

Immunization Community Resources Guide – Houston

At IDEA Public Schools, our top priority is ensuring the health and safety of our scholars and staff.

Influenza (flu) is a virus that easily spreads from person to person with the peak of flu spreading between October through May. To prevent influenza, CDC recommends that everyone from 6 months and older should receive the flu vaccine every season. Below is a list of clinic locations and pharmacies throughout the Austin region where the influenza (flu) vaccine can be administered.
