- B. Information showing how students served by the school achieved on the required State academic assessments compared to students in the state as a whole; and
- C. Any other information that the School determines is appropriate and will best provide parents, students, and other members of the public with information regarding the progress of the School, whether or not such information is included in the State report card.

The annual report will be concise, presented in an understandable and uniform format, and, when practicable, in a language that parents can understand. The annual report shall be accessible to the public and posted on the School's website, if any.
