

## **Other Employees**

Prior to employment, applicants for positions that do not require a license issued by the State Board of Education or that involve the operation of vehicles of public transportation must submit an application for the completion of a Bureau of Criminal Identification and Investigation and FBI criminal background check as required by Ohio law.

Every non-licensed Management Company employee must undergo a criminal background check at the time of application and then by the fifth of September every five years thereafter, unless the employee is a bus driver, in which case every six years thereafter. After the initial background checks, the employee will need to provide only an updated FBI criminal background check if the school previously requested a BCI criminal background check, and if he/she presents proof of having been an Ohio resident for the five-year period preceding September 5 of the applicable year. Certain convictions as outlined in Ohio Law will prohibit an individual from being employed in a public school. A listing of the disqualifying offenses may be obtained from the School's office.

In certain circumstances, an individual who would otherwise be disqualified may be hired or retained as an employee if that individual's offense has been rehabilitated. Rehabilitation is limited to certain offenses; a complete list of offenses that cannot be rehabilitated may be obtained from the Management Company's Human Resources. To be rehabilitated, (1) the offense cannot involve a victim who was a minor or a victim who was or is a student; (2) the individual has provided written confirmation of rehabilitation efforts and the results of those efforts; and (3) as viewed by a reasonable person, the employment of the individual will not jeopardize the health, safety, or welfare of people served by the school. The School has discretion to decide whether the offense has been rehabilitated.

To qualify as rehabilitated, bus drivers must also establish that (1) at least five years have passed since the individual was fully discharged from imprisonment, probation, or parole or since the individual entered a guilty plea, and (2) the individual has not pled guilty, been found guilty by a court, or been convicted of a rehabilitative offense two or more times in separate criminal actions. Employer has discretion to decide whether the offense has been rehabilitated.

Employees must possess both physical and mental health to be able to fulfill the duties of employment or the continuation of employment.

Employees may be required to possess such other experience, training or special skills as may be required by the Board or Employer for the position.
