

Food Services

All students will remain at school for lunch and will not be allowed to leave the School or any recreation areas or common areas without permission, or, if the School authorizes leaving the School for lunch, all students shall follow the School's procedures and rules. Supervision of student activity in the lunchroom, recreation or common areas shall be the responsibility of the teacher or staff member in charge who may delegate this authority to others.

Any food service program provided or contracted for by the Board shall comply with Federal and State regulations pertaining to the counting, menus, selection, preparation, consumption, and disposal of food and beverages as well as to the fiscal management of the program. The contracted food service program shall be responsible for the planning as well as for the dietary and nutritional requirements of the meals served.

No person shall be excluded from participation in, be denied the benefits of, or otherwise be subject to physical segregation or other discrimination under any program or activity for which the School receives federal financial assistance for food and nutrition services on the bases of race, color, national origin, age, disability, sex, gender identity, or income. No student shall be denied access to meals or milk as a disciplinary action, either directly or indirectly.

Students eligible for free or reduced-price meals shall not be identified by the School through the use of separate cafeteria entrances, separate meal service lines, or use of any other method likely to result in the identification of such students. The names of students eligible to receive free or reduced-price meals or free milk shall not be published, posted, or announced under any circumstances. Meals served to students eligible to receive free or reduced-price meals shall be the same meals as those served to students paying full price. Under no circumstance shall an eligible student be required to work for his or her meal.

Governmental regulations do not permit serving meals at the student price to staff or other adults.

If the School is a food service operator, then it is required to post a sign at all hand washing sinks used by food employees notifying them to wash their hands.

The Principal or his/her designee shall submit a public release each school year informing the general public that the School participates in federal food service programs and providing information about free and reduced price meals. The School is not obligated to pay to publish the release, but the Principal or his/her designee must submit the release for publication to the media and to organizations in the School's geographic area that reach minority or under-represented groups, such as libraries, food pantries, and community action program agencies. The School must document the dates and locations of all media release submissions, including unsuccessful publication attempts.

Any school publication, including the School's website, that refers to any federal food service program or to the United States Department of Agriculture (USDA) must include the following statement:

"In accordance with Federal civil rights law and the U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, sex, disability, age,

or reprisal or retaliation for prior civil rights activity in any program or activity conducted or funded by USDA.

Individuals who are deaf, hard of hearing, or have speech disabilities may contact USDA through the Federal Relay Service at (800) 877-8339.
