What is it:	IDEA Public Schools will reach out to all parents and family members and implement programs, activities, and procedures for the involvement of parents and family members in programs. IDEA Public Schools believes that each and every child can go to college. Since 2000, IDEA Public Schools has grown from a small school with 150 students to a national network of tuition-free, K-12 public charter schools in the United States. Our Mission at IDEA Public Schools is to prepare students from underserved communities for success in college and citizenship. Our Vision is to ensure Texas reaches its fullest potential, IDEA Public Schools will become the state's largest creator of college graduates.
