IDEA'S DRESS CODE AND UNIFORM POLICY

Professional, school uniforms help students focus on what matters most at school - learning!

IDEA Public Schools continuously strives to create a positive school culture so that our students can focus on learning. This means paying attention to every detail, big and small, to ensure that our students succeed academically.

We believe that school uniforms have a beneficial impact on students' self-esteem, attendance, and discipline. Uniforms eliminate unnecessary distractions, build a positive school environment, create a sense of pride and belonging, and ensure students' focus remains on academic success. Uniforms are an important part of the IDEA culture.

UNIFORM FAQ

Q: Why are we enforcing uniform standards consistently across IDEA Public Schools?

A: IDEA Public Schools believes that uniforms play an important role in maintaining a culture of focused learning and positive behavior, and in many respects, the image of IDEA Public Schools. Uniforms promote a sense of school identity and cohesion, helping to raise the standards of school academics and prepare students for success beyond IDEA.

Q: Why do we have the same uniform standards Pre-K – 12?

A: The only variation in uniforms by grade level is the color of the polo shirt. It is important to share uniform standards across the organization. In most instances, Academy and College Prep schools are located on one campus. Younger students learn and emulate older students. In turn, older students serve as role models. Unifying standards allows for consistency in and across all of our schools.

Q: Why do we have approved vendors?

A: We have approved vendors for two reasons: IDEA Public Schools has approved vendors in order to ensure the most competitive pricing and consistency for all IDEA parents and students. Our vendors are dedicated to superior customer service and serving IDEA families.

Q: What if people are not able to afford the uniform requirements?

A: We understand that uniforms can cause financial distress, but do not want that to be a barrier to children attending IDEA. We work with our authorized network of vendors to provide a cost-effective, high-quality garment that will last through the school year. If uniforms represent a hardship for families, our campuses will work with them throughout the school year to ensure students are in uniform.
