How to Apply for Admissions at IDEA for the 2023-2024 School Year

Lottery Priorities

Siblings of currently enrolled and newly accepted students will receive priority in the lottery and/or in their waitlist position.

Admissions

On the day of Lottery, families with an offer from an IDEA campus will receive a notification of their status via the preferred method of communication indicated on their application (email and/or text). All families will also be able to see their offer status by logging into STREAM after the lottery has finished running in their region. An initial round of offers will be sent on Lottery day, but offers will continue being sent if seats become available. Families will also receive a follow up call from their campus within a few days of receiving an offer.

If a student is not admitted immediately during the Lottery, they are automatically placed on the waitlist. Enrollment is offered to the next student on the waitlist as soon as we have notice of a decline or withdrawal.

Applications submitted after the Lottery are granted seats or added to the wait list in order of the date and time of their application.
