

Independent Contractor

For purposes of this policy, independent contractors are individuals who provide services to the School who are not treated as employees of the School for purposes of withholding federal employment and income taxes.

The School may contract with an independent contractor for a service if none of the School's employees are qualified to provide the service, or, if having Employees perform the service would interfere with the daily operations of the School, or, if the Board of Directors of the School or its authorized designee deems it in the best interest of the School.

The School shall maintain a list of the independent contractors with whom it has contracted.

To the extent required by law, the School shall issue a 1099 Form to each independent contractor reporting the amount paid to the contractor and file the form with the appropriate governmental agency(ies).

In contracting for services with any independent contractor, the School shall enter into a written contract on or before the date the independent contractor begins to provide services under the contract if the amount payable under the contract is \$600.00 or more. The contract shall specifically describe the services that the independent contractor will provide under the contract.

The School shall obtain a W-9 form from the independent contractor at the time the contract is executed.

Subject to the terms of the contract, the School shall require that the independent contractor substantiate that the services have been performed before the School shall remit payment for the services.

No independent contractor shall be paid as an employee on a W-2 form. If any state retirement system decides that School must pay into its system on behalf of a contractor, such funds will be deducted from the gross pay to the contractor.

All employees of independent contractors providing "essential school services" to the School must fulfill one of the following conditions:

1. The independent contractor has provided proof that it has requested a criminal records check, including an FBI check, within the five-year period prior to the date on which the person will begin working in the School and the records check indicated that the person had not been convicted of or pleaded guilty to an offense that would disqualify the person for employment with the School;

OR

2. During periods of time when the employee of the independent contractor will have routine interaction with a child or regular responsibility for the care, custody or control of a child, an employee of the School has been assigned to be present in the same room as

IDEA Greater Cincinnati, Inc.

the child or, if outdoors, to be within a 30-yard radius of the child or to have visual contact with the child.

The Principal or his/her designee is responsible for ensuring that employees of independent contractors have successfully completed a criminal records check or will be supervised when they have access to children.

The Principal has specified that “essential school services” are necessary services that would need to be provided by Employees if the services were not provided by an independent contractor (such as food, janitorial or clerical services).
