclusion of the grievance process.
- Notice that the parties may have an advisor of their choice, who may be, but is not required to be, an attorney.
- Notice that the parties may inspect and review evidence related to the complaint.
- Notice that IDEA prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

If, during an investigation, IDEA decides to investigate allegations about the complaint or respondent that are not included in the initial notice of the complaint, IDEA must provide notice of the additional allegations to the parties whose identities are known.

Grievance Process

At the time of filing a formal complaint, a complainant must be participating in or attempting to participate in the education program or activity of IDEA.

The following guidelines apply when IDEA receives a formal complaint of sexual harassment. This process is designed to incorporate due process, principles, treat all parties fairly, and to assist IDEA reach reliable responsibility determinations.

- IDEA will require an objective evaluation of all relevant evidence – including both inculpatory and exculpatory evidence – and credibility determinations may not be based on a person's status as a complainant, respondent, or witness.
- Any individual designated by IDEA as a Title IX Coordinator, investigator, decision-maker, or to facilitate an informal resolution process must not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or responsible. IDEA will ensure that Title IX Coordinators, investigators, decision-makers, and anyone who facilitates an informal resolution process receive appropriate training related to the requirements of Title IX and IDEA's sexual harassment policy.
- IDEA recognizes a presumption that the respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the complaint process.
- IDEA shall attempt to complete an investigation of reported sexual harassment within 60 calendar days of receiving a complaint. However, the investigation process may be delayed or extended for a limited time for good cause with written notice to the complainant and the respondent of the delay or extension. Good cause may include considerations such as absence of a party, a party's advisor,

or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities.

- Students found to have engaged in sexual harassment are subject to disciplinary action as outlined in the Student Code of Conduct.
- IDEA shall employ the preponderance of the evidence to determine responsibility when reviewing formal complaints.
- IDEA may not require, allow, rely upon, or otherwise use questions of evidence that constitute, or seek disclosure, of information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege.

Consolidating Formal Complaints

IDEA may consolidate formal complaints as to allegations of sexual harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against the other party, where the allegations of sexual harassment arise out of the same facts or circumstances.

Dismissal of Formal Complaints

IDEA must investigate the allegations in a formal complaint.

IDEA must dismiss a formal complaint if the conduct alleged in the formal complaint:

- Would not constitute sexual harassment, even if proved;
- Did not occur in IDEA's education program or activity; or
- Did not occur against a person in the United States.

IDEA may dismiss a formal complaint or any allegations therein if, at any time during the investigation:

- A complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein;
- The respondent is no longer enrolled or employed by IDEA; or
- Specific circumstances prevent IDEA from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon a dismissal, IDEA must promptly send simultaneous written notice to the parties of the dismissal and the reason(s) for the dismissal. Dismissal of a formal complaint does not preclude IDEA from taking appropriate action under the Student Code of Conduct or any other school policy that may apply to the alleged conduct.

Investigating Formal Complaints

The following guidelines apply during the investigation of a formal complaint and throughout the grievance process.

- IDEA will ensure the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rests on IDEA and not on the parties.
- IDEA cannot access, consider, disclose, or otherwise use a party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless IDEA receives that party's voluntary, written consent to do so.
- IDEA will provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence.
- IDEA will not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence.
- IDEA will provide the parties with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisory of their choice, and not limit the choice or presence of an advisor for

either the complainant or respondent in any meeting or grievance proceeding. IDEA may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties.

- IDEA will provide to a party whose participation is invited or expected written notice of the date, time, location, participants, and purpose of all investigative interviews or other meetings with sufficient time for the party to prepare to participate.
- IDEA will provide both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in a formal complaint, including the evidence upon which the recipient does not intend to rely in reaching a determination regarding responsibility and inculpatory or exculpatory evidence whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to conclusion of the investigation.
- Prior to completing an investigative report, IDEA must send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the parties must have at least 10 calendar days to submit a written response, which the investigator will consider prior to completing the investigative report.
- IDEA must create an investigative report that fairly summarizes relevant evidence and, at least 10 calendar days prior to a determination regarding responsibility, send to each party and the party's advisor, if any, the investigative report in an electronic format or a hard copy, for review and written response.
- After sending the investigative report to the parties and before reaching a determination of responsibility, the decision-maker(s) must afford each party the opportunity to submit written relevant questions that a party wants asked of any witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. The decision-maker(s) must explain to the party proposing the questions any decision to exclude a question as not relevant.

Determination Regarding Responsibility

The decision-maker(s) making a determination regarding responsibility cannot be the same person(s) as the Title IX Coordinator or the investigator(s). The decision-maker(s) must review the investigation report and make a written determination, based on the preponderance of the evidence standard, regarding responsibility. The written determination must include:

- Identification of the allegations potentially constituting sexual harassment;
- A description of the procedural steps taken from receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, or methods used to gather other evidence;
- Findings of fact supporting the determination;
- Conclusions regarding application of IDEA's Code of Conduct to the facts;
- A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions imposed on the respondent, and whether remedies designed to restore or preserve equal access to IDEA's education program or activities will be provided to the complainant; and
- IDEA's procedures and permissible bases for the complainant and respondent to appeal.

IDEA must provide the written determination to the parties simultaneously. The determination becomes final either on the date IDEA provides the parties with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

The Title IX Coordinator is responsible for effective implementation of any remedies.

Appeals

IDEA will offer both parties an appeal from a determination regarding responsibility, and from IDEA's dismissal of a formal complaint or any allegations therein, on the following bases:

- Procedural irregularity that affected the outcome of the matter;
- New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
- The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

As to appeals, IDEA will ensure that the decision-maker(s) for the appeal is not the same person as the decision-maker(s) that reached the determination regarding responsibility or dismissal, or the investigator(s), or the Title IX Coordinator. IDEA will provide both parties a reasonable equal opportunity to submit a written statement in support of, or challenging, the outcome.

The decision-maker(s) for the appeal will issue a written decision, based on the preponderance of the evidence standard, describing the result of the appeal and the rationale for the result, and provide the written decision simultaneously to both parties.

A party who is dissatisfied with the appeal decision may file an appeal through the student and parent complaint process, beginning at Level Two.

Emergency Removals

IDEA is able to remove a respondent from IDEA's education program on an emergency basis, provided that IDEA undertakes an individualized safety and risk analysis, determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal, and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal. IDEA's ability to do so may not be construed to modify any rights under the Individuals with Disabilities Education Act, Section 504, or the Americans with Disabilities Act.

Informal Resolution

At any time prior to reaching a determination regarding responsibility, IDEA may facilitate an informal resolution process, such as mediation, that does not involve a full investigation and adjudication. However, IDEA may not require as a condition of enrollment or continuing enrollment, or employment or continued employment, or enjoyment of any other right, waiver of the right to an investigation and adjudication of formal complaints. Additionally, IDEA may not require the parties to participate in an informal process and may not offer an informal resolution process unless a formal complaint is filed.

Prior to facilitating an informal resolution process, IDEA must:

- Provide to the parties a written notice disclosing the allegations and the requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations. The notice must also inform that, at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint, as well as of any consequence resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.
- Obtain the parties' voluntary, written consent to the informal resolution process.

IDEA may not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student.

Retaliation Prohibited

Neither IDEA nor any other person may intimidate, threaten, coerce, or discriminate against any individual

for the purpose of interfering with any right or privilege secured by Title IX, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation or proceeding under this policy.

Examples of retaliation may include, but are not limited to, intimidation, threats, coercion, or discrimination.

Complaints alleging retaliation may be filed according to the grievance procedure described above.

Confidentiality

IDEA must keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any complainant, any individual who has been reported to be the perpetrator of sex discrimination, any respondent, and any witness, except as may be permitted by FERPA or as required by law, or for purposes related to the conduct of any investigation, hearing, or judicial proceeding arising under the Title IX regulations.

Non-Sexual Harassment Sex Discrimination

The formal complaint investigation and resolution process outlined above in “Freedom from Sexual Harassment” applies only to formal complaints alleging sexual harassment as defined by Title IX, but not to complaints alleging sex discrimination that do not constitute sexual harassment. Complaints of non-sexual harassment sex discrimination may be filed with the Title IX Coordinator and will be handled under the process described in the “Freedom from Discrimination, Harassment, and Retaliation” section of this Handbook.

Freedom from Hazing

IDEA prohibits hazing, which means any intentional, knowing, or reckless act occurring on or off campus directed against a student for the purpose of pledging, being initiated into, affiliating with, holding office in, or maintaining membership in an organization if the act:

1. Is any type of physical brutality, such as whipping, beating, striking, branding, electronic shocking, placing of a harmful substance on the body, or similar activity;
2. Involves sleep deprivation, exposure to the elements, confinement in a small space, calisthenics, or other similar activity that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student;
3. Involves consumption of a food, liquid, alcoholic beverage, liquor, drug, or other substance, other than described in item 5 below, that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student;
4. Any activity that induces, causes, or requires the student to perform a duty or task that involves a violation of the Louisiana Revised Statutes; or
5. Involves encouraging, directing, or ordering, as defined by La R.S. 14:40.8(C)(2)(a)(iii), the student to consume a drug or an alcoholic beverage or liquor in an amount that would lead a reasonable person to believe that the student is intoxicated.

IDEA will not tolerate hazing and will impose disciplinary consequences for hazing conduct as allowed by the Student Code of Conduct. Additionally, it is a criminal offense if a person engages in hazing; solicits, encourages, directs, aids, or attempts to aid another in hazing; or has firsthand knowledge of an incident of hazing being planned or having occurred and fails to report to the Principal or Superintendent.

Freedom from Bullying

IDEA prohibits bullying as defined below, as well as retaliation against anyone who reports or is involved in an investigation of bullying.

Bullying is defined in state law as a single significant act or a pattern of acts by one or more students directed at another student that exploits an imbalance of power and involves engaging in written or verbal expression, expression through electronic means, or physical conduct that:

- Has the effect or will have the effect of physically harming a student, damaging a student's property, or placing a student in reasonable fear of harm to the student's person or of damage to the student's property;
- Is sufficiently severe, persistent, or pervasive enough that the action or threat creates an intimidating, threatening, or abusive educational environment for a student; or
- Materially and substantially disrupts the educational process or the orderly operation of a classroom or IDEA; or
- Infringes on the rights of the victim at school.
-

Bullying also includes cyberbullying, which is defined by state law as bullying that is done through the use of any electronic communication device, including through the use of a cellular or other type of telephone, a computer, a camera, electronic mail, instant messaging, text messaging, a social media application, an Internet website, or any other Internet-based communication tool.

IDEA's anti-bullying policy applies to:

- Bullying that occurs on or is delivered to school property or to the site of a school-sponsored or school-related activity on or off school property;
- Bullying that occurs on a publicly or privately-owned school bus or vehicle being used for transportation of students to or from school or a school-sponsored or school-related activity; and
- Cyberbullying that occurs off school property or outside of a school-sponsored or school-related activity if the cyberbullying:
 - Interferes with a student's educational opportunities; or
 - Substantially disrupts the orderly operation of a classroom, school, or school-sponsored or school related activity.

Reporting Procedures

If a student believes that he or she has experienced bullying or has witnessed bullying of another student, it is important for the student or parent to notify a teacher, school counselor, the principal, or another school employee as soon as possible to obtain assistance and intervention. The administration will investigate any allegations of bullying or other related misconduct. IDEA will also provide notice to the parent of the alleged victim and the parent of the student alleged to have engaged in bullying. Reports of potential bullying may be submitted anonymously.

Investigation of Report

The principal or designee shall determine whether the allegations in the report, if proven, would constitute prohibited harassment and, if so, proceed under that policy instead. The principal or designee shall conduct an appropriate investigation based on the allegations in the report and shall take prompt interim action calculated to prevent bullying during the course of an investigation, if appropriate.

If the results of an investigation indicate that bullying occurred, the administration will take appropriate disciplinary action and may notify law enforcement in certain circumstances. Disciplinary or other action may be taken even if the conduct did not rise to the level of bullying. Available counseling options will be provided to these individuals, as well as to any students who have been identified as witnesses to the bullying.

A student who receives special education services will be disciplined for conduct meeting the definition of bullying or cyberbullying within applicable requirements under federal law, including the Individuals with Disabilities Education Act (20 U.S.C. Section 1400 et seq.). IDEA may not impose discipline on a student who, after an investigation, is found to be a victim of bullying, based on that student's use of reasonable self-defense in response to the bullying.

The principal, or the principal's designee, may make a report to local law enforcement authorities if, after an investigation is completed, the Principal or designee has reasonable grounds to believe that a student engaged in conduct that constitutes an offense.

To the greatest extent possible, IDEA shall respect the privacy of the complainant, persons against whom a report is filed, and witnesses. Limited disclosures may be necessary in order to conduct a thorough investigation. If a law enforcement or other regulatory agency notifies IDEA that it is investigating the matter and requests that the school delay its investigation, IDEA will resume the investigation at the conclusion of the agency's investigation.

A student or parent who is dissatisfied with the outcome of the investigation may appeal through IDEA's Student or Parent Complaint or Concern procedure.

Interrogations and Searches

In the interest of promoting student safety and attempting to ensure that IDEA is safe and drug free, school officials may from time-to-time conduct searches. Such searches are conducted without a warrant and as permitted by law.

Administrators, teachers and other professional personnel may question a student regarding the student's own conduct or the conduct of other students. In the context of school discipline, students have no claim to the right not to incriminate themselves.

Students shall be free from unreasonable searches and seizures by school officials. School officials may search a student's outer clothing, pockets, or property by establishing reasonable cause or securing the student's voluntary consent.

A search is reasonable if (1) the school official has reasonable grounds for suspecting that the search will uncover evidence of a rule violation or a criminal violation and (2) the scope of the search is reasonably related to the circumstances justifying the search, such as the extent of the search, the objectives of the search, the age and sex of the student, and the nature of the infraction.

Desk and Locker Searches

Students should have no expectation of privacy in the contents of their lockers, desks or other school property. Lockers and desks assigned to students remain at all times under the control and jurisdiction of IDEA. IDEA will make periodic inspections of lockers and desks at any time, with or without notice or student consent. School officials will remove any item that violates school policy or that may potentially be dangerous.

Students have full responsibility for the security of their lockers and desks and shall be held responsible for any prohibited items found therein. A student's parent shall be notified if any prohibited articles or materials are found in a student's locker or desk, or on the student's person.

Vehicles on Campus

Vehicles parked on school property and property under school control are under the jurisdiction of IDEA and may be searched at any time if reasonable suspicion exists to believe that the search will result in evidence that school rules or other laws have been violated. If a vehicle subject to search is locked, the student shall be asked to unlock the vehicle and consent to a search of the vehicle. If the student refuses to permit the vehicle to be searched, IDEA may contact the student's parents/guardians and/or law enforcement officials.

A student may be held responsible for and in possession of prohibited items found in his or her vehicle parked on school property or at a school-related event.

Law Enforcement Agencies

Questioning of Students

When law enforcement officers or other lawful authorities wish to question or interview a student at school, the principal will cooperate fully regarding the conditions of the interview if the questioning or interview is part of a child abuse investigation. In other circumstances:

1. The principal or designee shall verify and record the identity of the official and request an explanation of the need to question or interview the student at school.
2. The principal or designee ordinarily will make reasonable efforts to notify the student's parent, unless the interviewer raises what the principal or designee considers to be a valid objection.
3. The principal or designee ordinarily will be present during the questioning or interview, unless the interviewer raises what the principal or designee considers to be a valid objection.

When the investigation involves allegations of child abuse, special rules apply.

Students Taken into Custody

State law requires IDEA to permit a student to be taken into legal custody:

1. Pursuant to an order of the juvenile court;
2. Pursuant to the laws of arrest;
3. By a law enforcement officer if there is probable cause to believe the student has engaged in conduct that violates a penal law, delinquent conduct or conduct in need of supervision, or conduct that violates a condition of probation imposed by the juvenile court;
4. By a probation officer if there is a probable cause to believe the student has violated a condition of probation imposed by the juvenile court;
5. Pursuant to a properly issued directive to apprehend;
6. By an authorized representative of the Louisiana Department of Children and Family Services ("DCFS"), a law enforcement officer, or a juvenile probation officer, as required by law; or
7. To comply with a properly issued directive to take a student into custody.

Before a student is released to a law enforcement officer or other legally authorized person, the principal or designee will verify the officer's identity and, to the best of his or her ability, verify the official's authority to take custody of the student.

The principal or designee will immediately notify the Superintendent and will ordinarily attempt to notify the parent unless the officer or other authorized person raises what the Principal or designee considers to be a valid objection to notifying the parents/guardians. Because the Principal or designee does not have the authority to prevent or delay a student's release to a law enforcement officer, any notification will most likely be after the fact.

Staff Notification

IDEA is required by state law to notify:

- All instructional and support personnel who have responsibility for supervising a student who has been arrested or referred to the juvenile court for any felony offense or for certain misdemeanors.
- All instructional and support personnel who have regular contact with a student who has been convicted, received deferred adjudication, or was adjudicated for delinquent conduct for any felony offense or certain misdemeanors.
- All appropriate school personnel regarding a student who is required to register as a sex offender.

School Visitors

All visitors to IDEA must sign-in at the school campus administrative office. A sign at the entrance to the campus will direct visitors to the appropriate location.

All visitors must present a form of identification or at a minimum their name and date of birth. IDEA personnel process each visitor through the RAPTOR system, and/or other database system which checks for sex offender status. All approved visitors will be issued a badge that is to be worn at all times while visiting the school campus. Upon their departure they must sign-out at the central administrative office and return the visitor's badge.

Visitors who do not submit a form of identification or their name and date of birth for the purpose of checking sex offender status shall not be allowed on school grounds. A parent of a student enrolled at IDEA who does not provide identification or name and date of birth shall follow the same policy.

Registered Sex Offenders

Registered sex offenders are generally prohibited from entering school grounds.

Exception: A parent/guardian who is required to register as a sex offender may enter school grounds for the following limited purposes:

1. To attend a conference at the school with school personnel to discuss the academic and/or social progress of the parent/guardian's child;
2. To attend an ARD or IEP meeting or other conference where evaluation or placement decisions may be made respecting the student's special education services;
3. When the Principal has requested the parent/guardian's presence for any other reason concerning the parent/guardian's child; or
4. To transport the child to school or pick up the child from school.

Requirements for the Exception to Apply:

1. The parent/guardian must notify the Principal of the purpose of the visit and when the visit will occur, including date and time, before the parent/guardian enters the school grounds.
2. The Principal shall notify the administrative offices of the parent/guardian's intent to visit.
3. The parent/guardian must check in at the campus administrative office upon arrival and departure from the school.
4. The parent/guardian must remain under the direct supervision of staff at all times.

Even under the limited circumstances set out above, the parent/guardian will not be permitted to enter or be present on school property if:

1. The individual's parental rights have been terminated;
2. The individuals' presence at school is prohibited by court order or conditions of probation; or
3. The Superintendent or campus administrator determines that the individual poses a threat to student safety or is likely to cause a disturbance to the educational environment.

In those cases, communications regarding the student will be conducted by alternate means such as telephone, mail, or electronic communications. Where the administration determines that a meeting is necessary, it will identify an appropriate meeting place where students are not present.

Procedures for Use of Restraint and Time-Outs

School employees, volunteers or independent contractors are authorized to use restraint in the event of an emergency and subject to the following limitations:

- Only reasonable force, necessary to address the emergency, may be used.
- The restraint must be discontinued at the point at which the emergency no longer exists.
- The restraint must be implemented in such a way as to protect the health and safety of the student and others.
- The student may not be deprived of basic human necessities.

At no time, however, may a student be placed in seclusion. Seclusion is an involuntary confinement of a student alone in a room or area from which the student is physically prevented from leaving. This procedure isolates and confines a student until he or she is no longer an immediate danger to self or others. It may be used on an individual basis for a limited time to allow the student the opportunity to regain control in a private setting. This method must not be used to address behaviors such as general noncompliance, self-stimulation, and academic refusal. Such behaviors must be responded to with less stringent and less restrictive techniques.

A student with a disability may not be confined in a locked box, locked closet, or other specially designated locked space as either a discipline management practice or a behavior management technique.

Fireworks

A person may not explode or ignite fireworks within 600 feet of any IDEA campus unless that person receives authorization in writing from that school.

Weapon and Concealed Handgun Prohibition

IDEA prohibits the use or possession of any firearm, knife, club, or other weapon while on the premises of the school or any school grounds or building in which a school activity is being conducted.

OTHER PROVISIONS RELATING TO STUDENTS

Religious Expression

IDEA prohibits discrimination, harassment, or retaliation on the basis of religion.

A student enrolled has the right to silently pray or meditate at IDEA, so long as it does not disrupt the instructional day or other activities of the school. IDEA shall not require, encourage, or coerce any student to engage in or to refrain from prayer or meditation during any school activity.

Pledges of Allegiance

Each school day, students will recite the Pledge of Allegiance to the United States flag. Parents/guardians may submit a written request to the principal or designee to excuse their student from reciting a pledge.

School Calendar

IDEA operates according to the school calendar adopted annually by the Board of Directors. Holidays may be used as school make-up days for days lost due to bad weather. The latest changes to the calendar will be available on the IDEA website.

School Day

The school day is Monday to Friday 7:45 a.m. to 3:45 p.m. Students should be in their classrooms ready for instruction to begin at 7:45 a.m. Any student not in class at 7:45 a.m. will be marked tardy.

Students must leave campus immediately after school dismisses in the afternoon, unless they are involved in an activity under the supervision of a teacher or sponsor. If a student is involved in an after-school activity, he or she must remain in the area where their activity is scheduled to take place. The student may not go to another area of the school without permission by the teacher or sponsor overseeing the activity.

During the school day, students may not loiter or stand in the halls between classes. Students must have a pass to be outside the classroom during class time. Failure to obtain a pass will result in disciplinary action.

Textbooks and Curriculum Materials

Textbooks and additional curriculum materials are provided free of charge for each subject or class, except for dual credit courses. Materials must be used by the students as directed by the teacher and treated with care. A student who is issued damaged materials should report the damage to the teacher.

Students must return all textbooks and supplemental materials to the teacher at the end of the school year or when the student withdraws from school. Any student failing to return issued materials in an acceptable condition loses the right to free textbooks and educational materials until the student and/or parent pay for the damages. However, a student will be provided textbooks and educational materials for use during the school day. IDEA may reduce or waive the payment requirement if the student is from a low-income family. Release of student records, including official transcripts, will be delayed pending payment for lost or severely damaged textbooks.

Transcripts

IDEA maintains an academic achievement record (transcript) for each student enrolled. Transcripts list complete personal student data, give complete scholastic grades, and report student activities, honors, and scores on standardized achievement test, and rank.

Extracurricular Activities, Clubs, and Organizations

Participation in school-related activities is an excellent way for a student to develop talents, receive individual recognition, and build strong friendships with other students. Participation, however, is a privilege and not a right. Eligibility for participation in many school-related activities is governed by state law and rules of the Louisiana High School Athletic Association (“LHSAA”), a statewide association overseeing interscholastic competition between public schools. Additional information regarding extracurricular activities, clubs, and organizations may be obtained from the principal.

Participation in these activities may result in events that occur off-campus. When IDEA arranges transportation for these events, students are required to use the transportation provide by IDEA to and from the event. Exceptions may only be made with approval from the activity’s coach or sponsor.

Please note: Sponsors of student clubs and performing groups such as the band, choir, and drill and athletic teams may establish standards of behavior – including consequences for misbehavior – that are stricter than those for students in general. If a violation of organization rules is also a violation of school rules, the consequences specified by the Student Code of Conduct or by local policy will apply in addition to any consequences specified by the organization.

Fees

Materials that are part of the basic educational program are provided with state and local funds at no charge to a student. Students are expected to provide their own consumable items, such as pencils, paper, pens, erasers, notebooks, calculators, headsets, etc. Students may be required to pay certain fees or deposits, including:

1. A fee for materials for a class project that the student will keep, if the fee does not exceed the cost of materials;
2. Membership dues in voluntary student clubs or organizations and admission fees to extracurricular activities;
3. A security deposit for the return of materials, supplies, or equipment;
4. A fee for personal physical education and athletic equipment and apparel, although a student may provide the student’s own equipment or apparel if it meets reasonable requirements and standards relating to health and safety;
5. A fee for voluntarily purchased items, such as student publications, class rings, pictures, yearbooks, graduation announcements, etc.;
6. A fee for voluntary student health and accident benefit plan;
7. A reasonable fee, not to exceed the actual annual maintenance cost, for the use of musical instruments and uniforms owned or rented by the school;
8. A fee for items of personal apparel used in extracurricular activities that become the property of the student;
9. A parking fee;
10. A fee for replacement of a student identification card;
11. If offered, a fee for a driver training course, not to exceed the actual cost per student in the program for the current school year;

12. A fee for an optional course offered for credit that requires the use of facilities not available on campus or the employment of an educator who is not part of the school's regular staff;
13. A fee for summer school courses that are offered tuition-free during the regular school year;
14. A reasonable fee, not to exceed \$50, for costs associated with an educational program offered outside of regular school hours through which a student who was absent from class receives instruction voluntarily for the purpose of making up the missed instruction and meeting the level of attendance required for class credit, so long as the fee would not create a financial hardship or discourage the student from attending the program;
15. A fee for lost, damaged, or overdue library book; or
16. A fee specifically permitted by any other statute.

IDEA may waive any fee or deposit if the student and parent are unable to pay. A request for such a waiver must be made in writing to the principal or designee and include evidence of inability to pay. Details for the fee waiver are available in the principal's office.

Displaying a Student's Artwork, Projects, Photos, and Other Original Work

Teachers may display student work in classrooms or elsewhere on campus as recognition of student achievement. However, IDEA will seek parental consent before displaying student artwork, special projects, photographs taken by students, and other original works on the IDEA website, on any campus or classroom website, in printed materials, by video, or by any other method of mass communication. IDEA will also seek consent before displaying or publishing an original video or voice recording in this manner.

Distribution of Materials or Documents

School Materials

Publications prepared by and for IDEA may be posted or distributed with prior approval by the principal and/or teacher. Such items may include school posters, brochures, murals, etc.

Non-School Materials

Students must obtain express prior approval of the principal or designee before distributing, posting, selling, or circulating written materials, handbills, photographs, pictures, petitions, films, tapes, posters, or other visual or auditory materials on campus.

Non-school literature shall not be distributed by students on IDEA property if:

- The materials are obscene, vulgar, or otherwise inappropriate for the age and maturity of the audience.
- The materials endorse actions endangering the health or safety of students.
- The materials promote illegal use of drugs, alcohol, or other controlled substances.
- The distribution of such materials would violate the intellectual property rights, privacy rights, or other rights of another person.
- The materials contain defamatory statements about public figures or others.
- The materials advocate imminent lawless or disruptive action and are likely to incite or produce such action.
- The materials are hate literature or similar publications that scurrilously attack ethnic, religious, or racial groups or contain content aimed at creating hostility and violence, and the materials would materially and substantially interfere with school activities or the rights of others.
- There is reasonable cause to believe that distribution of the non-school literature would result in material and substantial interference with school activities or the rights of others.

Any student who posts material without prior approval will be subject to disciplinary action in accordance with the Student Code of Conduct. Materials displayed without approval will be removed.

Written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials over which IDEA does not exercise control shall not be sold, circulated, or distributed by persons or groups

not associated with IDEA or a school support group on school premises unless the person or group obtains specific prior approval from the Superintendent or designee. To be considered, any non-school material must include the name of the sponsoring organization or individual.

Electronic Devices and Technology Resources

Possession and Use of Personal Telecommunication Devices and Other Electronic Devices

IDEA permits students to possess personal cell phones for safety purposes; however, these devices **must remain turned off during the instructional day, including during all testing**, unless the device is used for approved instructional purposes.

A student must also have permission from the principal to possess other personal telecommunication devices (such as a pager, notebook computer, laptop, tablet, or other portable computing device) at school.

Students may also be permitted to possess other electronic devices (for example, MP3 players, iPods, video or audio recorders, DVD players, or similar electronic devices). Such devices must be **turned off** between the hours of 7:45 a.m. and 3:45 p.m. Such devices may not be visible in the pocket of a jacket or pants; items must be completely put away and out of sight.

If a student possesses a personal telecommunication device or other electronic device without permission, school staff will collect the item and turn it in to the principal's office. The principal will determine whether to return items to students at the end of the day or contact a parent to pick up the item.

The use of mobile telephones or any other device capable of capturing images is strictly prohibited in restroom areas or other sensitive areas while at school or at a school-related or school-sponsored event.

If a student uses a telecommunication device or other electronic device without authorization during the school day, the device will be confiscated. If the student and parent have executed a waiver permitting the student to possess an electronic communication device at school, IDEA officials may power on and search the device if there is reasonable cause to believe that the device has been used in the transmission or reception of communications prohibited by law, policy, or regulation. Any disciplinary action will be in accordance with the Student Code of Conduct. These guidelines apply even if the item in use is not the property of the student found in violation of the policy.

A confiscated device may be picked up from the principal's office. IDEA reserves the right to charge an administrative fee not to exceed \$15 before releasing a confiscated telecommunication device. Confiscated telecommunication devices that are not retrieved by the student or parent will be disposed of after the notice required by law.

IDEA will not be responsible for damage to or loss or theft of confiscated items.

Instructional Use of Personal Telecommunication and Other Electronic Devices

In some cases, students may find it beneficial or might be encouraged to use personal telecommunications or other personal electronic devices for instructional purposes while on campus. Students must obtain prior approval before using personal telecommunications or other personal electronic devices for instructional use. When students are not using the devices for approved instructional purposes, all devices must be turned off during the instructional day. Violations may result in withdrawal of privileges and other disciplinary action.

IDEA is not responsible for any damaged, lost, or stolen personal device.

Acceptable Use of Technology Resources

School-owned technology resources for instructional purposes may be issued to individual students. Use of these technological resources, which include IDEA's network systems and use of school equipment, is restricted to approved purposes only. Students and parents/guardians will be asked to sign an Acceptable Use Agreement Acknowledgment Form regarding use of these school technology resources. Violations of the user agreement may result in withdrawal of privileges and other disciplinary action.

Unacceptable and Inappropriate Use of Technology Resources

Students are prohibited from possessing, sending, forwarding, posting, accessing, or displaying electronic messages that are abusive, obscene, sexually oriented, threatening, harassing, damaging to another's reputation, or illegal. This prohibition also applies to conduct off school property, whether the equipment used to send such messages is IDEA-owned or personally owned, if it results in a substantial disruption to the educational environment.

Any person taking, disseminating, transferring, possessing, or sharing obscene, sexually oriented, lewd, or otherwise illegal images or other content, commonly referred to as "sexting," will be disciplined according to the Student Code of Conduct, may be required to complete an educational program related to the dangers of this type of behavior, and, in certain circumstances, may be reported to law enforcement. Because engaging in this type of behavior can lead to bullying or harassment, as well as possibly impede future endeavors of a student, we encourage you to review with your child the "[Before You Text: Sexting & Bullying Prevention, Education & Intervention Course](#)," a state-developed program that addresses the consequences of engaging in inappropriate behavior using technology.

In addition, any student who engages in conduct that results in a breach of IDEA's computer security will be disciplined in accordance with the Student Code of Conduct, and, in some cases, the consequence may rise to the level of expulsion.

Change of Address or Telephone Number

Parents/guardians are responsible for notifying IDEA when a student's address or telephone number changes. Proof of residency at the new address may also be required.

Uniform Requirements

As authorized by state law and the IPS charter, students are required to wear uniforms to school. IDEA's uniform policy and grooming standards are designed to teach grooming and hygiene, prevent disruption, minimize safety hazards, and provide a dress standard that offers flexibility for the parent and student. Students must come to school cleanly and neatly groomed and wearing clothing that will not be a health or safety hazard to the student or others and that will not distract from the educational atmosphere of IDEA.

Parents/guardians must provide their student(s) with the required uniform. IDEA may provide a uniform for students experiencing economic hardship. A request for school assistance for purchasing uniforms must be made in writing to the principal or designee and include evidence of the inability to pay. Further details are available in the principal's office.

A parent may choose for his or her student(s) to be exempted from the requirement of wearing a uniform if the parent provides a written statement that, as determined by the Board of Directors, states a bona fide religious or philosophical objection to the requirement.

Students who do not follow IDEA's guidelines for personal attire and appearance may be subject to discipline under the Student Code of Conduct.

Newly enrolled students may be provided with a grace period of up to two weeks to obtain appropriate IDEA uniforms. Students must comply with IDEA's remaining dress and grooming standards upon enrollment.

For the 2022-2023 school year, uniform requirements may vary by region. Your campus of enrollment will communicate any changes in the requirements

See appendix for uniform standards and requirements.

Child Nutrition Program

IDEA participates in the National School Lunch Program and offers students nutritionally balanced lunches daily. Free and reduced lunches are available to students who qualify. You must pay for lunch unless you qualify for the free and reduced program. Breakfast is served in the classroom and is free to all students. For more information regarding our Child Nutrition Program, visit our school website at www.ideapublicschools.org.

Transportation

IDEA makes school bus transportation available to all students served in Louisiana. This service is provided at no cost to students. Bus routes and any subsequent changes are posted at the school. For more information regarding transportation, visit our school website at www.ideapublicschools.org.

Riding a school vehicle is a privilege. School vehicle drivers have the authority to maintain discipline and require seating charts. When riding a school vehicle, students are held to behavioral standards established in this Handbook and the Student Code of Conduct. Students must:

1. Follow the driver's directions at all times;
2. Enter and leave the vehicle in an orderly manner;
3. Keep feet, books, instrument cases, and other objects out of the aisle;
4. Not deface the vehicle or its equipment;
5. Not put head, hands, arms, legs, or an object out of any window; and
6. Wait for the driver's signal in order to leave or cross in front of the vehicle.

Only designated students are allowed to ride in the vehicle. Students may neither ride the vehicle to a different location nor have friends ride the vehicle to participate in after-school activities.

If a special needs student is receiving bus transportation as a result of an Individual Education Plan ("IEP"), the Admission Review and Dismissal ("ARD") Committee will have the discretion in determining appropriate disciplinary consequences related to inappropriate behavior in a school vehicle.

STUDENT CODE OF CONDUCT

Purpose of the Student Code of Conduct

To function properly, education must provide an equal learning opportunity for all students by recognizing, valuing, and addressing the individual needs of every student. In addition to the regular curriculum, principles and practices of good citizenship must also be taught and modeled by school staff. To foster an orderly and distraction-free environment, IDEA Public Schools ("IDEA" or "IPS") has established this Student Code of Conduct in accordance with state law and the IDEA open-enrollment charter. The Student Code of Conduct has been adopted by the Board of Directors and provides information to parents/guardians and students

regarding expectations for behavior, consequences of misconduct, and procedures for administering discipline.

The Student Code of Conduct will be posted at each IPS campus and/or will be available for review at each principal's office. Parents/guardians will be notified of any violation that may result in a student being suspended or expelled from IPS. Students and staff must be familiar with the standards set forth in the Student Code of Conduct, as well as campus and classroom rules.

The Student Code of Conduct does not define all types and aspects of student behavior, as IPS may impose campus or classroom rules in addition to those found in the Student Code of Conduct. These rules may be posted in classrooms or given to the student and may or may not constitute violations of the Student Code of Conduct. **When students participate in student activities, they will also be expected to follow the guidelines and constitutions that further specify the organization's expectations, student behavior, and consequences.**

Authority and Jurisdiction

IPS has disciplinary authority over a student:

1. During the regular school day and/or while the student is going to and from school on IPS transportation;
2. During open lunch periods in which a student is allowed to leave campus;
3. While the student is in attendance at any school-related event or activity, regardless of time or location;
4. For any school-related misconduct, regardless of time or location;
5. For any expulsion offense committed while on IPS property or while attending a school-sponsored or school-related activity of IPS or of any other school in Louisiana;
6. For any expulsion offense committed away from IPS property and not at a school-sponsored or school-related event, if the misconduct creates a substantial disruption to the educational environment;
7. While the student is in transit to or from school or to or from school or school-related activities or events;
8. When retaliation against a student, school employee or volunteer occurs or is threatened, regardless of time or location;
9. When the student commits any felony, regardless of time or location;
10. While a student is participating in any remote / virtual classroom or other period of online instruction provided by IDEA;
11. While the student is in attendance at any school-related event or activity, regardless of time or location; and
12. When criminal mischief is committed on or off IPS property or at a school-related event.

Reporting Crimes

In addition to disciplinary consequences, misdemeanor and felony offenses committed on campus or while attending school-sponsored or school-related activities will be reported to an appropriate law enforcement agency.

Standards for Student Conduct

Each student is expected to:

- Adhere to the requirements of the Student Code of Conduct.
- Attend all classes, regularly and on time.
- Behave in a responsible manner, always exercising self-discipline.
- Cooperate with and assist IDEA staff in maintaining safety, order, and discipline.
- Demonstrate courtesy, even when others do not.
- Meet IDEA's standards of grooming and dress.
- Obey all campus and classroom rules.
- Prepare for each class; take appropriate materials and assignments to class.

- Respect the property of others, including IDEA property and facilities.
- Respect the rights and privileges of students, teachers, and other IDEA staff and volunteers.

Discipline Management Techniques

Disciplinary techniques are designed to improve conduct and to encourage students to adhere to their responsibilities as members of the school community. Disciplinary action will draw on the professional judgment of teachers and administrators and on a range of discipline management techniques. Discipline will be correlated to the seriousness of the offense, the student's age and grade level, the frequency of misbehavior, the student's attitude, the effect of the misconduct on the school environment, and statutory requirements.

Because of these factors, discipline for a particular offense, unless otherwise specified by law, may bring into consideration varying techniques and responses.

Techniques

The following discipline management techniques may be used—alone or in combination—for behavior prohibited by the Student Code of Conduct or by campus or classroom rules:

- Assignment of school duties such as cleaning or picking up litter.
- Behavioral contracts.
- Cooling-off time or "time-out."
- Counseling by teachers, counselors, or administrative personnel.
- Rewards for positive behavior.
- Demerits.
- Detention.
- Expulsion from IDEA, as specified in the expulsion section of the Code of Conduct.
- Grade reductions for cheating, plagiarism, and as otherwise permitted by policy.
- In-school suspension, as specified in the suspension section of the Code of Conduct.
- Out-of-school suspension, as specified in the suspension section of the Code of Conduct.
- Parent-teacher conferences.
- Referral to an outside agency or legal authority for criminal prosecution in addition to disciplinary measures imposed by IDEA.
- School-assessed and school-administered probation (final warning contracts).
- Seating changes within the classroom.
- Sending the student to the office or other assigned area.
- Techniques or penalties identified in individual student organizations' extracurricular standards of behavior.
- Temporary confiscation of items that disrupt the educational process.
- Verbal correction, oral or written.
- Withdrawal of privileges, such as participation in extracurricular activities, field trips, eligibility for seeking and holding honorary offices, or membership in school-sponsored clubs and organizations.
- Withdrawal or restriction of bus privileges.
- Other strategies and consequences as determined by school officials, including, but not limited to, requests that parents/guardians "shadow" their children at school for a specified period of time.

Corporal Punishment

IDEA will NOT administer corporal punishment upon a student for misconduct.

Student Code of Conduct Offenses and Consequences

The categories of conduct below are prohibited at school, involving schoolwork and during all school-related activities, or as otherwise described in the Authority and Jurisdiction section above.

Level I Offenses:

1. Academic dishonesty (cheating or copying the work of another).
2. Being in an unauthorized area of school property.
3. Causing an individual to act through the use of threat or coercion.
4. Cheating or copying the work of another.
5. Computer system violations.
6. Directing profanity, vulgar language, or obscene gestures toward another student or school employee.
7. Discharging a fire extinguisher without valid cause.
8. Disobeying conduct rules regarding school transportation.
9. Disrespect of school staff or persons in authority.
10. Engaging in any conduct gives school officials reasonable cause to believe that such conduct will substantially disrupt the school program or incite violence.
11. Engaging in disruptive actions or demonstrations that substantially disrupt or materially interfere with school activities.
12. Engaging in verbal or written exchanges that threaten the safety of another student, a school employee, or school property.
13. Failing to comply with directives given by school personnel (insubordination).
14. Failing to report known hazing, harassment, or bullying of students.
15. Falsifying records, passes, or other school-related documents.
16. Gambling.
17. Inappropriate or indecent exposure of a student's private body parts.
18. Inappropriate public displays of affection (public displays of affection deemed inappropriate by public standards such as lewd or inappropriate kissing, touching, fondling, etc.).
19. Making false accusations or hoaxes regarding school safety.
20. Possessing aerosol canisters or any other object used to set off fire alarms.
21. Possessing pornographic material.
22. Possessing published or electronic material that is designed to promote or encourage illegal behavior or that could threaten school safety.
23. Possession of telecommunications or other electronic devices, including displaying, turning on, or using a telecommunications device (including a cellular telephone or other electronic device) while on school property during the school day.
24. Recording the voice or image of another without the prior consent of the individual(s) being recorded or in any way that disrupts the educational environment or invades the privacy of others.
25. Refusing to accept discipline management techniques assigned by a teacher or Principal.
26. Repeated tardiness.
27. Repeatedly violating communicated campus or classroom standards of conduct.
28. Throwing objects can cause bodily injury or property damage.
29. Violating dress and grooming standards as communicated in the Student Handbook.

Disciplinary Consequences (may not necessarily be followed in order and progressive disciplinary measures are not required)

1. After school detention.
2. Application of one or more Discipline Management Techniques listed in the Code.
3. Behavioral contracts or individually developed behavior management plans.
4. Confiscation of cell phones or other electronic devices.
5. Grade reductions for academic dishonesty.
6. In-school suspension.
7. Out-of-school suspension.
8. Removal from the classroom and/or placement in another classroom.
9. Restitution/restoration, if applicable.
10. Saturday school.
11. School-assessed and school-administered probation.

12. Temporary confiscation of items that disrupt the educational process.
13. Verbal correction.
14. Withdrawal of privileges, such as participation in extracurricular activities and eligibility for seeking and holding honorary offices, and/or membership in school-sponsored clubs or organizations.

Level II Offenses:

1. Being a member of, pledging to become a member of, joining, or soliciting another person to join, or pledge to become a member of a public-school fraternity, sorority, gang, or secret society or organization as defined by Title 15, Chapter 12 of the Louisiana Revised Statutes.
2. Discriminatory, derogatory language or hate speech including racial slurs based on race/ethnicity, religion, gender, national origin, disability, age, sexual orientation or any other identities prohibited by law.
3. Bypassing Internet blocks on school computers or networks to enter unapproved sites.
4. Committing extortion, coercion, or blackmail (obtaining money or an object of value from an unwilling person).
5. Damaging or vandalizing property owned by others, including but not limited to school property or facilities, property of IPS employees, or property of other students.
6. Defacing or damaging IPS property—including textbooks, lockers, furniture, and other equipment—or property of any other person, with graffiti or by any other means.
7. Engaging in inappropriate verbal, physical, or sexual conduct directed toward another person, including an IPS student, employee, or volunteer.
8. Failure to comply with conditions of after-school detention and/or in-school suspension placement.
9. False accusation of conduct that would constitute a misdemeanor or felony.
10. Fighting or arranging a fight. School is not a place to arrange fights, whether those fights take place on or off school grounds. Fighting is an instance of physical contact in anger, regardless of whether fists or weapons are used. Students who involve themselves in fighting or arranging a fight will, at a minimum, be suspended for the remainder of the day.
11. Forgery of school documents at school or otherwise.
12. Gambling
13. Gang-related activity of any kind or nature (behavior that is deemed serious gang-related activity may be elevated or addressed as a Level III Offense).
14. Participating in “hazing”.
15. Interference with school activities or discipline.
16. Leaving the classroom, school property, or school-sponsored events without permission.
17. Possessing, viewing, or distributing pictures, text messages, emails, or other material of a sexual nature in any format.
18. Possessing or selling look-alike drugs or attempting to pass items off as drugs or contraband.
19. Possessing or selling seeds or pieces of marijuana in less than a usable amount.
20. Possessing, smoking, or using tobacco products and/or e-cigarettes at school or at a school-related or school-sanctioned activity on or off school property. (See glossary.)
21. Possessing, using, giving, or selling paraphernalia related to any prohibited substance (illegal, prescription, and over-the-counter drug). (See glossary for “paraphernalia.”)
22. Possession of stolen property.
23. Refusing to allow or comply with a lawful student search
24. Sexual harassment or sexual abuse that is not defined as a Level III offense.
25. Theft.
26. Threatening or bullying a student, employee, or volunteer of IPS, whether on or off school property. If the conduct causes a substantial disruption of the educational environment, it may be elevated to a Level III Offense depending on circumstances as determined by IPS.
27. Trespassing on IDEA Property
28. Unruly, disruptive, or disruptive behavior that interferes with the teacher’s ability to communicate effectively with students in the classroom.
29. Using the Internet or other electronic communications to threaten students or employees, or cause disruption to the school program.
30. Violating the IPS medication policy.
31. Willful destruction of IDEA or personal property and/or vandalism.

32. Any repetitive Level I Offenses – i.e., two or more Level I offenses within a semester, whether the same or any combination.

Disciplinary Consequences (may not necessarily be followed in order and progressive disciplinary measures are not required)

1. Any applicable Level I Disciplinary Consequence or Discipline Management Technique listed above, including multiple consequences as deemed appropriate by IPS.
2. In-school or Out-of-school suspension for up to five days.

Level III Offenses:

1. Abusing over-the-counter drugs.
2. Abusing a student's own prescription drug, giving a prescription drug to another student, or possessing or being under the influence of another person's prescription drug while on school property or at a school-related event.
3. Aggravated assault.
4. Aggravated kidnapping.
5. Aggravated robbery.
6. Aggravated sexual assault
7. Arson.
8. Burglary of a motor vehicle on campus.
9. Capital murder.
10. Commission of a felony offense listed under Title 14 of the Louisiana Revised Statutes.
11. Committing or assisting in a robbery or theft, even if it does not constitute a felony according to the Title 14 of the Louisiana Revised Statutes.

2. In-school or out of school suspension for five to ten days.
3. Expulsion.

Student Code of Conduct Consequences

Detention

Detention may be held on each day during school for up to eight hours. Students who serve detention must make arrangements to be picked up from school. Parents/guardians may request in person a delay of the detention; no phone calls or notes will be accepted.

After School Detention

The following rules apply to students assigned to after school detention:

1. Students will bring materials to complete. Classroom materials may also be sent by a teacher.
2. Students will not be permitted to go to their lockers during detention; all materials must be brought to the detention room when reporting.
3. Sleeping is not permitted.
4. Students will follow all rules concerning classroom behavior. Failure to comply will mean suspension from school.
5. Any student assigned to detention must stay the entire time. Students refusing to complete their time will be suspended from school.

Suspension

IPS utilizes two kinds of suspension: in-school suspension and out-of-school suspension.

In School Suspension

The following rules and regulations apply to all students assigned to in school suspension ("ISS"):

1. Students must report to the designated location on campus when they arrive to school at the beginning of the school day and will remain in ISS until dismissal time
2. Students will bring materials to complete, including an ISS assignment with their teachers' names, subjects, and assignments. Students are responsible for obtaining assignments from each teacher.
3. Students will not be permitted to go their lockers. All materials must be brought to the room when reporting.
4. Students may not bring food or drink into the ISS room.
5. No disruptive behavior will be allowed.

6. Unexcused absences from suspension will be referred to the principal.
7. Sleeping is prohibited.
8. Students must abide by the IPS policies and behavioral standards during their suspension period.
9. A student who misses a scheduled ISS session without a confirmed excuse will be assigned one day out of school suspension. If a student misses more than one scheduled ISS session without a confirmed excuse, he or she may be subject to expulsion.

Failure to follow these guidelines will be reported to the principal for further action, which may include up to three days of out-of-school suspension or any other Level I consequence.

Out-of-School Suspension

The Principal will give notice of suspension and the reasons for the suspension to the student. In deciding whether to order out-of-school suspension, the administrator may take into consideration factors including self-defense, prior discipline history, intent or lack of intent, the academic value of in-school-suspension and other appropriate or mitigating factors determined by the administrator.

Mandatory Suspensions

Louisiana law requires schools to suspend students for the following behaviors:

1. Committing an assault or battery on any teacher or other employee of the school.
2. For students in Grades 6 through 12, carrying or possessing a knife with a blade two or more inches in length.

Removal from School Transportation

A student being transported by IPS transportation to or from school or a school-sponsored or school-related activity may be removed from a school vehicle for conduct violating IDEA's established standards for conduct in a school vehicle.

Conferences, Hearings, and Appeals

All students are entitled to conferences, hearings, and/or appeals of disciplinary matters as provided by applicable state and federal law, and IPS policy.

Process for Suspensions

In addition to the above list of Code of Conduct violations, the principal has authority to suspend a student for a period of up to ten school days for any of the following additional reasons:

1. The need to further investigate an incident,
2. A recommendation to expel the student, or
3. An emergency constituting endangerment to health or safety.

Prerequisites to Suspension

Prior to suspending a student, the principal or designee must attempt to hold an informal conference with the student to:

1. Notify the student of the accusations against him/her,
2. Allow the student to relate his or her version of the incident, and
3. Determine whether the student's conduct warrants suspension.

Notification to Parents/Guardians

If the principal or designee determines the student's conduct warrants suspension during the school day, the principal or designee will make reasonable effort to notify the student's parent/guardian(s) that the student has been suspended before the student is sent home. The principal or designee will notify a suspended student's parent(s) of the period of suspension, the grounds for the suspension, and the time and place for an opportunity to confer with the principal.

Credit During Suspension

A student shall receive credit for work missed during the period of suspension if the student makes up work missed during the period of suspension within the same number of school days the student was absent on suspension.

Process for Out-of-School Suspensions Over Five Days (extended suspension)**Notice**

When the principal or designee determines that a student's conduct warrants expulsion, but prior to taking any such action, the principal or designee will provide the student's parent/guardian(s) with written notice of:

1. The reasons for the proposed disciplinary action; and
2. The date and location for a hearing before the designated Hearing Officer within five school days from the date of the disciplinary action.

The notice shall further state that, at the hearing, the student:

1. May be present;
2. Shall have an opportunity to present evidence;
3. Shall be apprised and informed of IPS's evidence;
4. May be accompanied by his or her parent(s); and
5. May be represented by an attorney.

Appeal to the Board of Directors

The student or his or her parent/guardian(s) may appeal the extended suspension or expulsion decision to the IDEA Public Schools Louisiana Board of Directors by notifying the principal in writing within seven calendar days of the date of receipt of the principal's decision. The Board will review the audio or transcribed record from the hearing before the principal at a regular or specially called meeting in closed session as permitted by the Louisiana Open Meetings Act. The Board will notify the student and his or her parent/guardian(s) of its decision, in writing, within five calendar days of the hearing. The decision of the Board is final and may not be appealed.

Please note that discipline consequences will not be deferred pending the outcome of an appeal of an extended suspension or expulsion to the Board.

No Credit Earned

Except when required by law, students will not earn academic credit during a period of expulsion.

Emergency Placement and Expulsion

If the principal or designee reasonably believes a student's behavior is so unruly, disruptive, or abusive that it seriously interferes with a teacher's ability to communicate effectively with students in a class, with the ability of a student's classmates to learn, or with the operation of IPS or a school-sponsored activity, the principal or designee may order immediate removal of the student. The principal or designee may impose immediate suspension if he or she reasonably believes such action is necessary to protect persons or property from eminent harm. At the time of such an emergency removal, the student will be given verbal notice of the reason for the action and appropriate hearings will be scheduled within a reasonable time after the emergency removal.

Mandatory Expulsion

Louisiana law requires schools to expel students for the following offenses:

1. Possession of a firearm or "other dangerous instrumentality other than a knife."
2. Possession, distribution, sale, gift, or loan of controlled dangerous substances.
3. Possession of a knife with a blade greater than two inches in length, if the student is eleven years of age or older, or in grades 6-12.

Mandatory Reporting of “Threats of Terrorism” or “Threats of Violence”

The principal or designee shall thoroughly investigate any and all threats of terrorism or threats of violence that have been reported, with such investigation including an interview with the person reporting the threat, the person allegedly making the threat, and all witnesses. If the investigation supports that a threat is credible and imminent, it shall be immediately reported to the appropriate local law enforcement agency.

Placement of Students with Disabilities

All disciplinary actions regarding students with disabilities (504 or special education under IDEA) shall be conducted in accordance with applicable federal and state laws.

Suspension/Expulsion Requirement

A student with a disability shall not be removed from his or her current placement for disciplinary reasons and/or pending appeal to the Board of Directors for more than ten days without ARD Committee action to determine appropriate services in the interim and otherwise in accordance with applicable federal and state law. If a special education due process appeal to a Louisiana Department of Education special education hearing officer is made, the student with a disability shall remain in the then current education setting in place at the time such appeal is noticed to IPS, unless IPS and the student’s parent/guardians agree otherwise.

Gun-Free Schools Act

In accordance with the Gun-Free Schools Act, IPS shall expel, from the student’s regular program for a period of one year, any student who is determined to have brought a firearm, as defined by federal law, to school. The Principal may modify the term of expulsion for a student or assess another comparable penalty that results in the student’s expulsion from the regular school program on a case-by-case basis and in accordance with legal requirements.

For the purposes of this section, “firearm” means:

1. Any weapon – including a starter gun – which will, or is designed to, or which may readily be converted to expel a projectile by the action of an explosive from the frame or receiver of any such weapon;
2. Any firearm muffler or firearm silencer;
3. Any destructive device. “Destructive device” means any explosive, incendiary or poison gas bomb, grenade, rocket having a propellant charge of more than four ounces, missile having an explosive or incendiary charge of more than 1/4 ounce, mine, or device similar to any of the preceding described devices. It also means any type of weapon – other than a shotgun shell or a shotgun that is generally recognized as particularly suitable for sporting purposes – by whatever name known which will, or which may be readily converted to, expel a projectile by the action of an explosive or other propellant, and which has any barrel with a bore of more than 1/2 inch in diameter; and any combination of parts either designed or intended for use in converting any device into a destructive device as described, and from which a destructive device may be readily assembled.

Glossary

The glossary provides legal definitions and locally established definitions and is intended to assist in understanding terms related to the Student Code of Conduct.

Abuse is improper or excessive use.

Switchblade Knife is any knife with a blade that folds, closes, or retracts into the handle or sheath and that opens automatically by pressing a button or by the force of gravity or by the application of centrifugal force. The term does not include a knife that has a spring, detent, or other mechanism designed to create a bias toward closure and that requires exertion applied to the blade by hand, wrist, or arm to overcome the bias toward closure and open the knife.

"Threat of Terrorism" means communication, whether oral, visual, or written, including but not limited to electronic mail, letters, notes, social media posts, text messages, blogs, or posts on any social networking website, of any crime of violence that would reasonably cause any student, teacher, principal, or school employee to be in sustained fear for his safety, cause the evacuation of a building, or cause other serious disruption to the operation of a school.

"Threat of Violence" means communication, whether oral, visual, or written, including but not limited to electronic mail, letters, notes, social media posts, text messages, blogs, or posts on any social networking website, of any intent to kill, maim, or cause great bodily harm to a student, teacher, principal, or school employee on school property or at any school function.

Under the influence means lacking the normal use of mental or physical faculties. Impairment of a person's physical or mental faculties may be evidenced by a pattern of abnormal or erratic behavior, the presence of physical symptoms of drug or alcohol use, or by admission. A student "under the influence" need not be legally intoxicated to trigger disciplinary action.

Use means voluntarily introducing into one's body, by any means, a prohibited substance.

Zip gun is a device or combination of devices, not originally a firearm, but adapted to expel a projectile through a smooth-bore or rifled-bore barrel by using the energy generated by an explosion or burning substance.

INFORMATION FOR PARENTS/GUARDIANS AND IMPORTANT NOTICES

Accommodations for Children of Military Families

Children of military families will be provided flexibility regarding certain school requirements, including:

- Immunization requirements;
- Grade level, course, or educational program placement;
- Eligibility requirements for participating in extracurricular activities; and
- Graduation requirements.

In addition, absences related to a student visiting with his or her parent/guardian, including a stepparent or legal guardian, who has been called to active duty for, is on leave from, or is returning from a deployment of at least four months will be excused by IDEA. IDEA will permit no more than five excused absences per year for this purpose. For the absence to be excused, the absence must occur no earlier than the 60th day before deployment or no later than the 30th day after the parent's return from deployment.

Student or Parent/guardian Complaints and Concerns

IDEA values the opinions of its students and parents, and the public it serves. Parents/guardians and students have the right to express their views through appropriate informal and formal processes. The purpose of this grievance policy is to resolve conflicts in an efficient, expeditious, and just manner.

The Board of Directors encourages parents/guardians to discuss their concerns and complaints through informal meetings with the principal. Concerns and complaints should be expressed as soon as possible to allow early resolution at the lowest possible administrative level.

Neither the Board of Directors nor any IDEA employee shall unlawfully retaliate against a parent or student for voicing a concern or complaint.

The Superintendent or designee shall ensure that IDEA's complaint and grievance procedures are provided to all parents/guardians and students. The complaint procedure will provide for any complaint or grievance to ultimately be considered or heard by the Board of Directors in accordance with Commissioner of Education rules.

For purposes of this policy, "days" shall mean calendar days and announcement of a decision in the student's or parent's presence shall constitute communication of the decision.

Informal Conferences

A parent/guardian or student may request an informal conference with the principal, teacher, or other campus administrator within seven school days of the time the parent/guardian or student knew or should have known of the event(s) giving rise to the complaint. If the person is not satisfied with the results of the

informal conference, he or she may submit a written grievance form to the principal. Grievance forms may be obtained from the principal's office.

Formal Grievance Process

The formal grievance process provides all persons with an opportunity to be heard up to the Board of Directors if they are dissatisfied with an administrative response. Once all administrative procedures are exhausted, a person can bring concerns or complaints to the Board of Directors, as outlined below.

A grievance must specify the harm alleged by the parent/guardian and/or student, and the remedy sought. A parent/guardian or student should not submit separate or serial grievances regarding the same event or action. Multiple grievances may be consolidated at the school's discretion. All time limits shall be strictly complied with; however, if an administrator determines that additional time is needed to complete a thorough investigation of the complaint and/or to issue a response, the administrator shall inform the parent/guardian or student in writing of the need to extend the response time and provide a specific date by which the response will be issued. Costs of any grievance shall be paid by the grievant.

Level One – Principal Review

A parent/guardian or student shall submit a written Level One Grievance Form to the principal or designee within the later of (1) seven days from the time the event(s) causing the complaint were or should have been known, or (2) within five days following an informal conference with the principal. IDEA reserves the right to require the grievant to begin the grievance process at Level Two.

The principal or designee will meet with the complaining parent/guardian or student within seven days of receipt of the complaint. Following the conference, the principal or designee shall have seven days to respond in writing.

Note: A complaint against the Executive Director of IDEA Southern Louisiana shall begin at Level Three.

Level Two – Superintendent Review

If the student or parent/guardian is not satisfied with the Level One decision, or if no decision is provided, the student or parent/guardian may appeal the Level One decision to the Superintendent or designee by filing written notice on a form provided by the school. The request must be filed within seven days of the Level One decision or the response deadline if no decision is made. The appeal must include a signed statement of the complaint, any evidence supporting the complaint, and a copy of the written complaint to the principal and a copy of the Level One Decision, if issued. The appeal shall not include any new issues or complaints unrelated to the original complaint. The Superintendent or designee will hold a conference within seven days of receiving the appeal and issue a written decision within seven days following the conference.

Level Three

If the student or parent/guardian is not satisfied with the Level Two decision, or if no timely decision is provided, the student or parent/guardian may submit to the Superintendent or designee in writing a request for a hearing before the IDEA Public Schools Louisiana Board of Directors. The request must be filed within seven days of the Level Three decision or the response deadline if no decision is made. The student or parent/guardian shall be informed of the date, time, and place of the hearing.

The Board of Directors shall hear the student or parent/guardian complaint, and may set a reasonable time limit for presenting the complaint. Only written documentation and issues previously submitted and presented by the student or parent/guardian and IDEA will be considered. An audiotape recording of the hearing may be made.

The Board of Directors shall communicate its decision, if any, orally or in writing before or during the next regularly scheduled Board meeting. If no decision is made by the end of the next regularly scheduled Board meeting, the Level Two decision shall be upheld. The Board may not delegate its authority to issue a decision, and any decision by the Board of Directors is final and may not be appealed.

If the complaint involves concerns or charges regarding a student or IDEA employee, it shall be heard by the Superintendent in closed meeting unless the employee to whom the complaint pertains requests that it be heard in public.

Additional Complaint Procedures

This parent/guardian and student complaint process does not apply to all complaints:

1. Complaints alleging Prohibited Conduct (discrimination, harassment, retaliation, and similar matters) shall be submitted as described in “Freedom from Discrimination, Harassment, and Retaliation” in this Handbook.
2. Formal complaints alleging sexual harassment shall be submitted as described in “Freedom from Sexual Harassment” in this Handbook.
3. Complaints concerning bullying or retaliation related to bullying shall be submitted as described in “Freedom from Bullying” in this Handbook.
4. For complaints concerning loss of credit on the basis of attendance shall be submitted as described in “Attendance Needed Per Class for Credit” in this handbook.
5. For complaints concerning disciplinary long-term suspensions and/or expulsions shall be submitted as described in “Conferences, Hearings, and Appeals” under “Student Code of Conduct” in this handbook.
6. Complaints concerning the identification, evaluation, or educational placement of a student with a disability within the scope of Section 504 shall be submitted as described in “Student or Parent/guardian Complaints and Concerns” above, except that the deadline for filing an initial Level One grievance shall be 30 calendar days and the procedural safeguards handbook.
7. Complaints concerning the identification, evaluation, educational placement, or discipline of a student with a disability within the scope of the Individuals with Disabilities Education Act shall be submitted in accordance with applicable Board policy and the procedural safeguards provided to parents/guardians of all students referred to special education.
8. Complaints regarding the Free and Reduced-Price Meal Program. In accordance with federal law and U.S. Department of Agriculture policy, the school is prohibited from discriminating on the basis of race, color, religious creed, sex, political beliefs, age, disability, national origin, or limited English proficiency. (Not all bases apply to all programs.) Reprisal is prohibited based on prior civil rights activity. If you wish to file a Civil Rights program complaint of discrimination, complete the USDA Program Discrimination Complaint Form, which is available online at the following website: http://www.ascr.usda.gov/complaint_filing_cust.html, or at any USDA office, or call (866) 632-9992 to request the form. You may also write a letter containing all of the information requested in the form. Send your completed complaint form or letter by mail to U.S. Department of Agriculture, Director, Office of Adjudication, 1400 Independence Avenue, SW, Washington, D.C. 20250-9410, by fax (202) 690-7442 or email at program.intake@usda.gov. Individuals who are deaf, hard of hearing, or have speech disabilities may contact USDA through the Federal Relay Service at (800) 877-8339, or (800) 845-6136 (Spanish). USDA is an equal opportunity provider and employer.

Notice of Rights Under the Protection of Pupil Rights Amendment (PPRA)

The Protection of Pupil Rights Amendment (“PPRA”) requires that students may not be required to participate in certain surveys, analyses, or evaluations – funded in whole or in part by the U.S. Department of Education – that concern:

1. Critical appraisals of individuals with whom the student has close family relationship;
2. Illegal, antisocial, self-incriminating or demeaning behavior;
3. Income, except when the information is required by law and will be used to determine the student’s eligibility to participate in a special program or to receive financial assistance under such a program.
4. Mental or psychological problems of the student or the student’s family;

5. Political affiliations or beliefs of the student or the student's parent/guardian(s);
6. Relationships privileged under law, such as relationships with lawyers, physicians and ministers;
7. Religious practices, affiliations, or beliefs of the student or parents/guardians; or
8. Sexual behavior or attitudes.

Parents/guardians may inspect the survey or other instrument and any corresponding instructional materials used in connection with such a survey, analysis, or evaluation.

The PPRA also gives parents/guardians the right to receive notice of and deny permission for their student's participation in:

1. Any survey concerning the private information listed above, regardless of funding;
2. School activities involving the collection, disclosure, or use of personal information gathered from their student for the purpose of marketing or selling that information;
3. A non-emergency, invasive physical examination, or screening required as a condition of attendance, administered and scheduled by the school in advance and not necessary to protect the immediate health and safety of the student (exceptions are hearing, vision, or scoliosis screenings, or any physical exam of screening permitted or required under state law.)

Notice of Parent and Student Rights (Annual FERPA Confidentiality Notice)

The Family Educational Rights and Privacy Act ("FERPA") affords parents/guardians and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's educational records. These rights are:

1. The right to inspect and review the student's education record within 45 days after the day IDEA receives a request for access. Parents/guardians or eligible students who wish to inspect their child's or their education records should submit to the Principal a written request that identifies the records they wish to inspect. The Principal or designee will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA. Parents/guardians or eligible students who wish to ask IDEA to amend their child's or their education record should write the Principal, clearly identify the part of the record they want changed and specify why it should be changed. If IDEA decides not to amend the record as requested by the parent/guardian or eligible student, IDEA will notify the parent/guardian or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.
3. The right to provide written consent before IDEA discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A "school official" is:
 - A person employed by IDEA as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel);
 - A person serving on the Board of Directors;
 - A volunteer, contractor, or consultant who, while not employed by IDEA, performs an institutional service or function for which IDEA would otherwise use its own employees and who is under the direct control of IDEA with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist;
 - A parent/guardian or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or

- A parent/guardian, student, or other volunteer assisting another school official in performing his or her tasks.

A school official typically has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, IDEA discloses education records without consent to officials of another school or school district in which a student seeks or intends to enroll or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by IDEA to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Student Privacy Policy Office

U.S. Department of Education

400 Maryland Avenue, SW

Washington, DC 2020

Directory Information Notice

FERPA, a federal law, requires that IDEA, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, IDEA may disclose appropriately designated "directory information" without written consent, unless you have advised IDEA to the contrary in accordance with IDEA's procedures.

IDEA has designated three forms of directory information: (1) disclosure for school-related purposes; (2) disclosure to military or college recruiters; and (3) limited disclosure to law enforcement authorities.

Directory Information for School-Related Purposes

IDEA has designated the following categories of information as directory information for the purpose of disclosure for school-related purposes:

- Student name;
- Date and place of birth;
- Major field of study;
- Degrees, honors, and awards received;
- Dates of attendance;
- Grade level;
- Most recent educational institution attended;
- Participation in officially recognized activities and sports;
- Photographs (including video images) and
- Weight and height of members of athletic teams.

School-related purposes are those events/activities that IDEA conducts and/or sponsors to support the school's educational mission. Examples include, but are not limited to:

- Extracurricular programs or events (e.g., playbills or programs for events such as school plays, concerts, athletic events, graduation ceremony, etc.).
- Publications (e.g., printing student names and pictures in newsletters and yearbook, etc.), including sharing directory information with companies who have a contractual relationship with IDEA, such as companies that manufacture class rings or publish yearbooks.
- Honor roll and other student recognition lists.
- Sharing directory information with companies who have a contractual relationship with IDEA and who perform services on IDEA's behalf.
- Marketing materials of IDEA (e.g., using directory information for print media, website or social media accounts operated by IDEA, videos, newspaper articles, etc.).

Directory Information Supplied to Military and College Recruiters (Secondary Students Only)

Two federal laws require IDEA to provide military recruiters or an institution of higher education, upon request, with access to the name, address, and telephone listing of each secondary student served by IDEA, unless parents/guardians have advised IDEA that they do not want their student's information disclosed without their prior written consent.

Directory Information Supplied to Law Enforcement Officials and Authorities

IDEA has designated the following categories of information as directory information for purposes of responding to requests for general student information made by law enforcement officials and authorities:

- Student's name, address, and telephone number.

Guidelines for Release of Directory Information

IDEA shall not release directory information except for the purposes indicated above, namely, disclosure relating to school-related purposes; for the purpose of disclosure to military recruiters and institutions of higher education for secondary students; and for the purposes of disclosure upon request by law enforcement officials and authorities.

A PARENT/GUARDIAN OR ELIGIBLE STUDENT MAY OPT OUT OF THE RELEASE OF DIRECTORY INFORMATION FOR ANY OR ALL OF THESE DESIGNATED PURPOSES BY SUBMITTING A WRITTEN OBJECTION TO THE SCHOOL OFFICE WITHIN 15 DAYS AFTER RECEIVING THIS "NOTICE OF PARENT AND STUDENT RIGHTS (ANNUAL FERPA CONFIDENTIALITY NOTICE)."

Disclosure of PII without Consent

FERPA permits the disclosure of PII from students' education records, without consent of the parent/guardian or eligible student, if the disclosure meets certain conditions found in § 99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the parent/guardian or eligible student, § 99.32 of the FERPA regulations requires IDEA to record the disclosure. Parents/guardians and eligible students have a right to inspect and review the record of disclosures.

IDEA may disclose PII from the education records of a student without obtaining prior written consent of the parents/guardians or the eligible student:

- To other school officials, including teachers, within the educational agency or institution IDEA has determined to have legitimate educational interests. This includes contractors, consultants,

volunteers, or other parties to whom IDEA has outsourced institutional services or functions, provided that the conditions listed in the FERPA regulations are met.

- To officials of another school, school system, or institution of postsecondary education where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer, subject to the requirements of the FERPA regulations.
- To authorized representatives of the U.S. Comptroller General, the U.S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities, such as the Louisiana State Board of Elementary and Secondary Education (BESE). Disclosures under this provision may be made, subject to the requirements of § 99.35, in connection with an audit or evaluation of Federal- or State-supported education programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf, if applicable requirements are met.
- In connection with financial aid for which the student has applied or which the student has received, if the information is necessary for such purposes as to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid.
- To State and local officials or authorities to whom information is specifically allowed to be reported or disclosed by a State statute that concerns the juvenile justice system and the system's ability to effectively serve, prior to adjudication, the student whose records were released, subject to the FERPA regulations.
- To organizations conducting studies for, or on behalf of, the school, in order to: (a) develop, validate, or administer predictive tests; (b) administer student aid programs; or (c) improve instruction, if applicable requirements are met.
- To accrediting organizations to carry out their accrediting functions.
- To parents/guardians of an eligible student if the student is a dependent for IRS tax purposes.
- To comply with a judicial order or lawfully issued subpoena if applicable requirements are met.
- To appropriate officials in connection with a health or safety emergency, subject to the FERPA regulations.
- Information IDEA has designated as "directory information" if applicable requirements under the FERPA regulations are met.
- To an agency caseworker or other representative of a State or local child welfare agency or tribal organization who is authorized to access a student's case plan when such agency or organization is legally responsible, in accordance with State or tribal law, for the care and protection of the student in foster care placement.
- To the Secretary of Agriculture or authorized representatives of the Food and Nutrition Service for purposes of conducting program monitoring, evaluations, and performance measurements of programs authorized under the Richard B. Russell National School Lunch Act or the Child Nutrition Act of 1966, under certain conditions.

STUDENT ACCEPTABLE USE POLICY

The purpose of this document is to set forth the policies governing the use of all IDEA technology resources by students while on or near school property, in school vehicles, and at school-sponsored activities on- or off-campus, as well as the use of all IDEA technology resources via off-campus remote access.

IDEA reserves the right to modify the terms and conditions of this policy at any time.

Introduction

IDEA is pleased to offer students access to school computers, communications systems,¹ the Internet and a wide array of other technology resources to promote educational excellence and enhance the classroom experience. Technology can expand a student's access to educational materials, prepare students by providing workforce skills and college readiness, and lead to personal growth. IDEA recognizes, however, that access to technology must be given with clear guidelines, expectations, and supervision to protect students. This policy is designed to make parents/guardians, teachers, and administrators partners to teach students how to be responsible users of technology.

IDEA will educate all students about appropriate online behavior, including interacting with others when using electronic mail, while on social networking websites and/or chat rooms, and cyberbullying awareness and response.

IDEA will hold ALL students responsible for their use of technology, whether IDEA-provided or personal, and they are expected to act in an appropriate manner in accordance with campus procedures, IDEA policy and procedures, and legal requirements. This applies to the use of all IDEA technology resources by students while on or near school property, in school vehicles, and at school-sponsored activities on or off-campus, as well as the use of all IDEA technology resources via off-campus remote access.

This policy shall be used in conjunction with the Student Code of Conduct.

Using the Internet and Communications Systems

IDEA provides technology resources to students for the express purposes of conducting research, completing assignments, and communicating to the faculty, staff, and others to complement their educational experience. Just as students must demonstrate proper behavior in a classroom or school hallway, they must also behave appropriately when using any IDEA computer networks, personal electronic devices, personal device data plans, software or websites sanctioned or used by IDEA, and any personal technology used in an educational setting. Access to IDEA's technology is a privilege, not a right. Students must comply with all IDEA standards set forth in this policy at all times in order to maintain the privilege of using its technology resources.

Students and their parents/guardians are advised that any information stored on and/or sent through IDEA's technology resources is the property of IDEA. Accordingly, in connection with ensuring student safety, IDEA network administrators and/or other appropriate personnel will engage in periodic reviews and searches of stored files and communications stored on IDEA technology resources to maintain system integrity and ensure that students are complying with this policy and using technology in a responsible and appropriate manner. Such reviews will include students' use of IDEA-approved educational websites or software to ensure that they are using it in an appropriate manner consistent with IDEA's expectations for such use. Students do not have a reasonable expectation of privacy over any information stored on IDEA technology.

IDEA may allow students to bring personal technology devices (i.e., tablets, e-readers, smartphones) for use during the school day for authorized curricular purposes. Students that use personal technology devices will be required to comply with all aspects of the Student Acceptable Use Policy and/or Student Code of Conduct in the use of such devices at school. A student's personal technology device may be subject to search by

¹ "Communication Systems" include educational-related communications between and among IDEA and students by email, web sites, cell phones, pagers, text messaging, instant messaging, blogging, podcasting, listservs, and/or other emerging technologies.

campus administrators in connection with determining if a student has committed a violation of this policy and/or the Student Code of Conduct.

IDEA remains committed to integrating technology to enhance its curriculum for students, which it believes increases students' educational experience for them and allows for better preparation for job skills and college success. Access to the Internet enables students to use extensive online libraries, databases, and websites selected by IDEA for use in instruction.

Although IDEA strives to ensure that any Internet access avoids any inappropriate material, students and their families should be aware that some material accessible on the Internet may contain information that is inaccurate, profane, sexually oriented, defamatory and potentially offensive to some. IDEA does not condone any student accessing, or attempting to access, such material, and it remains deeply committed to safe Internet use. IDEA takes steps to minimize students' opportunities to do so, including the implementation of technology prevention measures, such as extensive content-filtering software, to restrict access to inappropriate content such as those that are illegal, obscene, or harmful to minors. This software is not fail-safe, however, and while at school IDEA strives to ensure that students' Internet use is supervised, it is possible that the software may miss some content, or students may find a way around the software to access inappropriate material. For this reason, this policy is strictly enforced, and students who misuse any IDEA technology outside its intended purpose, including the use of IDEA-recommended websites for purposes outside the educational intent, will be in violation of this policy, which may lead to disciplinary consequences for the student.

With this in mind, IDEA still believes that the benefits of allowing student access to the Internet to enhance the educational experience outweighs any potential harm to students.

Proper and Acceptable Use of All Technology Resources

IDEA requires students to use all technology resources, including any websites or software used in the classroom, in a manner consistent with the following rules. IDEA will hold students responsible for any intentional misuse of its technology resources, or any other failure to comply with the rules in this policy. When using IDEA technology systems outside the school, parents/guardians should strive to ensure that students do so in compliance with the rules set forth in this policy, as IDEA is unable to supervise students' technology use at home. IDEA's content-filtering software will not work in a student's home, so parents/guardians are encouraged to place content-filtering software on their home computers or take any other steps necessary to monitor students' Internet usage at home.

Students who unintentionally access inappropriate material in connection with their use of any IDEA technology, including websites and software used in the classroom, shall immediately stop accessing the material and report it to a supervising adult. IDEA shall take immediate steps to ensure such material is blocked from further view at school by its content-filtering software.

All IDEA technology resources, including but not limited to IDEA computers, communications systems and the Internet, including any websites or software used in the classroom, must be used in support of education and academic research and in accordance with the rules set forth in this policy.

Activities that are permitted and encouraged include the following:

- School work and assignments;
- Original creation and presentation of academic work;
- Research on topics being discussed in classes at school;

- Research for opportunities outside of school related to community service, employment, or further education;
- Reporting inappropriate content or harassing conduct to an adult.

Activities that are barred and subject to potential disciplinary action and loss of privileges, whether on an IDEA-provided or personal electronic device, include the following:

- Using IDEA or personal technology during the administration of state standardized testing, End of Course, and or final examinations unless expressly allowed to do so by a teacher;
- Using technology for plagiarism or otherwise representing the work of others as the student's own;
- Presenting any copyrighted, registered, or trademarked work as that of the student;
- Using obscene or profane language on any IDEA technology resource, to include posting such language on any website or software used by IDEA;
- Engaging in abusive, harassing, insulting, ostracizing, intimidating, or any other online conduct which could be considered bullying and/or damaging to another's reputation while using any IDEA technology resource, to include the use of any website or software used by IDEA;
- Using any IDEA technology resource to take, disseminate, transfer, or share obscene, sexually oriented, lewd, or otherwise illegal images or other content;
- Searching, viewing, communicating, publishing, downloading, storing, or retrieving any inappropriate or offensive material, including but not limited to obscene, profane, vulgar, or pornographic materials, or any material that is not related to the permitted activities set forth above;
- Using a website or software program implemented by IDEA in a manner outside the scope of the use specified by the classroom teacher, coach, or administrator;
- Engaging in any conduct that damages or modifies, or is intended to damage or modify, any IDEA equipment, network, stored computer file, or software, to include any conduct that results in a person's time to take any corrective action;
- Intentional or neglectful transmission or direct placement of computer viruses or other unauthorized programs onto IDEA equipment, networks, stored computer files, or software;
- Attempting unauthorized access, or "hacking," of IDEA computers or networks, or any attempts to bypass Internet content-filtering software used by IDEA;
- Using USB, bootable CDs, or other devices to alter the function of any IDEA technology equipment, network or software;
- Sharing online any personal information of another student or staff member, including name, home address, or phone number;
- Using any IDEA technology for games, role-playing multi-user environments, gambling, junk mail, chain mail, jokes, or fundraising activities without prior approval by a classroom teacher or administrator;
- Participating in online chat rooms or using instant and/or text messaging without prior approval by a classroom teacher, coach, or administrator;
- Using any IDEA technology resources for any commercial and/or for-profit purpose, to include personal financial gain or fraud;
- Refusing to submit to a search of a personal electronic device in accordance with the Student Acceptable Use policy and Student Code of Conduct;
- Using any IDEA technology resource to engage in any activity that violates any IDEA Board Policy, the Student Code of Conduct, campus rule, local, state, and/or federal law.

Students shall immediately report any violations of this policy to a classroom teacher or administrator. If any student or parent/guardian has any question about whether any activity may be a violation of this policy, they should ask a classroom teacher or the Principal.

Inappropriate Use of Technology Resources

Activities that are barred and subject to potential disciplinary action and loss of privileges, whether on an IDEA-provided or personal electronic device, include the following:

- Attempting unauthorized access, or “hacking,” of IDEA computers or networks, or any attempts to bypass Internet content-filtering software used by IDEA.
- Causing congestion on the network or interfering with the work of others, e.g., chain letters, jokes, or pictures to lists or individuals.
- Effecting security breaches or disruptions of network communication. Security breaches include, but are not limited to, accessing data of which the student is not an intended recipient or logging into a server or account that the student is not expressly authorized to access. For purposes of the section, “disruption” includes, but is not limited to, network sniffing, pinged floods, packet spoofing, denial of service, forged routing information for malicious purpose, and any other form of network monitoring designed to intercept data not intended for the student’s host.
- Engaging in abusive, harassing, insulting, ostracizing, intimidating, or any other online conduct which could be considered bullying and/or damaging to another’s reputation while using any IDEA technology resource, to include the use of any website or software used by IDEA.
- Engaging in any conduct potentially constituting “cyberbullying,” which means bullying done through the use of any electronic communication device, including the use of a cellular or other type of telephone, a computer, a camera, electronic mail, instant messaging, text messaging, a social media application, an Internet website, or any other Internet-based communication tool. Examples of cyberbullying include, but are not limited to:
 - Creating a social networking site or web page that masquerades as another person’s personal site and using it to embarrass the other person.
 - Making it appear that a person is posting malicious comments about friend to isolate the person from his or her friends.
 - Posting a person’s personally identifiable information on a site to put the person at greater risk of contact by predators or strangers.
 - Posting abusive comments on someone’s social networking site.
 - Recording and distributing media with the intent to manipulate or embarrass others.
 - Sending abusive comments while playing interactive games.
 - Sending abusive text messages to cell phones, computers, or Internet-connected game consoles.
 - Sending, posting, or sharing negative, harmful, false, or mean content about someone else.
 - Sending, posting, or sharing statements encouraging another person to commit self-harm.
- Engaging in any conduct that damages or modifies, or is intended to damage or modify, any IDEA equipment, network, stored computer file, or software, to include any conduct that results in a person’s time to take any corrective action.
- Engaging in sexual harassment or using language of a sexual or otherwise objectionable nature (e.g., racist, terroristic, abusive, threatening, demeaning, slanderous) in public or private messages.
- Exporting software, technical information, encryption software or technology in violation of international or regional export control logs.
- Intentional or neglectful transmission or direct placement of computer viruses or other unauthorized programs onto IDEA equipment, networks, stored computer files, or software.
- Interfering with or denying service to any other user and/or the host service (for example, denial of service attack).
- Participating in online chat rooms or using instant and/or text messaging without prior approval by a classroom teacher, coach, or administrator.
- Port scanning or security scanning.
- Presenting any copyrighted, registered, or trademarked work as that of the student.
- Refusing to submit to a search of a personal electronic device in accordance with the Student Acceptable Use policy and Student Code of Conduct.
- Revealing an account password to others or allowing use of an account(s) by others. This includes family and other household members when work is being done at home.
- Searching, viewing, communicating, publishing, downloading, storing, or retrieving any inappropriate or offensive material, including but not limited to obscene, profane, vulgar, or pornographic materials, or any material that is not related to the permitted activities set forth above.
- Sharing online any personal information of another student or staff member, including name, home

- address, or phone number.
- Taking, disseminating, transferring, or sharing obscene, sexually oriented, lewd, or otherwise illegal images or other content, commonly referred to as “sexting.”
 - Tampering with, removing components from, or otherwise deliberately interfering with the operation of IDEA’s computers, networks, printers, user files, or other associate peripherals.
 - Unauthorized copying of copyrighted material including, but not limited to, digitization and distribution of photographs from magazines, books, or other copyrighted sources, copyrighted music, and the installation of any copyrighted software for which IDEA or the end user does not have an active license.
 - Using a website or software program implemented by IDEA in a manner outside the scope of the use specified by the classroom teacher, coach, or administrator.
 - Using any IDEA technology for games, role-playing multi-user environments, gambling, junk mail, chain mail, jokes, or fundraising activities without prior approval by a classroom teacher or administrator.
 - Using any IDEA technology resource to engage in any activity that violates any IDEA Board Policy, the Student Code of Conduct, campus rule, local, state, and/or federal law.
 - Using any IDEA technology resource to take, disseminate, transfer, or share obscene, sexually oriented, lewd, or otherwise illegal images or other content.
 - Using any IDEA technology resources for any commercial and/or for-profit purpose, to include personal financial gain or fraud.
 - Using IDEA or personal technology during the administration of state standardized testing, End of Course, and or final examinations unless expressly allowed to do so by a teacher.
 - Using obscene or profane language on any IDEA technology resource, to include posting such language on any website or software used by IDEA.
 - Using technology for plagiarism or otherwise representing the work of others as the student’s own.
 - Using USB, bootable CDs, or other devices to alter the function of any IDEA technology equipment, network or software.
 - Vandalizing, tampering, or accessing without permission the equipment, programs, files, software, system performance, or other technology belonging to Life School or someone other than the student.
 - Violating the rights of any person or company protected by copyright, trade secret, patent or other intellectual property or similar laws or regulations, including, but not limited to, any downloading, installation, or distribution of “pirated” or other software products.

Students shall immediately report any violations of this policy to a classroom teacher or administrator. If any student or parent/guardian has any question about whether any activity may be a violation of this policy, they should ask a classroom teacher or the Principal.

Personal Electronic Devices

Personal wireless and mobile devices may be provided filtered access to the Internet as well as access to any web-based student applications (e.g., Discovery Education Streaming, Moodle) that would normally be accessible to students from home. IDEA is not responsible for the loss or theft of any personal electronic devices, or for damage, or unauthorized access to the device nor the data that resides therein. Students and parent/guardians assume any and all risks associated with bringing a personal electronic device to a campus or school-related event. In addition:

- All students with personal electronic devices being used for instructional or other school business must use IDEA’s wireless network, which is filtered according to federal guidelines for Internet access in public schools.

- If a student uses a personal electronic device in an inappropriate manner, he or she will lose their privilege of bringing a personal device to school. Additional consequences may be imposed based on the Policy and the Student Code of Conduct, as well as any campus-based consequences for violating the usage rules for personal electronic devices.
- Personal electronic communications such as e-mail, instant messaging, chat, blogs, etc., are prohibited at school unless the teacher and/or administrator has approved the use of an application for educational purposes.
- Personal electronic devices are never to be plugged into the wired network (i.e., computers, wall jacks, other school equipment, etc.).
- School officials may power on and search a student's device if there is a reasonable cause to believe that the device has been used in the transmission or reception of communications prohibited by law, policy, or regulation and if a student and parent have signed a form authorizing the student to possess the device at school.
- Sound on personal wireless and mobile devices must be turned off when it is being used as part of a class.
- Student selection of appropriate, tasteful screensavers and wallpaper is expected.
- Teachers will establish standards for personal electronic devices used in their respective classrooms; however, it is IDEA's policy that students are not allowed to access the Internet unless supervised by a teacher or staff member.
- The student must take full responsibility for configuring and maintaining their personal electronic devices. IDEA will not provide technical support for these devices.
- When personal electronic devices are not in the student's possession, the student must secure them. IDEA will not store, nor will it accept responsibility for storing, any student's personal electronic device on school grounds. Personal electronic devices must go home with students daily.

Privacy and Security

Students are expected to use IDEA technology resources responsibly and in a safe and secure manner, regardless of whether such technology is accessed using an IDEA-issued or personal electronic device. Students shall not share their individual logins, passwords, or access to IDEA technology with others without the prior approval of a classroom teacher or administrator. Students shall sign off or log off all IDEA equipment, software, or Internet sites once they are done with their session in order to protect the integrity of their logins, passwords, or access.

Limitations of Liability

IDEA makes no warranties of any kind, whether express or implied, for the technology resources it provides to students through IDEA-provided and/or a student's personal electronic device. IDEA is not responsible for any damages that a student may sustain, including those arising from non-delivery of information, erroneous delivery of information, service interruptions, unauthorized use by a student, loss of data, and any potential exposure to inappropriate material from the Internet. Use of any information obtained through the Internet is at the student's own risk, as IDEA makes no representations, and denies responsibility for, the accuracy or quality of the information. In exchange for being allowed to use IDEA technology resources, students and their parents/guardians hereby release IDEA, its directors, employees, and representatives from any and all claims for damages that arise from the intentional or neglectful misuse of IDEA's technology resources by the student.

Consequences for Violations of the Policy

Violation of IDEA's policies and procedures concerning acceptable use of technology resources will result in the same disciplinary actions that would result from similar violations in other areas of school policy,

including the Student Code of Conduct. Any or all of the following consequences may be enforced if a student violates the terms of this policy:

- Any disciplinary consequence, including suspension or expulsion, as allowed under the Student Code of Conduct and deemed appropriate by IDEA.
- Denial, revocation, or suspension of a user's access to IDEA's technology resources, with or without cause or notice.
- Referral to law enforcement authorities.
- Termination of a system user account.

Violations of law may also result in referral to law enforcement authorities, as well as disciplinary action by IDEA. IDEA will cooperate fully with local, state, or federal officials in any investigation concerning or relating to misuse of the school's computer systems and networks.

Directory Information Opt Out Form

“Directory Information” means information contained in an educational record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. The law permits IDEA Public Schools to designate certain personal information as “directory information,” which may be released to anyone who follows the procedures for requesting it as proscribed in school policy.

To prohibit IDEA Public Schools from releasing your student’s directory information, you must circle NO adjacent to the appropriate statement(s) below, sign the form, and return it to your student’s school. **Completion of this form is optional. However, if you do not circle NO or return this form, directory information about your student may be released** in accordance with School policy.

If you have more than one student enrolled, you must complete a separate for each student.

PLEASE CIRCLE YES OR NO

For all students:

YES	NO	I give permission for my student’s directory information to be used for school-related purposes.
YES	NO	I give permission for my student to be videoed, photographed, or interviewed at school by local media or IDEA Public Schools personnel for use in educational purposes.
YES	NO	I give permission for my student’s artwork, projects, photographs, etc. to be used or displayed in any IDEA Public Schools communication devices. Examples include media coverage, printed materials, marketing, and websites.

For secondary students only:

YES	NO	I give permission to release my student’s directory information to institutions of higher education.
YES	NO	I give permission to release my student’s directory information to military recruiters.

Electronic Communication Device Commitment Form

Electronic communications at school and at school-related functions are subject to regulation by IDEA Public Schools.

This Electronic Communication Device Commitment Form grants authority and permission to IDEA Public Schools to regulate electronic communication devices when these devices are brought to and/or used while on school property or when attending school related functions and events. Such communication devices include but are not limited to cellular phones, pagers, PDAs, and pocket computers. These regulations are made necessary in light of the unique opportunities these devices create for violations of law, school policies and to perpetrate conduct disruptive of an educational environment essential to the school's educational program. These concerns are exacerbated by electronic security protections and the personal size of these devices, which are often carried concealed in pockets and purses.

Therefore, all students who would possess or use such devices on school property or at school-related activities are required to sign this form together with their parent, guardian or other adult person having the authority of a parent for school purposes.

Each of you, by your signature below, agrees to the following:

- The possession and use of cellular phones, pagers, PDAs and other electronic communication devices by a student on school property or at school-related events is prohibited unless otherwise approved by principal.
- If a student possesses such devices on school property or while attending school-related events, IDEA Public Schools is authorized and has my full consent to confiscate, power on or off, manipulate and do all things necessary to search my device and recover or intercept communications (including but not limited to text messaging) when reasonable suspicion exists that such device has been used to transmit or receive communications in violation of law, the Student Code of Conduct, school policy or regulation.
- I further understand, agree and consent that an electronic communication device used or possessed in violation of law, the Student Code of Conduct, school policy or regulation is subject to confiscation and that IDEA Public Schools is not liable for any loss of or damage to confiscated devices.

Food Allergy Notification Form

Dear Parents/guardians,

IDEA Public Schools is required by law to request, at the time of enrollment, that the parent or guardian of each student attending an IDEA Public Schools campus discloses the student's food allergies. This form will satisfy this requirement.

This form allows you to disclose whether your child has a food allergy or severe food allergy that you believe should be disclosed in order for IDEA Public Schools to take necessary precautions for your child's safety.

"Severe food allergy" means a dangerous or life-threatening reaction of the human body to a food-borne allergen introduced by inhalation, ingestion, or skin contact that requires immediate medical attention.

Please list any foods to which your child is allergic or severely allergic, as well as the nature of your child's allergic reaction to the food. IDEA Public Schools will contact you for a note from your physician if your child has food allergies. **Your child must have an EpiPen prescribed to help in the event of an emergency.**

Food:	Nature of allergic reaction to the food:

IDEA Public Schools will maintain the confidentiality of this form and the information provided above, and may disclose the information to teachers, school counselors, school nurses, and other appropriate school personnel only within the limitations of the Family Educational Rights and Privacy Act ("FERPA") and Board policy. **IDEA Public Schools will maintain this form as part of your child's student record.**

Photo/Videotape Release Form

Throughout the school year, there may be times when IDEA Public Schools staff, the media, or other organizations (with the approval of the Principal), may take photographs of students, audiotape and/or videotape students, or interview students for school-related stories in a way that would individually identify a specific student. Those photographs, audio recordings, and/or videotaped images or interviews may appear in school publications; in school video productions; on the school website; in school advertisements, fundraising, and/or recruitment materials; in the news media; or in other nonprofit, education-related organizations' publications.

In order to release student photos, video footage, comments and/or post on the school website, we need written permission. To give your consent, please complete the form below.

_____ I hereby give permission for IDEA Public Schools to use my child's voice and/or likeness in its publications for the purposes mentioned above. I authorize the use and reproduction by IDEA Public Schools of any and all photographs and/or audio or video recordings taken of my child, without compensation to my child or to me. All photographs and recordings shall be the sole property of IDEA Public Schools. I waive any right to inspect or approve the finished photographs, audio or video recordings, and/or reproduced materials that may be used in conjunction with them. I understand and agree that IDEA Public Schools may use my child's voice and/or likeness in subsequent school years unless I revoke this authorization by notifying the Principal in writing. I further grant unto IDEA Public Schools permission to permit my child to be photographed, audio/videotaped, or interviewed by the news media or other approved organizations for school-related stories or articles. I release IDEA Public Schools and those acting pursuant to its authority from liability for any violation of any personal or proprietary right I may have in connection with the purposes mentioned above.

_____ IDEA Public Schools may not use my child's voice and/or likeness in its publications for the purposes mentioned above. I further decline permission for IDEA Public Schools to permit my child to be photographed, audio/videotaped, or interviewed by the news media or other approved organizations for school-related stories or articles.

APPENDIX

IDEA Student Dress Code

We dress for success at IDEA! Uniforms help our students to focus on academics, prevent disruption, avoid safety hazards, provide a socially safe, secure, and stable school climate. The appearance of ALL students reflects the high standards and culture of our school. All information you need regarding uniforms and other important back to school information can be found on the IDEA website.

Monday, Tuesday, Wednesday, and Thursday Uniform

- Khaki, black or navy bottoms (skirts, skorts, capris, shorts, or pants). Joggers or pants with elastic at the cuffs are not permitted. Skirts and shorts must be knee length. Shorts and pants may not be rolled up.
- IDEA logo polo shirt in designated grade-level color and purchased at a store on the uniform guide. Uniform shirts must be tucked in and sleeves may not be rolled up.
- The only sweaters, jackets, and sweatshirts that may be worn inside the classroom must be the official sweaters, jackets, and sweatshirts sold by one of the vendors listed in the uniform guide. All other sweaters, jackets, and sweatshirts may only be worn outside of the school building during cold weather and stored in their backpacks in class.
- During cool/cold weather, students may wear a long-sleeved black or white shirt under their IDEA logo polo shirt. Undershirts and polo shirts must be tucked in. Any undershirts worn must be black or white.
- Black belts must always be worn. Belts are not required for PK and Kinder.
- Footwear: black athletic shoes, must be closed-toe.

Friday Uniform

- Blue jean denim bottom (skirts, skorts, capris, shorts, or pants) with a spirit shirt (IDEA) or college shirt (the name of the college or university must be explicit) may be worn. Blue jean denim bottoms in colors other than blue and/or with holes or tears are not allowed.
- Students may wear their IDEA polo with blue jean denim bottoms. Students may also wear a spirit shirt with their khakis, black or navy bottoms.
- If a student chooses not to wear a spirit or college shirt, they must wear their IDEA logo polo shirt.
- College sweatshirts are allowed, but hoods may not be worn on the head.
- Black belts must always be worn. Belts are not required for PK and Kinder.
- Footwear: Black athletic shoes, must be closed-toe.

Head Coverings

- Head coverings that honor religions and/or culture and hats or head coverings necessitated by a medical issue are permitted.
- All types of hand gloves and headgear (beanies, earmuffs, etc.) may be worn outside of school building during cold weather and stored in their backpacks in class.
