

Property, Equipment and Supplies

It is necessary for everyone to utilize property, supplies, and equipment in the course of doing their jobs. Staff should take care of these items and should know how to use them properly. Damaged equipment should be reported to the Principal or his/her designee immediately so that it can be repaired.

The Board requires Staff and Students to be economical, in part, by turning off unnecessary lighting, turning off appliances and other equipment not in use, closing doors and windows that allow cool or warm air to escape, not running water needlessly, and reporting to Principal or his/her designee, any unnecessary use of water, gas, or electrical power. A small amount of waste by each employee or student equals a large amount of waste overall. The ability to save time and materials can contribute to the overall success of the School.
